TOTAL FINDINGS

0

BLOCKER

5

MAJOR

9

MINOR

3

NIT

30

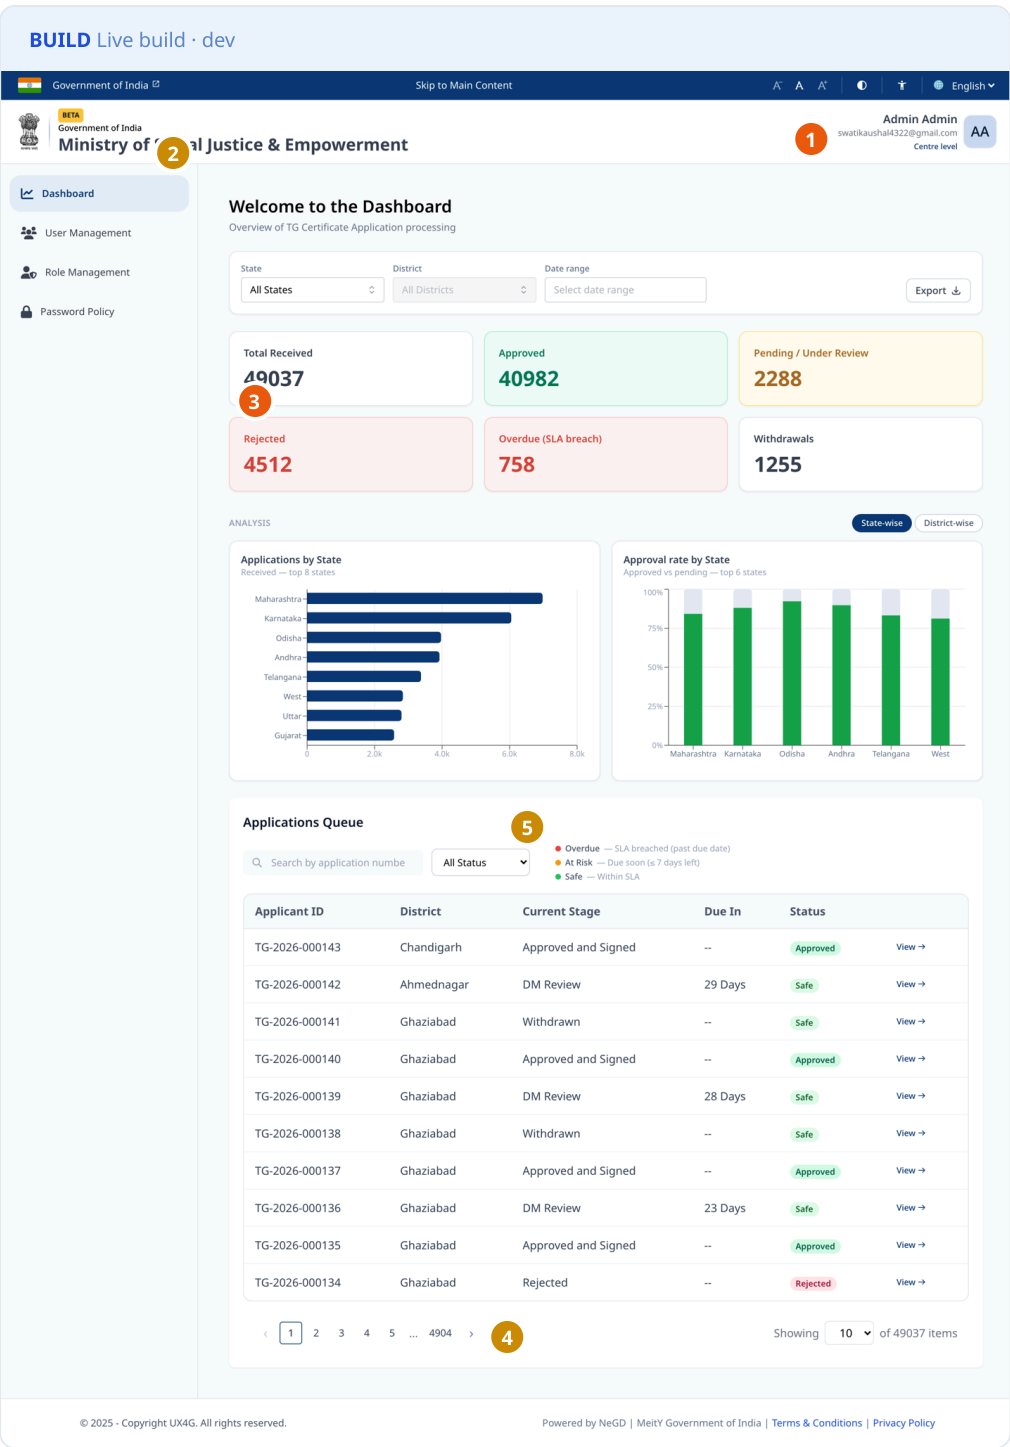

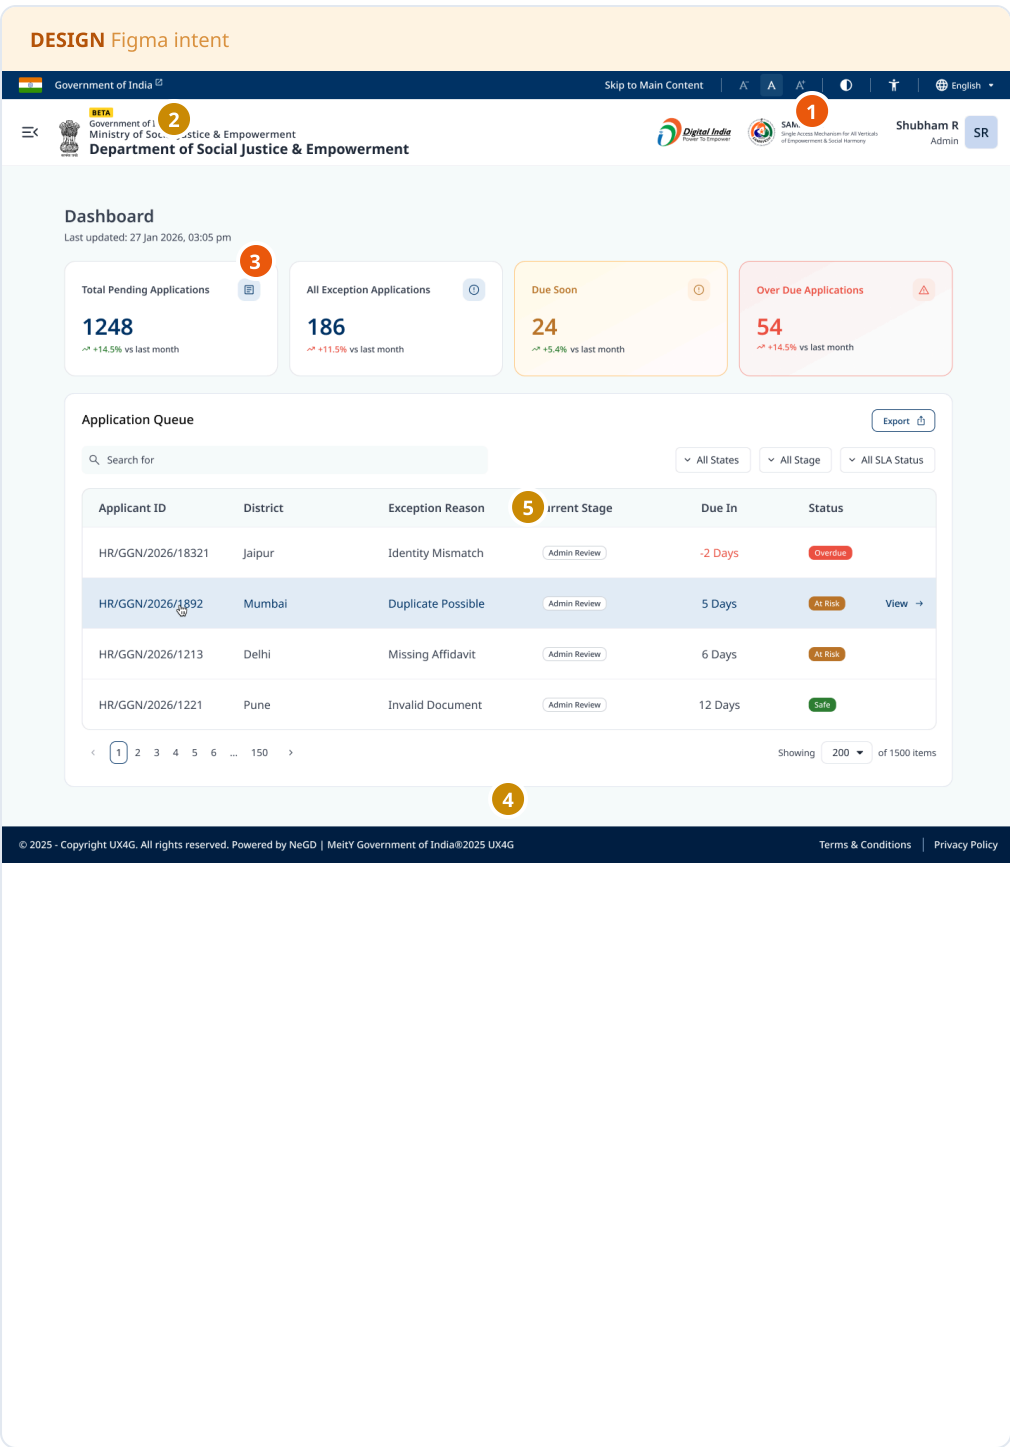

SCREENS

Each finding is pinned on the side-by-side screenshots and detailed below with its exact fix and severity.

△ Scope: Global — these elements repeat across every admin screen; fix once. The board shows a representative frame (Central Admin — Dashboard) — open it via 'Figma frame 7'; each marker's number matches its TG-GLOBAL id.

Global · Shared elements (masthead · KPI cards · tables) · Scope: Global — repeats across the portal

TG-GLOBAL-001 – TG-GLOBAL-005

1 Masthead co-branding lockup removed

Content & Iconography · Global — applies to every screen with this element

DESIGN — FIGMA INTENT

The masthead right zone carries the SAMAVESH co-branding lockup — the Digital India logo + the SAMAVESH logo — before the user/avatar block.

FIX
Restore the Digital India + SAMAVESH co-branding lockup in the masthead right zone per the design, on every screen.

BUILD — LIVE

Both logos are omitted portal-wide; only the user name/role/avatar remain on the right. (Present on the login hero, missing on every authenticated inner page.)

SCOPE: GLOBAL

Major

TG-GLOBAL-001

2 Masthead identity lockup reduced from 3 lines to 2

Content & Iconography · Global — applies to every screen with this element

DESIGN — FIGMA INTENT

'Government of India / Ministry of Social Justice & Empowerment / Department of Social Justice & Empowerment' (Department line in bold navy).

FIX
Render the full 3-line identity lockup with the Department line bold, per the design masthead.

BUILD — LIVE

Only 'Government of India / Ministry of Social Justice & Empowerment' — the Department line is dropped and the bold weight moves up a line.

SCOPE: GLOBAL

Minor

TG-GLOBAL-002

3 KPI cards lost their metric icon + trend line

Components & States · Global — applies to every screen with this element

DESIGN — FIGMA INTENT

Each dashboard KPI card shows a leading metric icon and a delta/trend line ('▲ +14.5% vs last month' or a contextual subtitle).

FIX
Restore the KPI card icon and trend/delta subtitle per the design KPI component. Applies to all role dashboards.

BUILD — LIVE

KPI cards render only a label + number — the icon and trend/subtext are dropped, losing the at-a-glance comparison hierarchy.

SCOPE: GLOBAL

Major

TG-GLOBAL-003

4 Pagination active-page state differs

Components & States · Global — applies to every screen with this element

DESIGN — FIGMA INTENT

Active page = outlined (white fill, navy border, navy numeral).

FIX
Match the pagination active-page control to the design's outlined style. Applies to every paginated table.

BUILD — LIVE

Active page = a navy-filled chip with a white numeral.

SCOPE: GLOBAL

Minor

TG-GLOBAL-004

5 Data-table header fill inconsistent across the build

Color & Token · Global — applies to every screen with this element

DESIGN — FIGMA INTENT

Table headers use a light neutral-gray fill (≈#f9fafb, Stroke/50).

FIX
Standardise all data-table headers to the neutral-gray header token; drop the blue tint on the management tables.

BUILD — LIVE

Dashboard queue tables use a near-neutral header, but the User/Role/Tenant management tables use a light blue header tint (≈#dbeafe).

SCOPE: GLOBAL

Minor

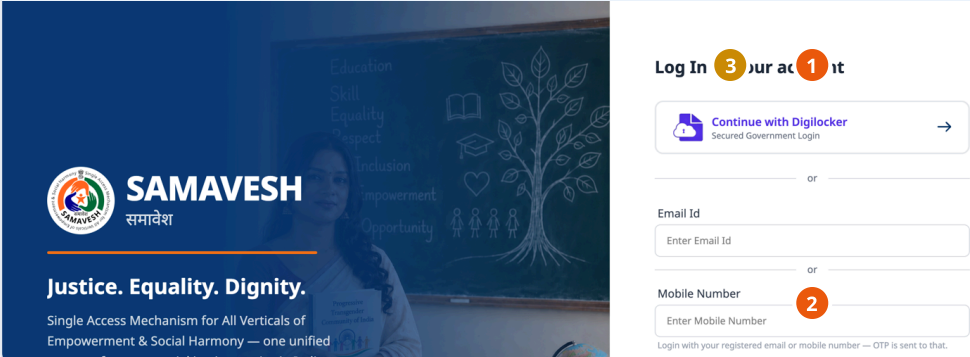

TG-GLOBAL-005

DESIGN Figma intent

The design shows a login card with a header image of a woman holding a book. Below the image is the SAMAVESH logo and tagline 'Justice. Equality. Dignity.' followed by a descriptive sentence. The main heading is 'Log in to your account'. Below it is a 'Continue with Digilocker' button. A divider 'or sign in with credentials' follows, then an 'Email' field with a '2' marker and a 'Send OTP' button. At the top right is a role-tab switcher with 'Citizen' (3), 'Admin', and 'Garima Greh' (1).

BUILD Live build · dev

The build shows the same login card but with a different heading 'Log In 3 our ac 1 it'. The 'Continue with Digilocker' button is present. Below it is an 'Email Id' field with a placeholder 'Enter Email Id'. A divider 'or' follows, then a 'Mobile Number' field with a placeholder 'Enter Mobile Number' and a '2' marker. A small note at the bottom says 'Login with your registered email or mobile number — OTP is sent to that.' The role-tab switcher is absent.

1

Role-tab switcher removed

Major

TG-CIT-SIGNIN-001

Components & States

DESIGN — FIGMA INTENT

The login card leads with a three-way role switcher — Citizen · Admin · Garima Greh — with Citizen active.

BUILD — LIVE

The citizen build renders no role tabs; the card opens straight into the 'Log In to your account' heading.

FIX
Restore the Citizen / Admin / Garima Greh role-tab switcher at the top of the login card, per the design frame.

2

Extra Mobile Number field

Major

TG-CIT-SIGNIN-002

Components & States

DESIGN — FIGMA INTENT

The design offers a single Email field under 'or sign in with credentials', then a Send OTP button.

BUILD — LIVE

The build inserts a second 'Mobile Number' field (with its own 'or' divider) below the Email Id field — absent from the design.

FIX
Align to the design's single-field pattern, or update the design frame if the Mobile Number entry is a deliberate addition.

3

Heading casing ('Log In' vs 'Log in')

Minor

TG-CIT-SIGNIN-003

Typography

DESIGN — FIGMA INTENT

The heading reads 'Log in to your account' (sentence case).

BUILD — LIVE

The build renders 'Log In to your account' — 'In' is capitalised.

FIX
Match the design's sentence-case heading: 'Log in to your account'.

DESIGN Figma intent

2

Citizen Admin Garima Greh

Log in to your account

Email

BUILD Live build · dev

Citizen Admin Garima Greh

Log In to your account

Email

Enter Email

or

Mobile Number

Enter Mobile Number

Login with your registered email or mobile number — OTP is sent to that.

1 Extra Mobile Number field

Major

TG-ADM-SIGNIN-001

Components & States

DESIGN — FIGMA INTENT

The design offers a single Email field, then a Send OTP button.

BUILD — LIVE

The build adds a second 'Mobile Number' field (with an 'or' divider) below Email — absent from the design.

FIX

Align to the design's single Email-field pattern, or update the design frame if Mobile Number entry is a deliberate addition.

2 Heading casing

Minor

TG-ADM-SIGNIN-002

Typography

DESIGN — FIGMA INTENT

The heading reads 'Log in to your account' (sentence case).

BUILD — LIVE

The build renders 'Log In to your account' — 'In' is capitalised.

FIX

Match the design's sentence-case heading: 'Log in to your account'.

⚠ Portal-wide Global findings apply to this screen (masthead co-branding, KPI cards, tables, pagination — see the Global section). Design | build shown for review; open the Figma frame ↗ for the intended design.

1 'Classification' column dropped

Minor

TG-EOD-001

Components & States

DESIGN — FIGMA INTENT

The design Maker queue has a Classification column (Clean / Exception badges) flagging exception applications.

BUILD — LIVE

The build omits the Classification column, so triage exceptions aren't visible in the list.

FIX
Show the Classification column per the design (low priority — the build shows fewer columns than the design).

2 Queue filters missing

Minor

TG-EOD-002

Components & States

DESIGN — FIGMA INTENT

The design queue header carries All Classifications / All Types / All Status filter dropdowns.

BUILD — LIVE

The build has only a search box + a State/District toggle.

FIX
Surface the relevant queue filters per the design.

1 Extra 'Current Stage' column + View action

Nit

TG-DMD-001

Components & States

DESIGN — FIGMA INTENT

The design DM queue columns are Applicant ID, Name, District, Due in, Status.

BUILD — LIVE

The build queue adds a 'Current Stage' column and a View action not in the design table.

FIX

Confirm if intended — the build has an extra column; do not remove without design sign-off.

△ Portal-wide Global findings apply to this screen (masthead co-branding, KPI cards, tables, pagination — see the Global section). Design | build shown for review; open the Figma frame ↗ for the intended design.

District Magistrate — Request-Correction modal · design | build

coverage

1 Global filter bar sits above the KPI cards

Nit

TG-CAD-001

Layout & Spacing

DESIGN — FIGMA INTENT

The design keeps the State / District / Date-range filters inside the Application Queue card.

BUILD — LIVE

The build floats a global filter bar ABOVE the KPI cards; it is a richer analytics dashboard (6 KPIs + State/District charts) vs the design's 4-KPI exception queue.

FIX

Confirm the analytics layout is intended — the extra KPIs/charts are build-only (audit vs the visual language, don't remove).

2 Confirm analytics chart palette uses TG tokens

Minor

TG-CAD-002

Color & Token

DESIGN — FIGMA INTENT

Charts should use TG tokens — Primary/Source #003366 for bars, Success/Source #2e7d32 for the approval-rate series.

BUILD — LIVE

Chart series may use raw greens/blues rather than the TG token palette.

FIX

Verify the chart palette against the TG tokens; the charts are a build-only section audited vs the visual language.

National Portal for Transgender Persons — Design QC · 2026-07-10

[Figma frame ↗](#) [Live page ↗](#)

1

Persistent expanded admin sidebar narrows the content

Minor

TG-AD-001

Layout & Spacing

DESIGN — FIGMA INTENT

The design detail page is full-width (sidebar collapsed to a hamburger); the examining-officer / DM detail pages have no sidebar (match the design).

BUILD — LIVE

The central-admin detail page keeps the admin sidebar expanded, narrowing the content column.

FIX
Confirm the central-admin sidebar on detail views is intended; otherwise collapse it to match the design.

2

Detail tab set differs (2 design / 4 build)

Nit

TG-AD-002

Components & States

DESIGN — FIGMA INTENT

The design detail has 2 tabs: Applicant Details, Documents.

BUILD — LIVE

The build has 4 tabs — it adds Revised Certificate and ID Card.

FIX
Build-extra — confirm if intended.

⚠️ Portal-wide Global findings apply to this screen (masthead co-branding, KPI cards, tables, pagination — see the Global section). Design | build shown for review; open the Figma frame ↗ for the intended design.

build-only

National Portal for Transgender Persons — Design QC · 2026-07-10

⚠ No design frame in the audited section — audited against the design-system visual language; the portal-wide Global findings apply.

The image displays a web application interface for the Ministry of Social Justice & Empowerment. The layout includes a top header with the 'BUILD' logo and 'Live build · dev' text, a navigation bar with 'Government of India' and 'Skip to Main Content', and a sidebar with navigation links: Dashboard, User Management, Role Management (active), Password Policy, and Tenants. The main content area is titled 'Role Management' and features a search bar, an 'Add Role' button, and a table of roles. The table has columns for Role, Role Description, and Actions. The roles listed are Admin, District magistrate/district collector, Examining Authority/state, and GG USER. Each role has a toggle switch, an edit icon, and a delete icon. The footer contains copyright information: '© 2025 - Copyright UX4G. All rights reserved.' and 'Powered by NeGD | MeitY Government of India | Terms & Conditions | Privacy Policy'.

⚠ No design frame in the audited section — audited against the design-system visual language; the portal-wide Global findings apply.

The screenshot shows a web application interface for the Government of India, specifically the Ministry of Social Justice & Empowerment. The page title is "BUILD Live build · dev". The header includes the Indian flag, the text "Government of India", and a link to "Skip to Main Content". There are also accessibility icons and a language selector set to "English". The user profile section identifies the user as "Admin Admin" with email "swatikaushah4322@gmail.com" and role "Centre level". A sidebar on the left contains navigation items: Dashboard, User Management, Role Management, Password Policy, and Tenants (which is highlighted). The main content area is titled "Tenant Management" and features a search bar labeled "Search for Tenants" and an "Add New Tenant" button. Below this is a table with columns "Tenant Name", "Description", and "Date". The table contains one entry with values "mm ..", ",n,nh,", and "09-04-2026". At the bottom of the page, there is a copyright notice "© 2025 - Copyright UX4G. All rights reserved." and a footer indicating it is powered by NeGD | MeitY Government of India, with links to Terms & Conditions and Privacy Policy.

⚠ No design frame in the audited section — audited against the design-system visual language; the portal-wide Global findings apply.
