1 Masthead cobranding logos (Digital India + SAMAVESH)

MajorSCW-GLOBAL-001

Content & Iconography

DESIGN — FIGMA INTENT

The masthead right zone carries the Digital India + SAMAVESH cobranding logos (DBIM).

BUILD — LIVE

The masthead right zone is empty — both cobranding logos are absent across the public site.

FIX
Add the Digital India + SAMAVESH cobranding logos to the masthead right zone.

2 Masthead 'Department...' lockup line

MajorSCW-GLOBAL-002

Content & Iconography

DESIGN — FIGMA INTENT

The masthead lockup includes the bold 'Department of Social Justice & Empowerment' line beneath the Ministry line.

BUILD — LIVE

The masthead stops at 'Ministry of Social Justice & Empowerment' — the Department line is absent.

FIX
Add the bold 'Department...' line beneath the Ministry line in the masthead lockup.

3 Font family not rendering as Noto Sans

MajorSCW-GLOBAL-003

Typography

DESIGN — FIGMA INTENT

All text is set in Noto Sans (the DBIM standard typeface).

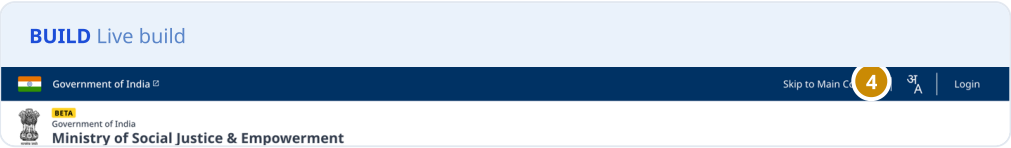

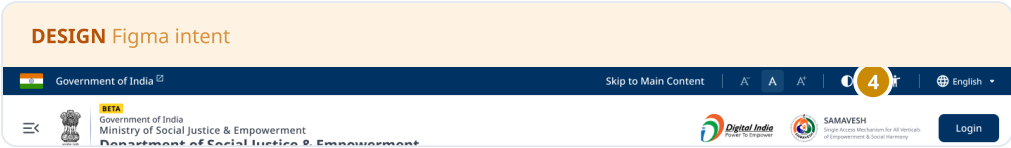

BUILD — LIVE

Many build text elements render in a fallback face — Noto Sans is requested in CSS but isn't actually loading, so headings/body fall back to a system font.

FIX
Ensure the Noto Sans webfont actually loads on the build (font files + @font-face) so text doesn't fall back to a system face. Recurs site-wide.
