

Sample Citizen Charter

Illustrative statement of service standards

A **sample** citizen charter, generated for the SAMAVESH prototype. The commitments below are placeholders and bind nobody.

Services and standards

Service	Standard	Responsible office
Sample service one	00 working days	Sample Division
Sample service two	00 working days	Sample Division
Sample service three	00 working days	Sample Division

If a standard is not met

A real charter names the grievance route and the officer who owns it. This one names neither, because a grievance route that does not work is worse than none.
