About This Review

We went through the live website, dosje.gov.in, page by page and looked at how it looks and how it works. This report lists what we found and what we suggest. Every point comes with a screenshot from the live site, with the problem marked in red.

How We Checked

Screenshots were taken on 18 September 2026 at desktop width (1440px). For Organisation Details we used the NCSC page.

HIGH	MEDIUM	LOW
Breaks an accessibility rule or stops people doing the main task. Fix before the next release.	Looks or works differently from the rest of the site, or makes a task slower. Fix in this cycle.	Small polish. Fix along with nearby work.

What We Found.

Some text is hard to read.	The SAMAVESH banner uses white text on orange, which fails the contrast rule. The top bar has no buttons to make text bigger.
The same content looks different everywhere.	Schemes, tenders, vacancies, documents and events each have their own card design, so the site feels pieced together.
Pages carry more than people need.	Long paragraphs, tall banners, “NA” values and filters that don't apply push useful content down the page.
Lists are hard to compare.	Tenders and vacancies are shown as cards, so people have to read each one to compare dates or values.
Some parts don't work as expected.	Social media feeds show empty boxes, floating buttons cover other controls, and the Contact page leaves out the officers GIGW asks for.

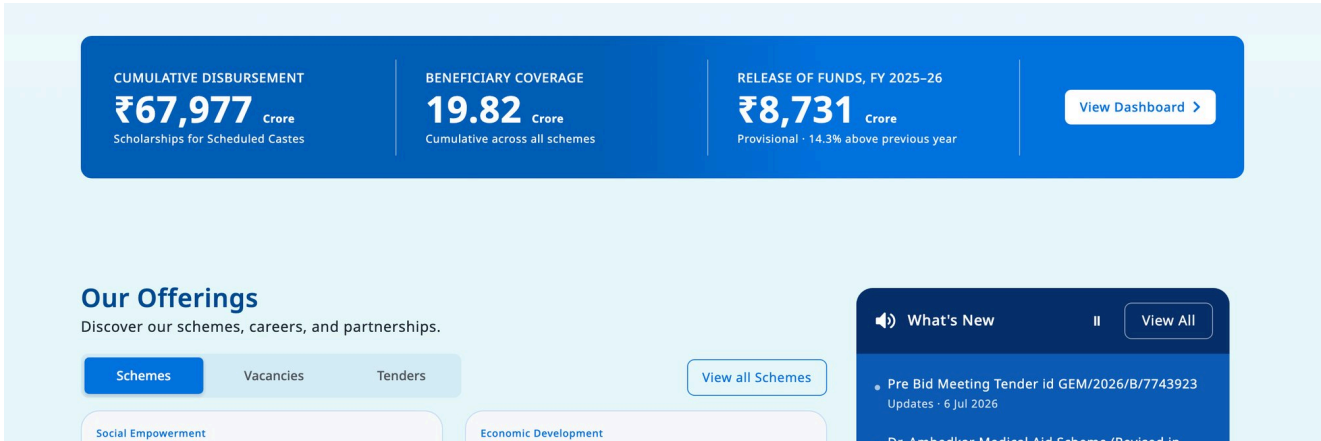

Fix These First.

Biggest gain for the least work, in this order.

- 1 Make the SAMAVESH banner text black.
HP-06
- 2 Show Tenders, Vacancies, Documents and Notices as tables.
OF-04
- 3 Agree one card for listings and one for documents, and use them everywhere.
HP-11, HP-13, OF-01, OD-04
- 4 Stop showing “NA” and filters that don't apply.
OF-02, OF-03, DO-01
- 5 Replace the social media feeds with simple profile cards.
HP-17, OD-06

Homepage.

The first page most people see, from the header down to the footer. 17 points.

HP-01

MEDIUM

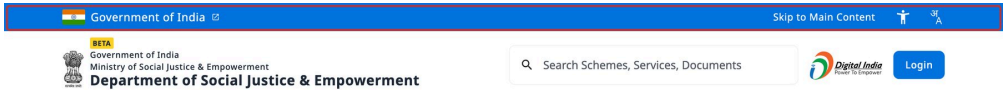

Text Size Buttons Missing From the Top Bar

WHAT'S WRONG

The blue bar at the top has an accessibility icon and a language icon, but no A+ or A- buttons. People who need bigger text have no quick way to get it.

WHAT TO DO

Add A+ and A- buttons to the bar, next to the accessibility icon.

HP-02

LOW

Department Name Is Too Big and Tight

WHAT'S WRONG

The name is set at 20px and its lines sit close together. It crowds the search box and the Login button, and on phones it wraps onto two lines.

WHAT TO DO

Make it 18px, give the lines a little more space, and leave clear room between the name, the search box and Login.

HP-03

LOW

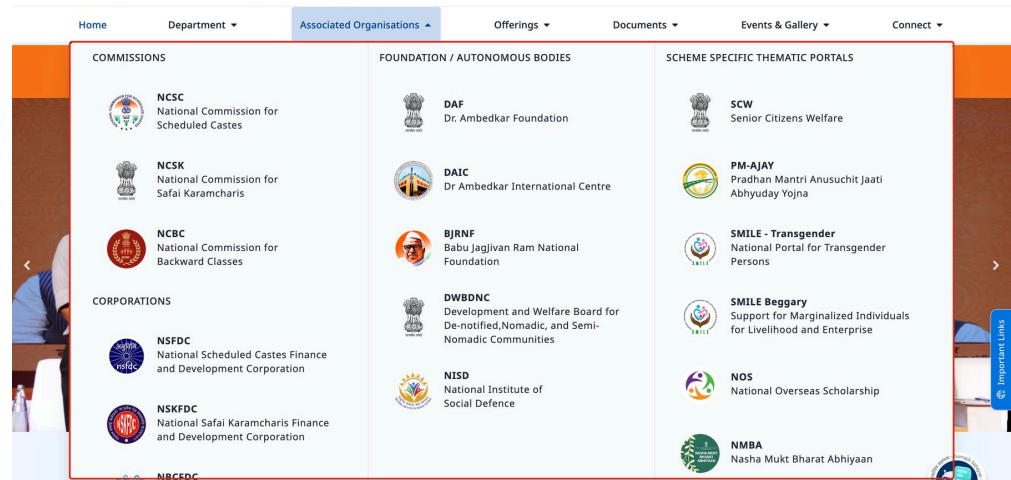

Big Menu Has a Grey Background

WHAT'S WRONG

The large menu under Associated Organisations is light grey, while the header it opens from is white. It looks like a separate grey block.

WHAT TO DO

Make the menu white. Use a thin border and a soft shadow to separate it from the page.

HP-04

LOW

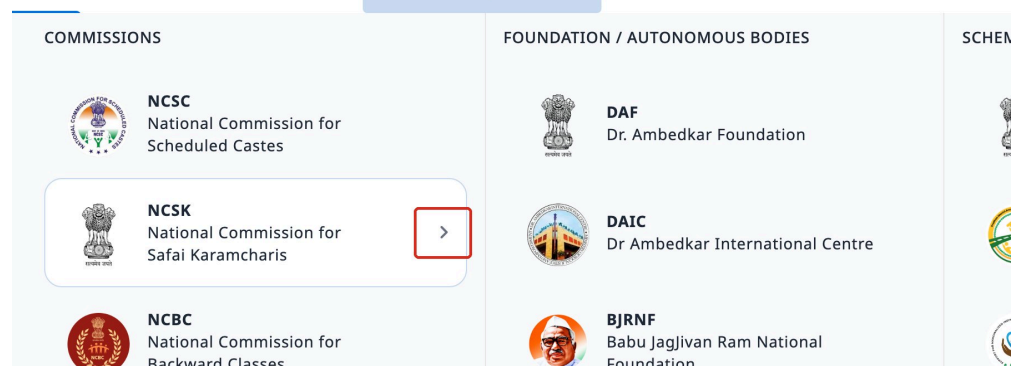

Menu Arrows Suggest Another Level

WHAT'S WRONG

Point at an organisation in the menu and an arrow appears. An arrow usually means another menu will open, but here the link just opens a page, which confuses people.

WHAT TO DO

Remove the arrow. The highlight on hover is enough.

HP-05

LOW

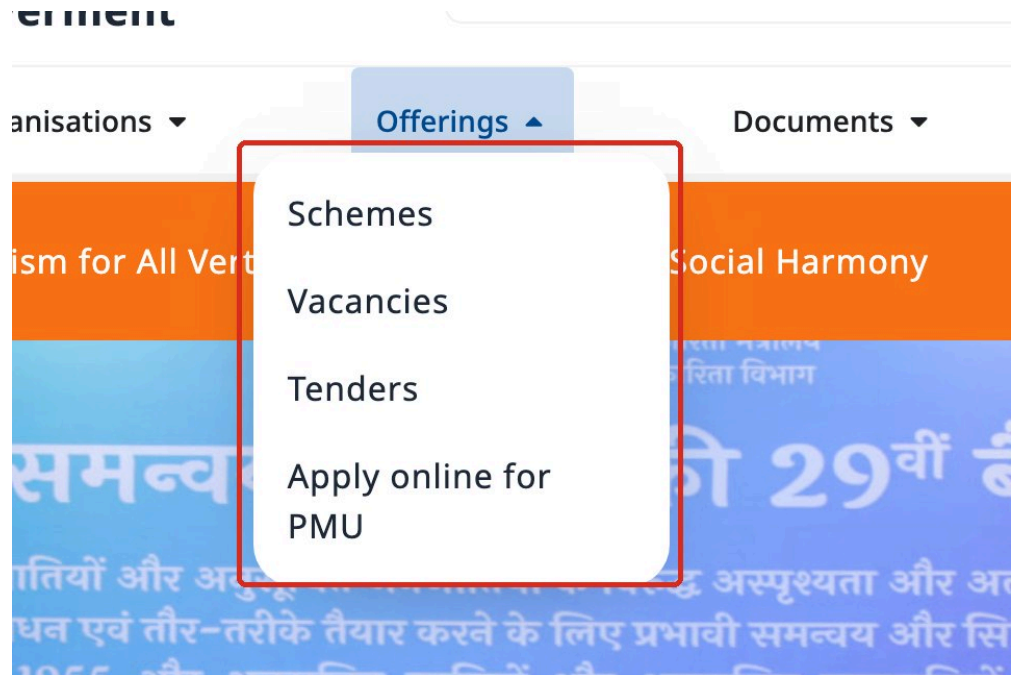

Dropdown Corners Are Too Round

WHAT'S WRONG

Dropdown menus have 20px rounded corners, rounder than anything else in the header.

WHAT TO DO

Reduce the corners to 16px, and use the same on the big menu.

HP-06

HIGH

SAMAVESH Banner Text Is Hard to Read

WHAT'S WRONG

White text on the orange banner scores 2.8:1 for contrast. The accessibility rule (WCAG 2.2 AA) asks for 4.5:1 for normal text and 3:1 for large text, so it fails both.

WHAT TO DO

Use black text. Black on the same orange scores 7.5:1, and the orange can stay.

HP-07

MEDIUM

Important Links Tab Covers Other Controls

WHAT'S WRONG

The Important Links tab floats on the right edge as soon as the page opens. On laptop screens (1366px shown) it covers the hero's next-slide arrow. It is also large, and it can run into the chatbot button.

WHAT TO DO

Show the tab only after the hero banner has scrolled away, and hide it again when the hero comes back. Make it smaller and keep it clear of the chatbot.

HP-08

MEDIUM

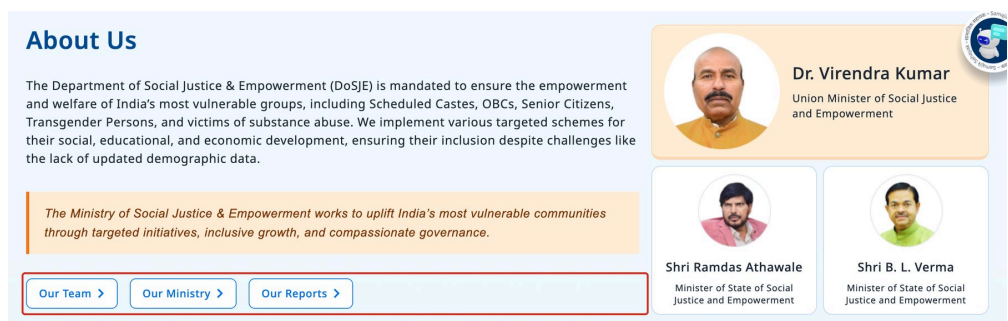

About Us Buttons Leave Empty Space

WHAT'S WRONG

Our Team, Our Ministry and Our Reports are three small buttons pushed to the left. They all look the same, so none stands out, and the rest of the row is empty.

WHAT TO DO

Turn them into three equal cards across the full width, each with an icon, a title and one line of text. Use a light blue background and no white boxes behind the icons.

HP-09

MEDIUM

Dashboard Strip Needs a Rethink

WHAT'S WRONG

The three numbers share one dark blue strip, and each is described in a different way. The View Dashboard button gets lost in all the blue.

WHAT TO DO

Redesign the strip so every number has the same parts: label, number, period and source. Make View Dashboard easy to spot.

HP-10

MEDIUM

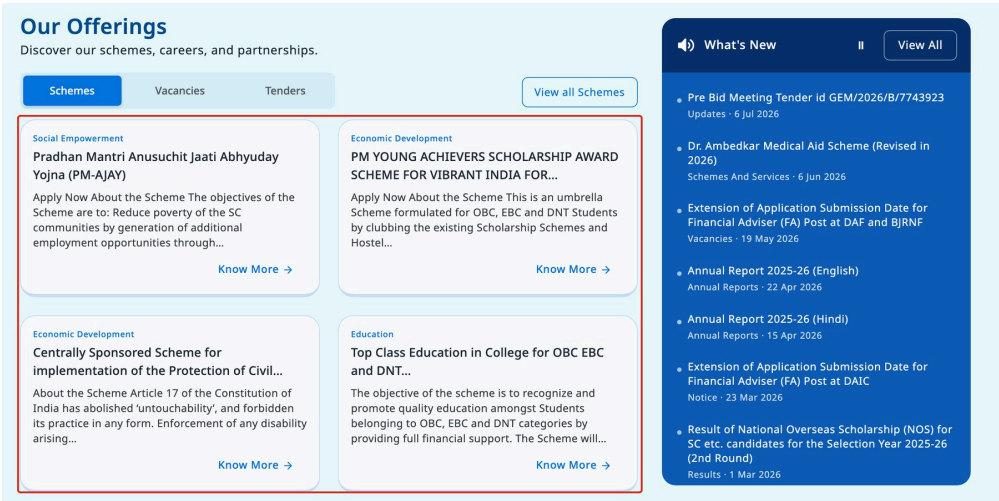

Our Offerings Has Too Much Text

WHAT'S WRONG

Each card has a category, a title and four lines of text, next to a long What's New list, all on a tinted background. People have to read a lot before they can choose.

WHAT TO DO

Cut each card to category, title and link. Move the section to a white background so light and tinted sections alternate.

HP-11

MEDIUM

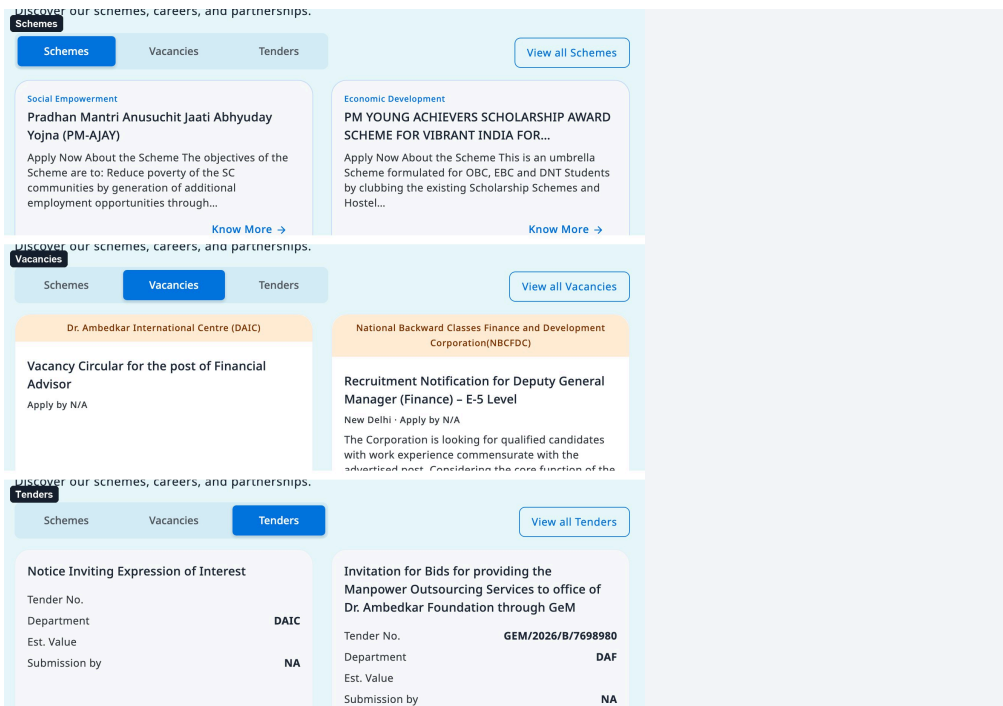

Schemes, Vacancies and Tenders Cards Look Different

WHAT'S WRONG

The three tabs use three different card designs. Schemes lead with text, Vacancies with an orange organisation band, and Tenders with a list of labels and values.

WHAT TO DO

Use one card design for all three: organisation, title, one key date or status, and a link. Only the details change.

HP-12

MEDIUM

Our Organisations Cards Need Cleanup

WHAT'S WRONG

The cards use a blue gradient found nowhere else on the site. Some logos, including emblems that stand for the Government of India, are cut off at the edge. Some names have an extra gap between lines (see NCBC).

WHAT TO DO

Remove the gradient. Show every logo whole inside a fixed logo box, and set names with normal line spacing. Review the look of the whole section.

HP-13

LOW

Recent Documents Cards Don't Line Up

WHAT'S WRONG

Titles wrap to different lengths and the buttons float, so cards in a row don't line up. Two cards say "File: PDF (0 MB)".

WHAT TO DO

Limit titles to two lines, pin the details and the button to the bottom of each card, and hide the file size when it isn't known.

HP-14

MEDIUM

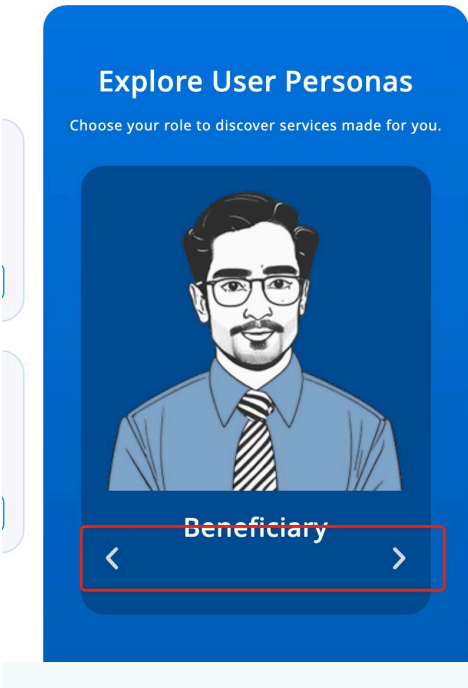

User Personas Carousel Needs Work

WHAT'S WRONG

There is no page count, so people can't tell how many personas there are. The arrows don't line up with the persona name, and the whole block is blue on blue.

WHAT TO DO

Add dots or "2 of 5", and put the arrows and the name on one line. Keep illustrations rather than real photos, because a real photo can make someone feel labelled by caste, gender or identity. Rework the colours so the block isn't all blue.

HP-15

MEDIUM

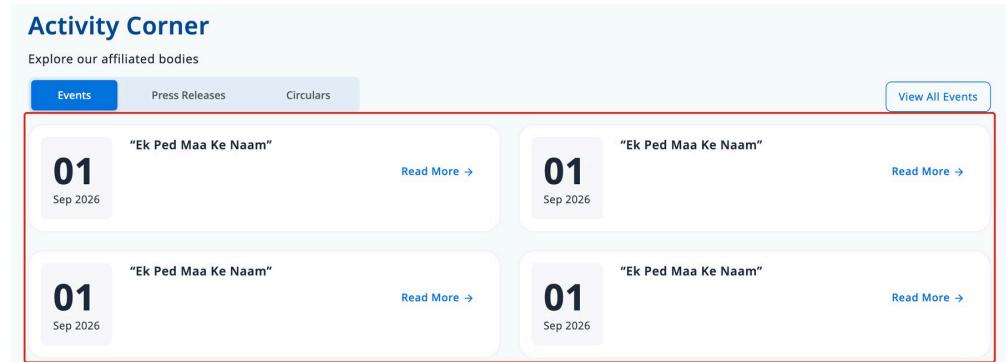

Activity Corner Cards Have Uneven Gaps

WHAT'S WRONG

Short titles in wide cards leave big empty areas, and Read More sits at the top instead of the bottom. The same event, "Ek Ped Maa Ke Naam", shows up four times because each location was posted separately.

WHAT TO DO

Use one fixed-height card with the link at the bottom. Group repeat posts into one event card with its dates and places, opening to a page with the full list.

HP-16

MEDIUM

Logos in the Carousel Look Like Patches

WHAT'S WRONG

Partner logos differ in size, shape and background. Make in India, india.gov.in and Digital India sit on white boxes and look pasted on, and one tile shows a cropped photo instead of a logo.

WHAT TO DO

Put every logo in the same size box, centred, with equal padding. Use official logos with transparent backgrounds at their original proportions.

HP-17

MEDIUM

Social Media Feeds Show Empty Boxes

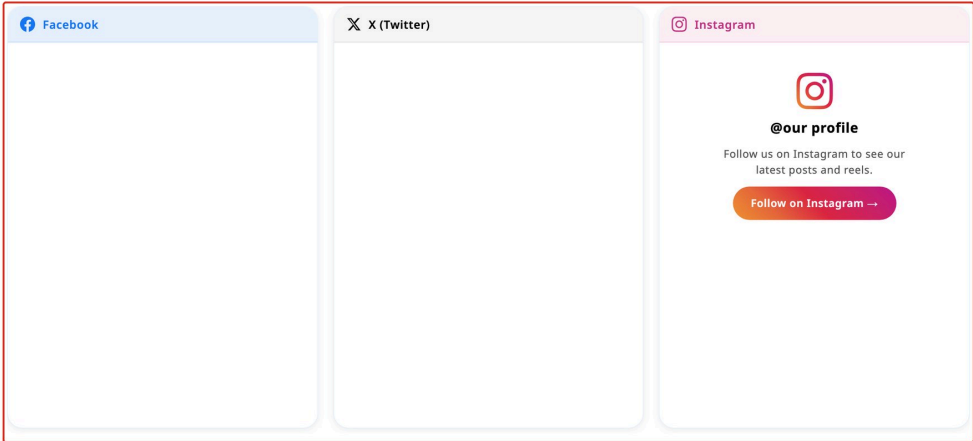

WHAT'S WRONG

The Facebook and X feeds show up as empty boxes. They don't load when a visitor declines cookies, or on office networks that block social media. Only Instagram shows a fallback.

WHAT TO DO

Replace the feeds with three simple cards: platform icon, account name, one line of text and a link to the profile. This also stops the homepage loading outside scripts.

Explore our Social Media Platforms

About Us.

A long page about the Department's history and how it is organised. 3 points.

Overview

The Department of Social Justice & Empowerment is entrusted with the empowerment of the disadvantaged and marginalized sections of the society. The target groups of the Ministry are:

- Scheduled Castes
- Other Backward Classes
- Senior Citizens
- Victims of Substance Abuse
- Denotified, Nomadic and Semi Nomadic Tribes
- Beggars
- Transgender
- Manual Scavengers
- Sewer & Septic Tank workers
- Waste Pickers

The Ministry has been implementing various programmes/schemes for social, educational and economic development of the target groups. As a result there

AU-01

MEDIUM

Long Page With Mixed Table Styles

WHAT'S WRONG

The page is about 15,000px long at desktop, mostly text carried over from the old site. Tables on the same page use different styles: one with full grid lines, others with striped rows.

WHAT TO DO

Use one table style across the site. Add a short contents list at the top, and fold long reference tables so people open them only when they need them.

AU-03

LOW

History Is Hard to Follow

WHAT'S WRONG

The history is a column of long paragraphs beside a thin line. Dates sit on the far right, and entries run to eight lines or more.

WHAT TO DO

Make it a real vertical timeline: date first, a one-line headline, a two-line summary, and Read More for the full text.

Our History

Evolution of the Department Over Time

Formation of the Ministry of Welfare 1985–1986

In the year 1985-86, the erstwhile Ministry of Welfare was bifurcated into the Department of Women and Child Development and the Department of Welfare. Simultaneously, the Scheduled Castes Development Division, Tribal Development Division and the Minorities and Backward Classes Welfare Division were moved from the Ministry of Home Affairs and also the Wakf Division from the Ministry of Law to form the then Ministry of Welfare.

Renamed as Ministry of Social Justice & Empowerment May 1998

Subsequently, the name of the Ministry was changed to the Ministry of Social Justice & Empowerment in May, 1998.

Formation of the Ministry of Tribal Affairs October 1999

Further, in October, 1999, the Tribal Development Division had moved out to form a separate Ministry of Tribal Affairs.

Formation of Separate Ministries for Minorities and Women & Child Development January 2007

In January, 2007, the Minorities Division along with Wakf Unit have been moved out of the Ministry and formed as a separate Ministry and the Child Development Division has gone to the Ministry of Women & Child Development.

Government's Commitment to the Disability Sector 1992 & 2008

Though the subject of "Disability" figures in the State List in the Seventh Schedule of the Constitution, The Government of India has always been proactive in the disability sector. It is not only running seven National Institutes (NIs) dealing with various types on disabilities and seven Composite Regional Centers (CRCs), which provide rehabilitation services to PwDs and run courses for rehabilitation professional but also funds a

OD-04

MEDIUM

Document Cards Repeat Themselves

WHAT'S WRONG

Report cards say “Type: Annual Reports” under titles that already say Annual Report. Buttons differ from card to card across the site: a text link on some, an outline button or a filled one on others.

WHAT TO DO

Use one document card everywhere: title, date, and one line with format and size (GIGW asks for both). Drop the type when the title already says it, and use the same button on every card.

OD-05

MEDIUM

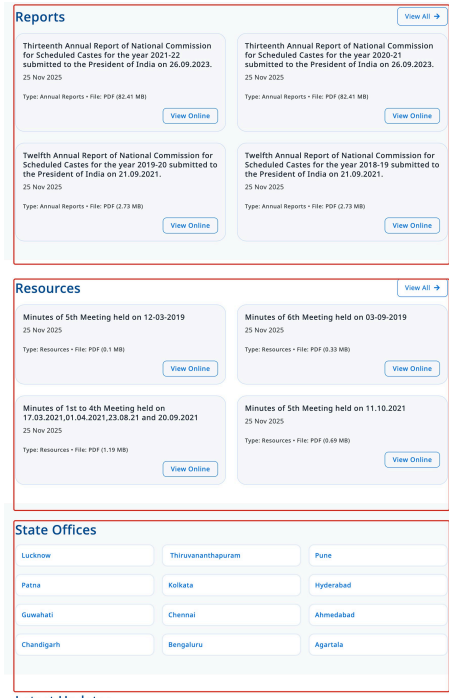

Similar Sections Make the Page Long

WHAT'S WRONG

Reports, Resources and Latest Updates are separate sections of nearly identical cards, one after another.

WHAT TO DO

Put them into one Documents section with tabs.

OD-06

MEDIUM

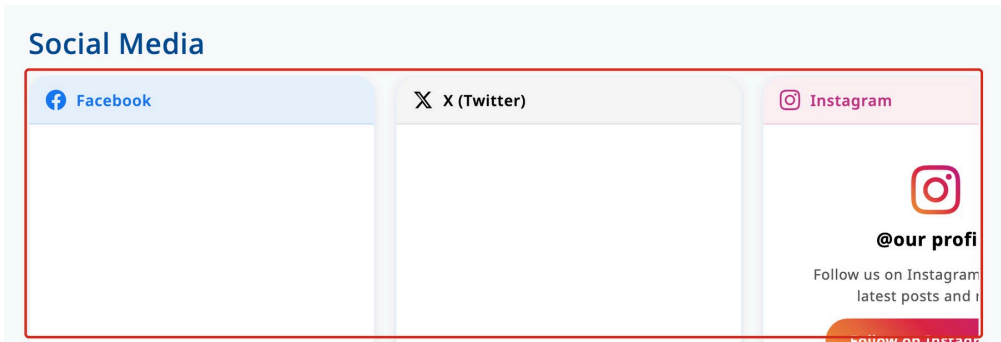

Social Media Feeds Show Empty Boxes

WHAT'S WRONG

Same problem as HP-17. Facebook and X show empty boxes, and Instagram is cut off at the right edge.

WHAT TO DO

Use the same profile cards as HP-17.

OD-07

LOW

Contact Labels Float Away From Details

WHAT’S WRONG

The gap between a label, such as Phone, and its details is about the same as the gap to the next item, so pairs don’t read as one.

WHAT TO DO

Bring each label closer to its details (4 to 8px) and add more space between items (24px).

Offerings.

The Schemes, Tenders and Vacancies listing pages. 5 points.

OF-01

MEDIUM

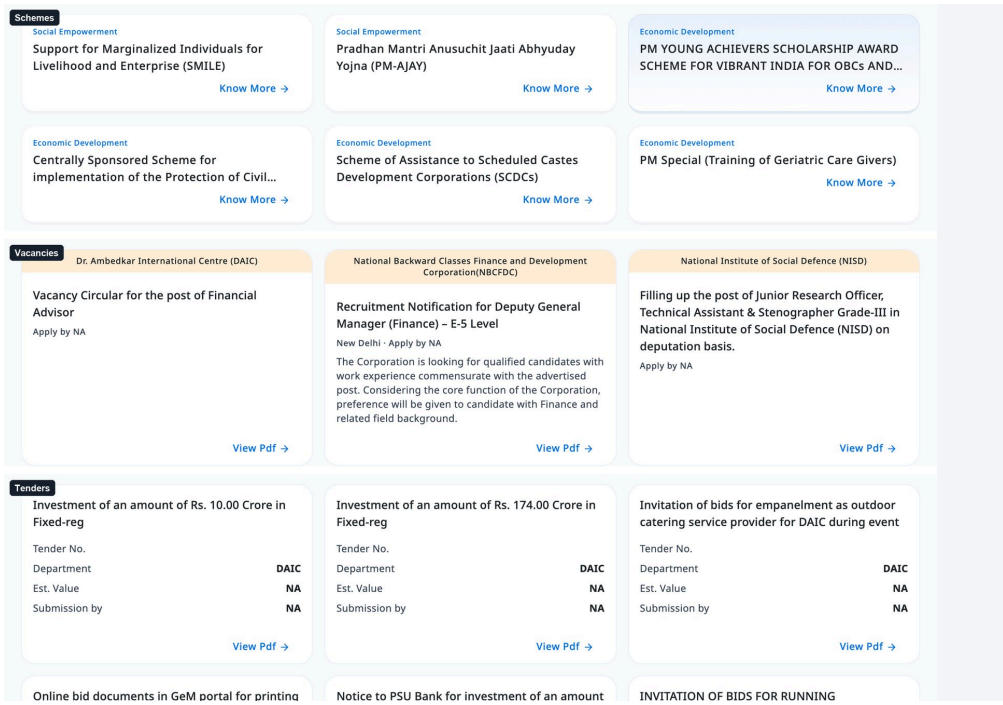

Listing Pages Use Three Card Designs

WHAT'S WRONG

Schemes, Vacancies and Tenders each use a different card.

WHAT TO DO

Use the single card from HP-11, or better, the table from OF-04.

OF-02

MEDIUM

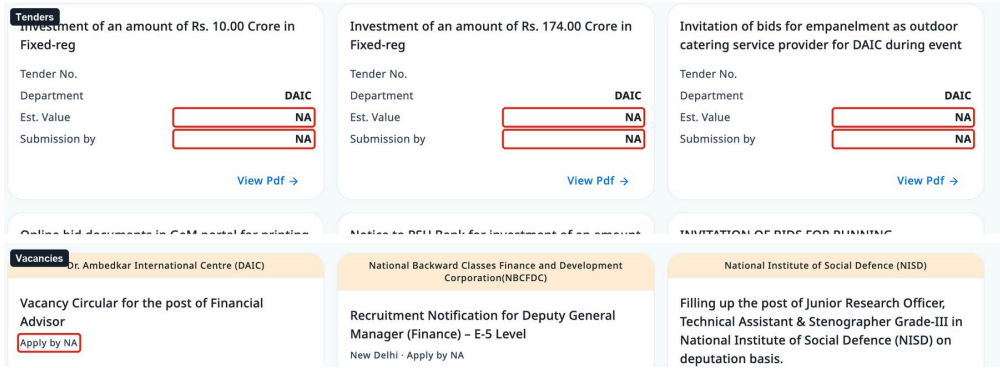

“NA” Shows Where There Is No Information

WHAT'S WRONG

Empty fields show “NA”. On Tenders, Est. Value and Submission By read NA on most cards, and Vacancies say “Apply by NA”.

WHAT TO DO

If a field is empty for every item, hide it. If it's missing for only some, show a dash. Never print “NA”.

OF-03

MEDIUM

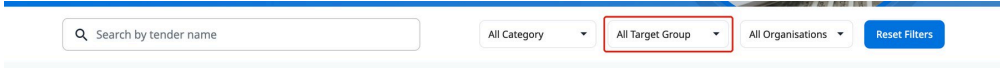

Filters That Don't Apply

WHAT'S WRONG

Tenders has a Target Group filter, but target groups belong to schemes, not tenders. Using it only returns zero results.

WHAT TO DO

Show only the filters that make sense for each page. Tenders: organisation, status, closing date. Vacancies: organisation, post, closing date.

OF-04

HIGH

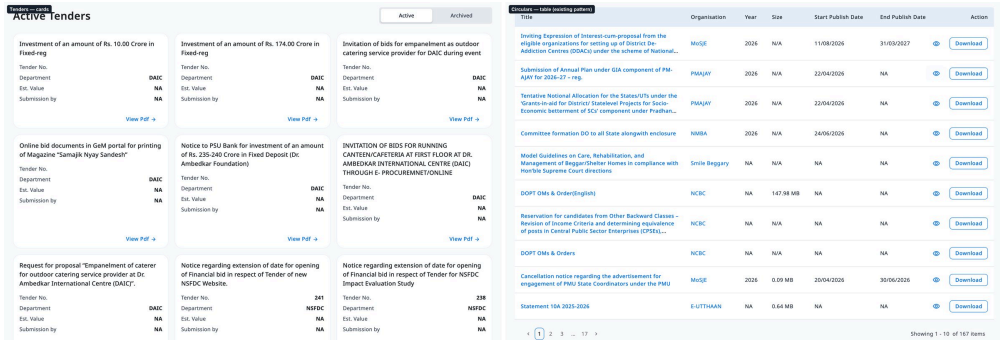

Listings Should Be a Table

WHAT'S WRONG

Tenders and Vacancies are shown as cards in three columns. To compare dates, values or departments, people have to read every card. Circulars & Notifications already uses a table.

WHAT TO DO

Use the Circulars table for Tenders, Vacancies, Documents and Notices: sortable columns, one action per row, and rows that stack on phones.

OF-05

MEDIUM

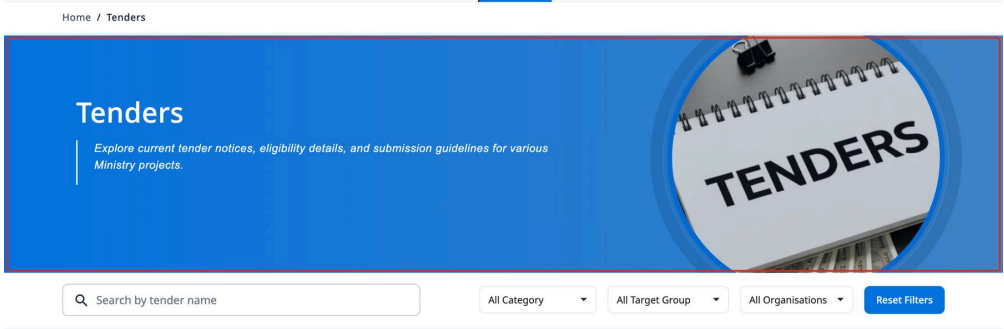

Page Header Takes Too Much Space

WHAT'S WRONG

Every listing page starts with a blue band about 340px tall with a stock image. It pushes the first result below the fold and adds nothing.

WHAT TO DO

Use a short header: breadcrumb, title and one line of description. Use images only when they add information, like an organisation's own photo or a map.

Documents.

Listing pages for circulars, notices and other documents. 2 points.

Title	Organisation	Year	Size	Start Publish Date	End Publish Date	Action

Sort By

Reset Filters

DO-02

LOW

View and Download Do the Same Thing

WHAT'S WRONG

Each row has a View icon and a Download button, and both lead to the same file. One of them is extra.

WHAT TO DO

Keep one action per row. If View and Download really do different things, label them so people can tell; if not, remove one.

Year	Size	Start Publish Date	End Publish Date	Action
2026	N/A	11/08/2026	31/03/2027	 Download
2026	N/A	22/04/2026	NA	 Download
2026	N/A	22/04/2026	NA	 Download
2026	N/A	24/06/2026	NA	 Download
NA	N/A	NA	NA	 Download

Events & Gallery.

The events list and the photo, video and news gallery. 4 points.

EG-01

MEDIUM

The Same Event Is Listed Many Times

WHAT'S WRONG

Other Events lists “Ek Ped Maa Ke Naam” eleven times in a row, because each location was posted as its own event. The list gets long and says very little.

WHAT TO DO

Group repeat posts into one event that holds all its places, dates and photos, and open it to a page listing each location (the same fix as HP-15).

Title	Organisation	Date	Time	Action
Training of Geriatric Caregiver	SCW	03/09/2026	10:00 am	View Details

EG-02

MEDIUM

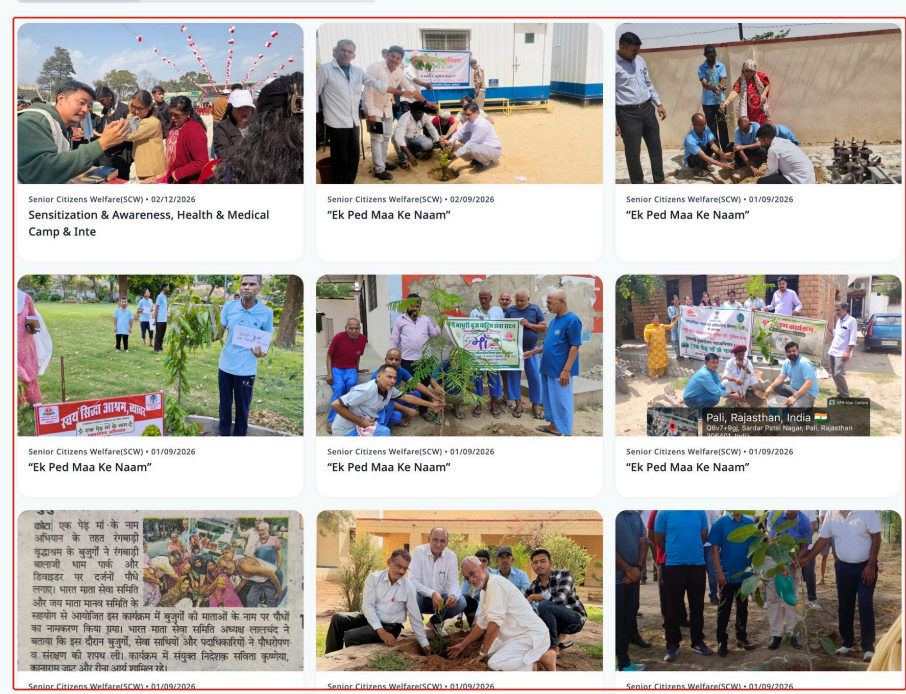

One Card for Every Photo

WHAT'S WRONG

The gallery shows one card per photo: 861 items across 72 pages, most with the same caption. Finding a particular event is hard.

WHAT TO DO

Show albums as a grid: one thumbnail per event with the album name and photo count. Open the album to see its photos, and give every photo proper alt text.

EG-03

LOW

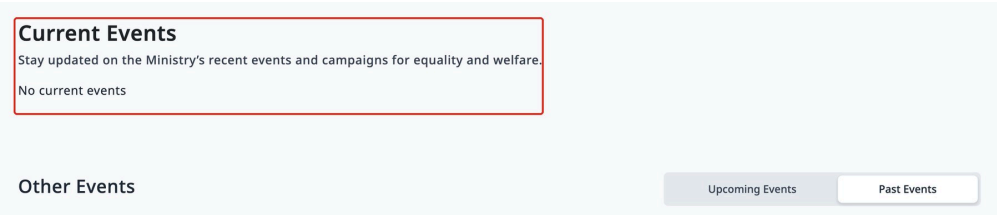

Empty Space Kept for Current Events

WHAT'S WRONG

The page opens with a Current Events block that only says “No current events”. It takes the top of the page and gives nothing.

WHAT TO DO

When nothing is running, hide the block and move Upcoming Events to the top.

EG-04

LOW

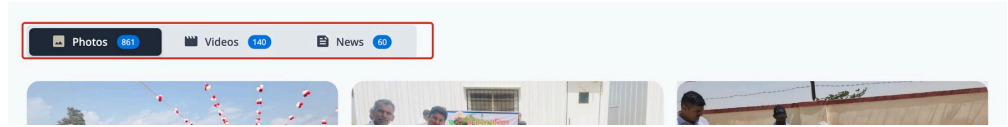

Gallery Tabs Don't Match the Site

WHAT'S WRONG

The Photos, Videos and News tabs are black. Black tabs aren't used anywhere else on the site.

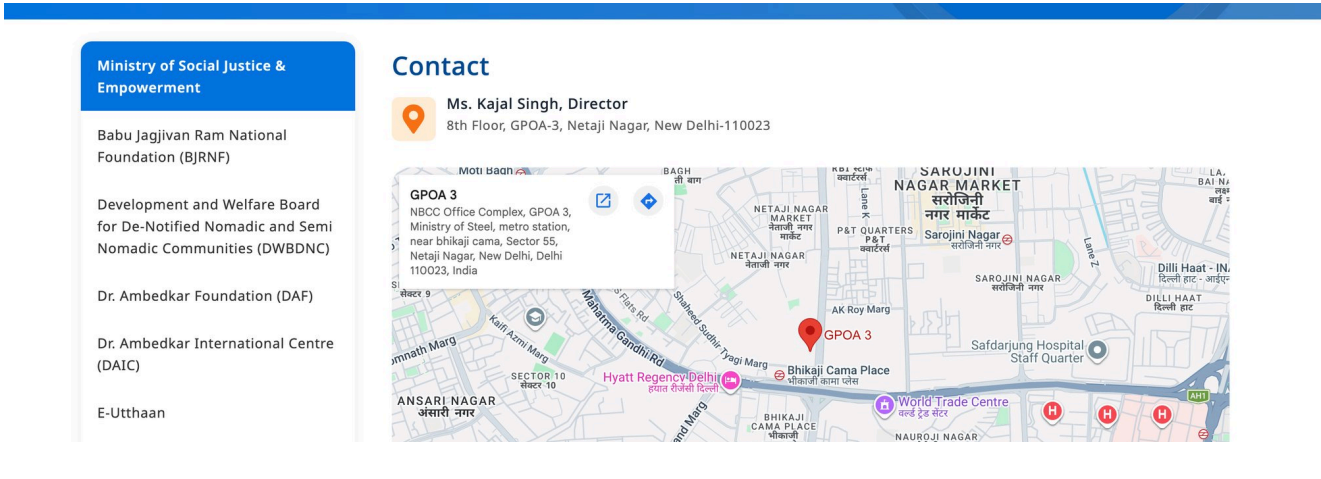

WHAT TO DO

Use the site's standard tab style, the one used under Our Offerings.

Contact Us.

The page people use to reach the Department. 5 points.

CT-01

MEDIUM

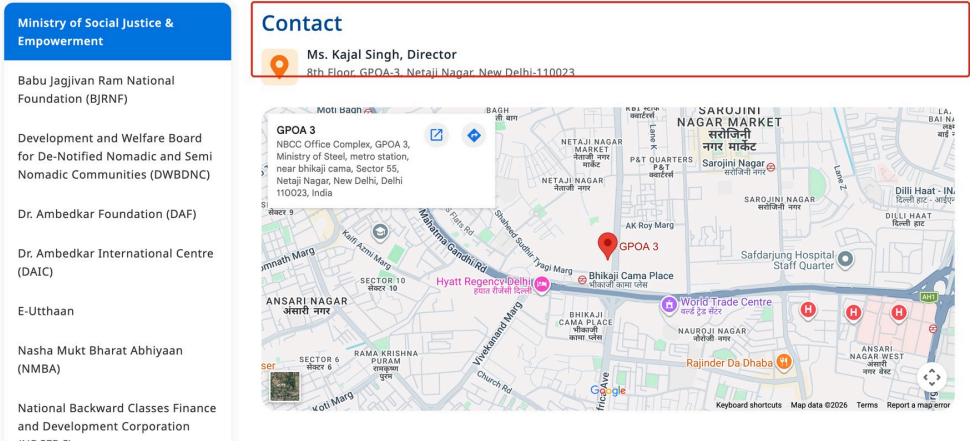

Page Isn't Organised by How People Reach Out

WHAT'S WRONG

The page opens with one name, an address and a map. People come here to call, write or visit, and have to hunt for what they need.

WHAT TO DO

Group the page into Call, Write and Visit, each with the details needed for that.

CT-02

MEDIUM

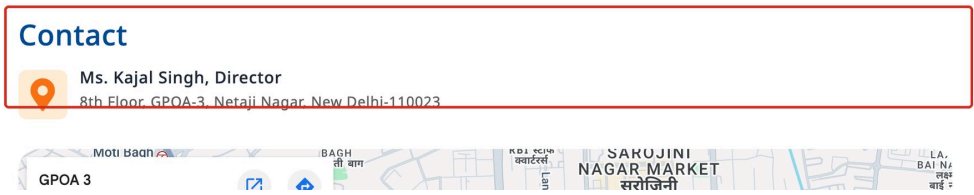

No Helpline Numbers

WHAT'S WRONG

The page shows no helpline numbers, although the Department runs several, such as 14446 for drug de-addiction.

WHAT TO DO

Show helplines near the top as numbers people can tap to call from a phone.

CT-03

HIGH

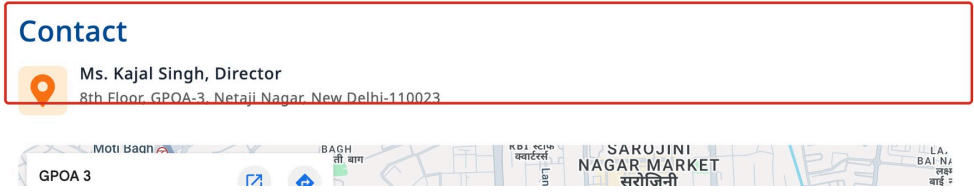

Designated Officers Are Missing

WHAT'S WRONG

GIGW asks every government website to list its Web Information Manager, CPIOs, Appellate Authority and Grievance Officer. The Contact page doesn't list them.

WHAT TO DO

Add a section for these officers with name, designation, phone and email.

CT-04

MEDIUM

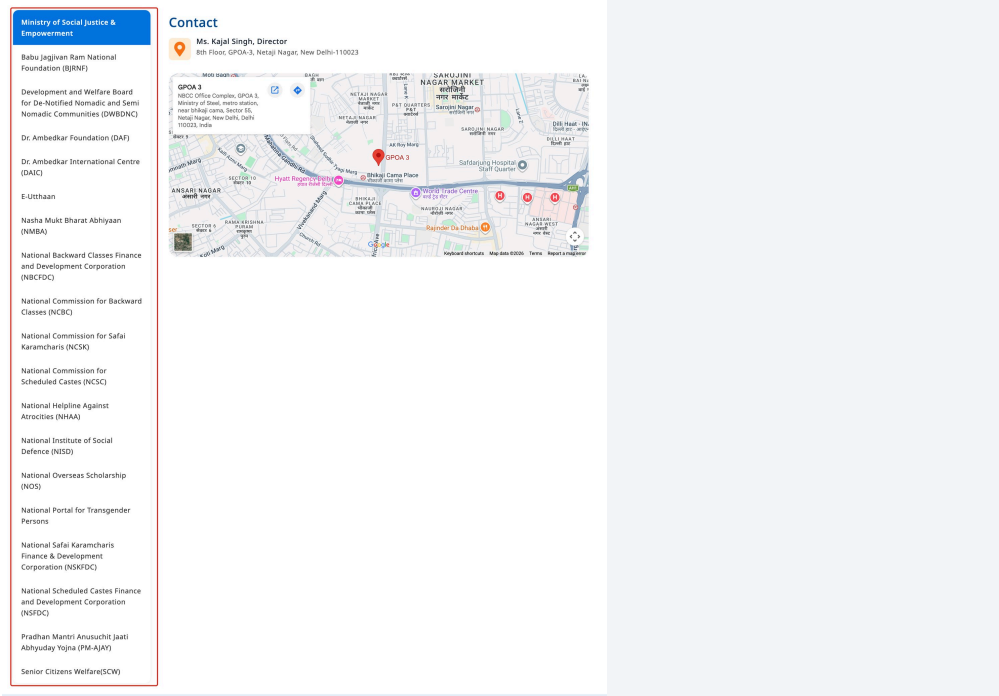

Organisation List Fills the Page Opening

WHAT'S WRONG

A long list of organisations runs down the left side. It is the first thing people see and pushes the Department's own contacts aside.

WHAT TO DO

Move organisation contacts into a picker, such as a dropdown or search, and open the page with the Department's own contacts.

CT-05

MEDIUM

Details Page Link Shown for One Organisation Only

WHAT'S WRONG

For BJRNF, the Website field shows a large preview card linking to a details page, with a paragraph copied from its site. No other organisation on this page shows a details page link here.

WHAT TO DO

Remove the details page link and the preview card, so every organisation shows the same contact details in the same way.
