8. Detailed Technical Report with Recommendations

8.1 Off-palette colours used for backgrounds, buttons and text

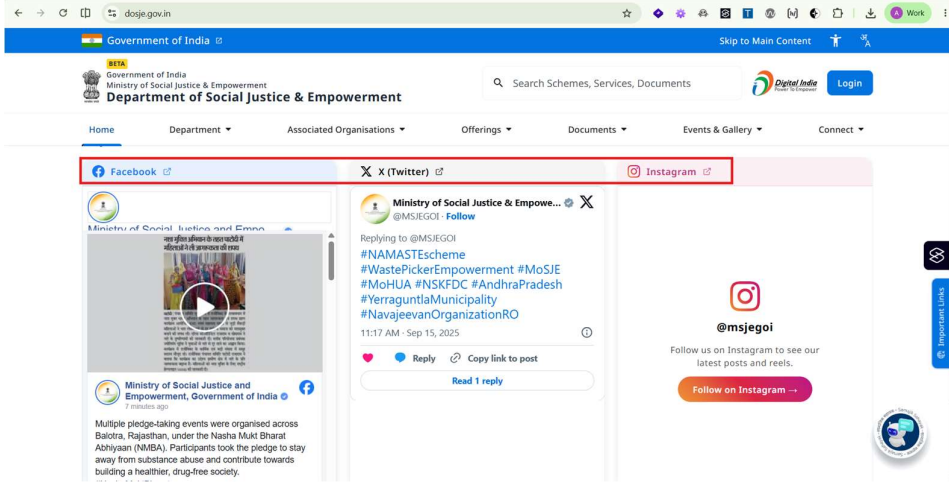

STATUS	OPEN
REFERENCE	DBIM v3 – Section 2.2 (Table 1), Checklist F.1 #2
DESCRIPTION	Several UI colours are not identified in the applicable DBIM functional palette. The SAMAVESH strip uses #F97316. The "Explore" and "Accept All" buttons use #2E7D32; Liberty Green #198754 is defined as a functional/status colour. The homepage quote box and minister card use #FFEDD5, which is not identified in the applicable DBIM functional palette; DBIM lists Linen #EBEAEA for quote/text-highlight backgrounds. Body text uses #1F2937/#212121 instead of the prescribed DBIM text colour usage.
IMPACT	Use colours from the selected primary colour group and the prescribed functional palette. The identified off-palette colours should be replaced with applicable DBIM colours, and the resulting text/background combinations should be re-tested for contrast.
AFFECTED URL	https://www.dosje.gov.in/ * Throughout the website (theme-level colours)
RECOMMENDATIONS	Levithan Recommends: - Replace the quote box and minister card background with an applicable DBIM functional colour, such as Linen #EBEAEA where appropriate. - Use the selected primary colour group for primary CTAs; retain Liberty Green #198754 for its prescribed functional/status use. - Restyle the SAMAVESH strip using the selected DBIM colour group or an applicable functional colour. - Set default text colour to the applicable DBIM text colour and re-test contrast.
PROOF OF CONCEPT	 The Department of Social Justice & Empowerment (DoSJE) is mandated to ensure the empowerment and welfare of India's most vulnerable groups, including Scheduled Castes, OBCs, Senior Citizens, Transgender Persons, and victims of substance abuse. 8.2 Footer background is not the darkest shade of the key colour

STATUS	OPEN
REFERENCE	DBIM v3 – Section 5.6, Checklist F.1 #4
DESCRIPTION	The main footer band uses #0373DF, the mid shade of the blue colour group. The darker #014B92 is used only for the thin bottom strip.
IMPACT	Goes against the DBIM footer colour mandate and reduces visual consistency with other government websites.
AFFECTED URL	https://www.dosje.gov.in/ * Footer on every page
RECOMMENDATIONS	Levithan Recommends: Change the footer background to the darkest shade of the selected blue colour group, keeping text and icons in inclusive white.
PROOF OF CONCEPT	 The screenshot shows the footer of the Department of Social Justice & Empowerment website. The footer is divided into several sections: a top section with contact information and social media links, a middle section with a list of services and resources, and a bottom section with a blue background and white text. The bottom section includes the text 'Contents of this website owned and managed by Department of Social Justice and Empowerment, Ministry of Social Justice and Empowerment, GOI' and a list of policies and analytics.

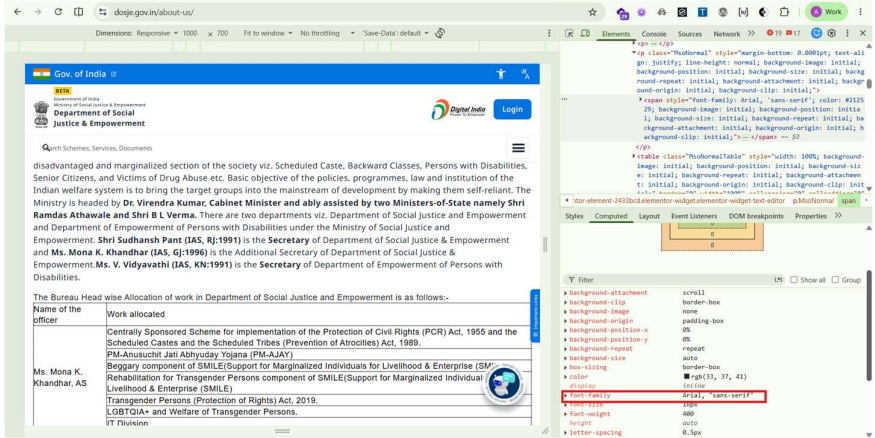

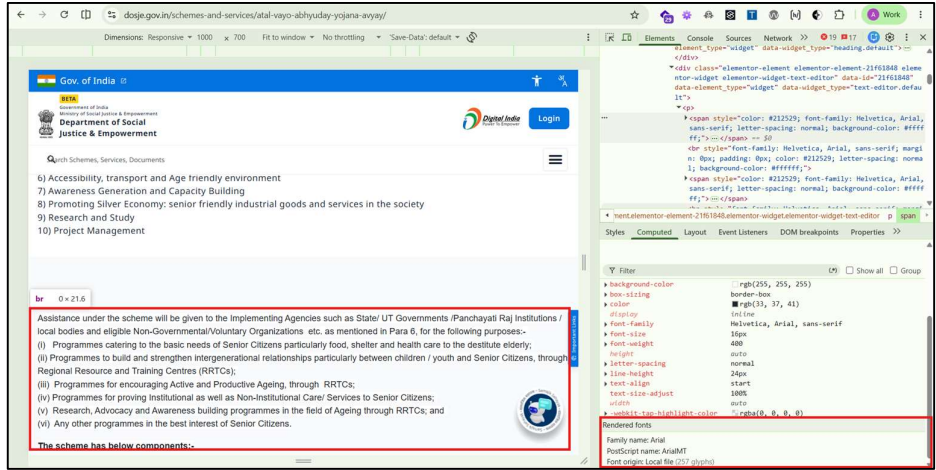

8.3 Icons not in key colour or inclusive white

STATUS	OPEN
REFERENCE	DBIM v3 – Section 3.7(iii), Checklist F.1 #3
DESCRIPTION	Social media icons use platform brand colours (Facebook blue, Instagram gradient, black X button), and the "Our Offerings" category icons are multi-coloured illustrations.
IMPACT	Mixed icon colours weaken the unified look DBIM requires.
AFFECTED URL	https://www.dosje.gov.in/
RECOMMENDATIONS	Levithan Recommends: Render all icons in the darkest key-colour shade on light backgrounds and inclusive white on dark backgrounds.
PROOF OF CONCEPT	 The screenshot shows the official website of the Ministry of Social Justice & Empowerment, Government of India. The header includes the Government of India logo, the Ministry name, and a search bar. Below the header is a navigation menu with links to Home, Department, Associated Organisations, Offerings, Documents, Events & Gallery, and Connect. The main content area features three social media icons: Facebook (blue), X (Twitter) (black), and Instagram (gradient). These icons are not in the key colors or inclusive white as recommended. The page also displays a video player and a list of hashtags related to the Ministry's initiatives.

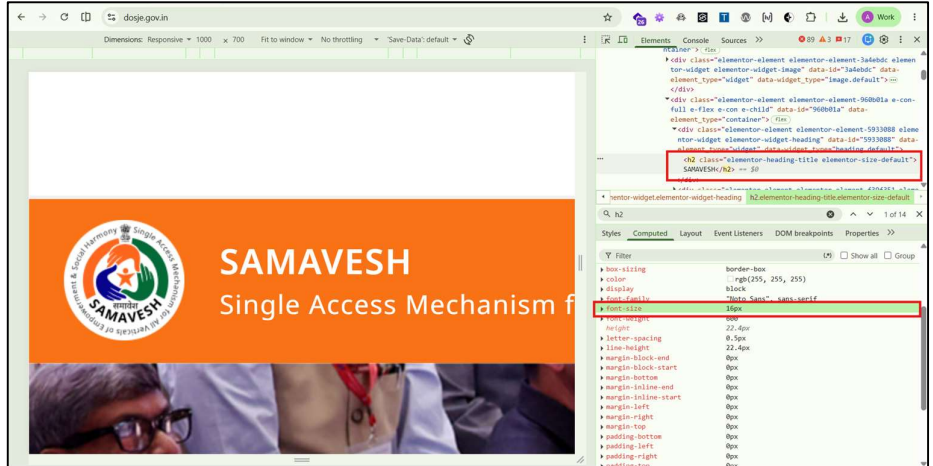

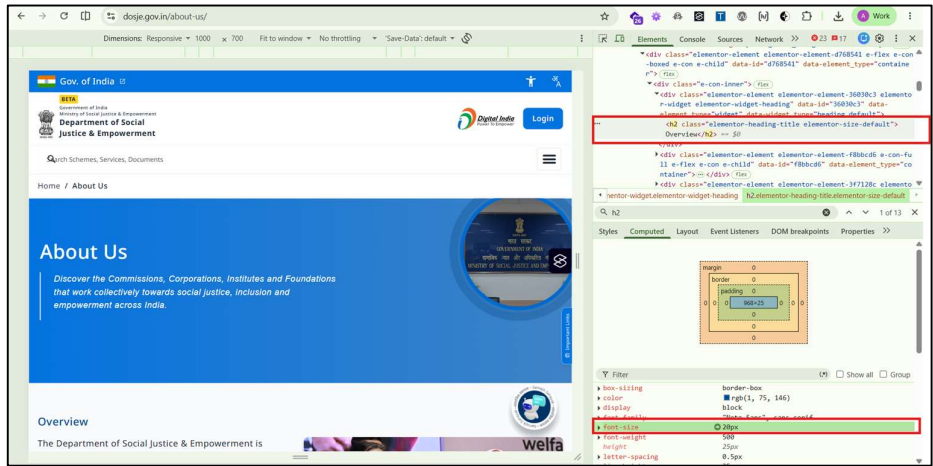

8.4 Icon sizes not as per DBIM standard

STATUS	OPEN																																													
REFERENCE	DBIM v3 – Section 3.4, Checklist F.1 #8																																													
DESCRIPTION	Rendered icon sizes were measured in the browser. Many icons fall outside the permitted 24/32/48/64 px sizes: 14x14 (1,622 instances), 28x28 (424), 20x20 (341), 16x16 (181). The Indian flag icon is also stretched from 33x22 to 33x24 px.																																													
IMPACT	Non-standard icon sizes cause uneven alignment and inconsistent UI.																																													
AFFECTED URL	https://www.dosje.gov.in/schemes-services/ * Throughout the website (header toolbar, scheme cards, contact icons)																																													
RECOMMENDATIONS	Levithan Recommends: Resize all icons to 24, 32, 48 or 64 px (including the 2 px padding) and keep their natural aspect ratio.

8.5 Noto Sans is not used consistently across all website components

STATUS	OPEN
REFERENCE	DBIM v3 – Section 4.1, Checklist F.1 #11
DESCRIPTION	The theme uses Noto Sans, but content pasted from Word into the CMS keeps inline fonts: Arial on About Us (work-allocation table), Helvetica on the AVYAY scheme page, and Mangal on the BJRNf literature page.
IMPACT	Mixed typefaces weaken the typographic identity and readability.
AFFECTED URL	https://www.dosje.gov.in/about-us/ https://www.dosje.gov.in/schemes-and-services/atal-vayo-abhyuday-yojana-avyay/ https://www.dosje.gov.in/organisation/babu-jagjivan-ram-national-foundation-bjrnf/literature/ Throughout the webpages
RECOMMENDATIONS	Levithan Recommends: Remove inline font-family styles from CMS content and enforce Noto Sans through the editor (paste-as-plain-text).
PROOF OF CONCEPT	 

8.6 Typography scale not implemented as per DBIM

STATUS	OPEN
REFERENCE	DBIM v3 – Section 4.3.1 / 4.3.2, Checklist F.1 #14
DESCRIPTION	Computed font sizes were measured across 134 pages at desktop resolution (1440 px) and mobile resolution (390 px). The desktop H1 renders at 20 px on 17 pages, whereas the DBIM-defined H1 size is 36 px. H2 renders at varying sizes of 16 px, 18 px, 20 px and 28 px instead of the DBIM-defined 24 px. Paragraph text renders at 13 px across the tested pages, which does not correspond to the DBIM-defined type scale. On mobile, H1 renders at 16 px instead of 24 px, while H2 renders between 14–18 px instead of 20 px.
IMPACT	Inconsistent font sizes weaken the visual hierarchy and result in non-uniform typography across website templates, affecting consistency with the DBIM-defined design system.
AFFECTED URL	https://www.dosje.gov.in Throughout the Webpages
RECOMMENDATIONS	Levithan Recommends: Implement the DBIM-defined typography scale consistently across all applicable templates. The desktop scale should follow H1 – 36 px, H2 – 24 px, H3/Subtitle – 20 px, Paragraph 1 – 16 px, Paragraph 2 – 14 px and Small Text – 12 px. The mobile scale should follow H1 – 24 px, H2 – 20 px, H3/Subtitle – 16 px, Paragraph 1 – 14 px, Paragraph 2 – 12 px and Small Text – 10 px. Remove unnecessary component-level font-size overrides and retest all templates after implementation
PROOF OF CONCEPT	 

8.7 Overlapping text in the statistics band

STATUS	OPEN
REFERENCE	DBIM v3 – Section 4.5(iii) (line height) and 7.2.1
DESCRIPTION	In the homepage statistics band the large figures (₹67,977 Crore, 19.82 Crore, ₹8,731 Crore) overlap their captions ("Scholarships for Scheduled Castes", "Cumulative across all schemes").
IMPACT	Overlapping text is hard to read and looks unprofessional on the most visited page.
AFFECTED URL	https://www.dosje.gov.in/

8.10 Button sizes and padding are inconsistent

STATUS	OPEN
REFERENCE	DBIM v3 – Section 4.5(i), Checklist F.1 #16
DESCRIPTION	Computed styles of buttons and CTA links show different padding/height combinations, e.g. "View Details" 5px 14px / 32px, "Read More" 6px 16px / 34px, "Print" 9px 16px / 40px, "Get in Touch" 11px 18px / 48px and tab buttons 10px 44px / 40px.
IMPACT	Inconsistent button sizing makes the interface look uneven.
AFFECTED URL	https://www.dosje.gov.in/ * Throughout the website
RECOMMENDATIONS	Levithan Recommends: Standardise button and CTA sizes across the website with consistent padding and sizing for each button type, in accordance with DBIM. Define a small set of standard button sizes and apply them consistently across similar components.
PROOF OF CONCEPT	 The screenshot shows the homepage of the Department of Social Justice & Empowerment website. It features a navigation bar with links like Home, Department, Associated Organisations, Offerings, Documents, Events & Gallery, and Connect. Below the navigation bar, there are three main statistics: CUMULATIVE DISBURSEMENT (₹67,977 Crore), BENEFICIARY COVERAGE (19.82 Crore), and RELEASE OF FUNDS, FY 2025-26 (₹8,731 Crore). A 'View Dashboard' button is present. The 'What's New' section lists recent updates, including the National Action Plan for Drug Demand Reduction (NAPDDR) and the Pre Bid Meeting Tender id GEM/2026/B/7743923. A 'View All' button is present in the 'What's New' section. Red boxes highlight various buttons and links across the page to illustrate inconsistent sizing and padding.

8.12 Footer missing required elements and lineage needs correction

STATUS	OPEN
REFERENCE	DBIM v3 – Section 5.6, Checklist F.1 #25
DESCRIPTION	The footer has Website Policies, Sitemap, Help, Contact Us and Last Updated, but Feedback and Related Links are not directly provided in the footer. The lineage reads "Contents of this website owned and managed by Department of Social Justice and Empowerment, Ministry of Social Justice and Empowerment, GOI" instead of the DBIM lineage form. "Last Updated" shows the same current date (30 Sep 2026) on all 1,260 pages rather than the page-specific content update date.
IMPACT	Required footer information is not presented as specified for Ministry/Department websites, and the lineage and update-date treatment are inconsistent with the DBIM guidance.
AFFECTED URL	https://www.dosje.gov.in/ * Footer on every page
RECOMMENDATIONS	Levithan Recommends: • Provide clear Feedback, Archives, and Related Links access in the footer.

8.17 Placeholder / incomplete content published

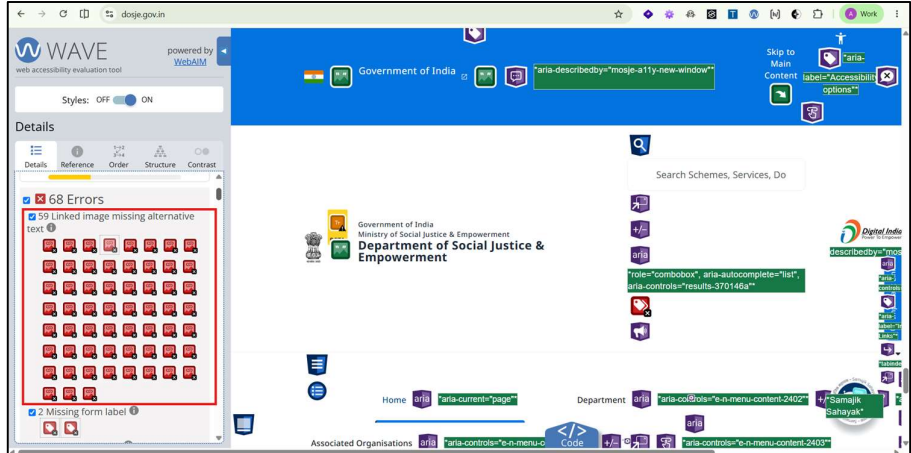

STATUS	OPEN
REFERENCE	DBIM v3 – Section 7.1, Checklist F.1 #42

The Tenders page also lists 2025 tenders under "Active", which requires verification of their current status.
IMPACT	Placeholder content makes the site appear incomplete. Tender records that are no longer active can mislead users if they remain in the Active section.
AFFECTED URL	https://www.dosje.gov.in/organisation/scw-about-us/ https://www.dosje.gov.in/contact-us/ https://www.dosje.gov.in/tenders/
RECOMMENDATIONS	Levithan Recommends: - Replace all placeholder content with final, approved content. - Verify the status of the 2025 tenders; move closed/outdated tenders to the Archives section as applicable.

8.19 Heading hierarchy not maintained

STATUS	OPEN
REFERENCE	DBIM v3 – Section 4.3 & 7.1.3(v)
DESCRIPTION	The homepage has no H1 and starts at H5. 109 pages have no H1, 13 pages have more than one H1, and 1,224 of 1,260 pages skip heading levels (e.g. H2 to H4/H6). axe-core reports heading-order violations on 127 of 134 rendered pages.
IMPACT	Inconsistent heading structure weakens the clear hierarchy of information and can also affect assistive-technology navigation.
AFFECTED URL	https://www.dosje.gov.in/ * Throughout the website
RECOMMENDATIONS	Levithan Recommends: • Ensure headings use appropriate H1–H6 tags and maintain a clear, logical hierarchy without inappropriate heading-level jumps. • Use CSS classes for visual styling rather than selecting heading levels solely for appearance.

Descriptive issues were also identified with labels such as "img" and "Icon Container". Separately, GIGW/WCAG-related testing identified 395 links without accessible names, including icon-only and logo links.

AFFECTED URL	https://www.dosje.gov.in/gallery/?type=news https://www.dosje.gov.in/gallery/?type=videos * Throughout the website
RECOMMENDATIONS	Levithan Recommends: • Provide meaningful, explanatory alt text for informative images and empty alt text for decorative images, in accordance with DBIM. • For icon-only/logo links, provide an accessible name through visible text or an appropriate accessible-name mechanism in accordance with GIGW/WCAG.

STATUS	OPEN
REFERENCE	DBIM v3 – Annexure A.5.5, Checklist F.2 #22-#23

On Contact Us, the DWBDNC tab map uses the placeholder query "Office Address Office Address Google Map 2nd Floor, Wing 2..."; the NBCFDC, NCSC, NISD and NOS tabs all show the Dr. Ambedkar Foundation location instead of their own offices; and the BJRNF tab embeds a web page instead of a map.
IMPACT	Citizens cannot reach the officers responsible for the website, and maps may point to the wrong office.
AFFECTED URL	https://www.dosje.gov.in/contact-us/
RECOMMENDATIONS	Levithan Recommends: • Publish CIO, WIM, Appellate Authority and PIO contact details. • Correct each office map embed to its actual address or coordinates.

8.23 Tender listing does not meet DBIM validation

STATUS	OPEN
REFERENCE	DBIM v3 – Annexure A.5.2.3, Checklist F.2 #18
DESCRIPTION	Most tender entries have no Tender ID (only NSFDC entries show one), and tender entries do not consistently provide a valid link to the applicable tender portal.
IMPACT	Missing Tender IDs and invalid or missing tender-portal links make tender records harder to identify and trace.
AFFECTED URL	https://www.dosje.gov.in/tenders/
RECOMMENDATIONS	Levithan Recommends: • Provide a valid link to the applicable tender portal for each tender. • Provide a valid Tender ID of up to 50 characters, without errors, for each tender.
