759

MINOR

93

NIT

Summary

Each issue below gives what is wrong, the steps to see it on the live site, the fix, and the standards it fails, each linked to the exact clause. Colours, sizes and weights in fixes are SAMAVESH design tokens, with today's value beside each. Screenshots were taken on 21 September 2026, with the issue marked.

- BLOCKER

Locks people out, breaks a legal or mandatory requirement, or is a public error.
- MAJOR

Clearly wrong; users notice; a standard is failed.
- MINOR

Visible to a careful reader; a standard is partly met.
- NIT

Polish.

Where Each Issue Is

Issues	Count	Where
Sitewide issues	168	In full, with screenshots — section 1
Page-type issues, Blocker and Major	131	In full, with screenshots — section 2
Single-page Blockers	136	Listed with their fix — section 3
Other page-type and single-page issues (Major, Minor, Nit)	1450	In the tracker, Issues sheet (scope: Page type or One page)
Build differs from the Figma design	111	In the tracker, Issues sheet (scope: Build vs design)
Issues in the Figma handoff file	20	In the tracker, Issues sheet (scope: Figma file)

All Issues by Category

Category	Blocker	Major	Minor	Nit	Total
Content Accuracy	115	570	376	31	1092

Multilingual	2	1	–	–	3
Broken Links	1	1	1	–	3
All issues	178	986	759	93	2016

1 · Sitewide Issues

Fixed once in a shared template or setting; the fix lands on every page. 168 issues.

ACC-01 BLOCKER The first Tab press darkens the page and blocks the mouse

Accessibility · Who fixes it: Dev · Sitewide · Affects: All 8 templates re-checked on 21 Sep
/ — Accessibility widget — button #open-the-accessibility-menu, overlay #accessibility-overlay

WHAT IS WRONG

After the cookie banner is answered, the first Tab press moves focus to the accessibility button and shows #accessibility-overlay: a 40% black layer across the whole page with pointer-events on. A tooltip covers the Government of India bar. Mouse clicks land on the overlay, so nothing on the page can be clicked until Escape is pressed.

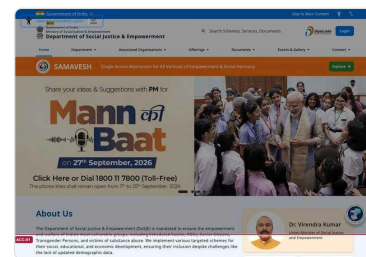

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Click Reject All on the cookie banner, then press Tab once.
3. Look at: Accessibility widget — button #open-the-accessibility-menu, overlay #accessibility-overlay.

FIX

Show the overlay only while the accessibility panel is open, never on focus. When the panel opens, move focus into it, keep Tab inside it, close it on Escape and on a backdrop click, and return focus to the button. The tooltip must be dismissible with Escape and stay open while hovered.

Standards failed: WCAG 2.1 · 2.1.1 Keyboard (A) · GIGW 3.0 · 5.2.21 Keyboard · WCAG 2.1 · 2.1.2 No Keyboard Trap (A) · GIGW 3.0 · 5.2.22 No Keyboard Trap · WCAG 2.1 · 3.2.1 On Focus (A) · GIGW 3.0 · 5.2.40 On Focus · WCAG 2.1 · 1.4.13 Content on Hover or Focus (AA) · GIGW 3.0 · 5.2.20 Content on Hover or Focus

The dark overlay after one Tab press — desktop 1440px, 21 Sep 2026

ACC-02 BLOCKER Skip link goes nowhere on most templates

Accessibility · Who fixes it: Dev · Sitewide · Affects: 6 of 8 templates checked on 21 Sep
/tenders/ — Skip links “Skip to content” and “Skip to Main Content”; the page’s <main> element

WHAT IS WRONG

Every page has two skip links, both pointing at #content. On 6 of the 8 templates checked on 21 Sep (Tenders, Contact Us, RTI, Schemes & Services, Annual Reports, Gallery) there is no #content and no <main>, so the link does nothing and a keyboard user has to tab through the whole header on every page.

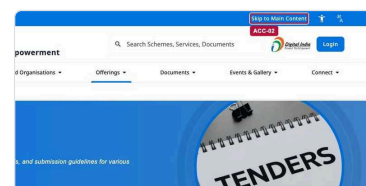

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/tenders/> on a desktop browser 1440px wide.
2. Find “Skip to Main Content” — Skip links “Skip to content” and “Skip to Main Content”; the page’s <main> element.

FIX

Keep one skip link. Wrap each template’s content in <main id=“content” tabindex=“1”> so the existing link lands on it.

Standards failed: WCAG 2.1 · 2.4.1 Bypass Blocks (A) · GIGW 3.0 · 5.2.27 Bypass Blocks · WCAG 2.1 · 1.3.1 Info and Relationships (A) · GIGW 3.0 · 5.2.7 Info and Relationships

The focused skip link — desktop 1440px, 21 Sep 2026

ACC-04 BLOCKER Meaningful images are marked as decoration

Accessibility · Who fixes it: Content + Dev · Sitewide · Affects: 33 pages — listed under Affected pages
/ — Images — National Emblem, SAMAVESH mark, the Department’s own hero banners, minister portraits, scheme tiles, organisation logos, gallery

WHAT IS WRONG

On the home page 74 of the 76 visible images have alt=“” (21 Sep), which tells a screen reader they are decoration. They include the National Emblem, the SAMAVESH mark, the four hero banners the Department uploads itself (banner-1a, 2a, 3a, 5a) and every organisation logo. The Union Minister’s portrait on About Us is alt=“”. Six scheme tiles and 12 Gallery images have no alt attribute at all.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Inspect the images’ alt attributes.
3. Look at: Images — National Emblem, SAMAVESH mark, the Department’s own hero banners, minister portraits, scheme tiles, organisation logos, gallery.

FIX

Write alt text for every image that carries meaning: the emblem → “Government of India”; a person → name and designation; a banner → its message. Keep alt=“” only for pure decoration.

Standards failed: WCAG 2.1 · 1.1.1 Non-text Content (A) · GIGW 3.0 · 5.2.1 Non-text Content · DBIM 3.0 · 5.1 State Emblem (p. 47)

Images with empty alt text, outlined — desktop 1440px, 21 Sep 2026

ACC-06 BLOCKER SAMAVESH band text and icons fail contrast

Accessibility · Who fixes it: Design + Dev · Sitewide · Affects: All 8 templates re-checked on 21 Sep
/ — SAMAVESH band below the masthead — tagline, wordmark, icons

WHAT IS WRONG

White (#FFFFFF) on the band’s orange (#F97316) measures 2.80:1 (21 Sep). That fails the 4.5:1 minimum for the 16px tagline and even the 3:1 minimum for the 28px wordmark; the icons on the band fail too.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Single Access Mechanism” — SAMAVESH band below the masthead — tagline, wordmark, icons.

FIX

Decide in the design, then change one style. Option A (keeps the orange): set the band’s text and icons to text/neutral/base — 5.2:1. Option B (keeps white text): set the band to bg/brand/secondary/bolder — 4.97:1. White on the current orange cannot pass at any size.

Design tokens: text/neutral/base ■ #1e2124 bg/brand/secondary/bolder ■ #c34700 text/neutral/inverse □ #ffffff

Standards failed: WCAG 2.1 · 1.4.3 Contrast (Minimum) (AA) · GIGW 3.0 · 5.2.14 Contrast (Minimum) · WCAG 2.1 · 1.4.11 Non-text Contrast (AA) · GIGW 3.0 · 5.2.18 Non-text Contrast · DBIM 3.0 · 3.7 Icon colour, size, format and proportion (p. 34) · DBIM 3.0 · 4.4 Text colour and contrast (p. 43)

The band’s tagline — desktop 1440px, 21 Sep 2026

ACC-08 BLOCKER Keyboard focus is invisible on buttons and pagination

Accessibility · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
[/annual-reports/](#) — Home page buttons; pagination numbers and arrows on every listing

WHAT IS WRONG

Keyboard focus shows nothing on the home page's own buttons or on pagination: a focus style exists in the stylesheet but its selector does not reach these templates. Where a ring does show, it measures 1.98:1 against its background (needs 3:1), and the sticky header covers focused items when tabbing upwards.

HOW TO SEE IT

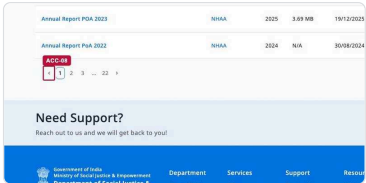

1. Open <https://www.dosje.gov.in/annual-reports/> on a desktop browser 1440px wide.
2. Press Tab until a pagination link has focus.
3. Look at: Home page buttons; pagination numbers and arrows on every listing.

FIX

Apply one focus style to every focusable element: outline in focus/ring at focus/width, offset by focus/offset, with focus/ringInner on dark grounds. Add scroll-margin-top equal to the header height so the header never covers a focused item.

Design tokens: `focus:ring` #0373df `focus:width` 2px `focus:offset` 2px `focus:ringInner` #ffffff

Standards failed: WCAG 2.1 · 2.4.7 Focus Visible (AA) · GIGW 3.0 · 5.2.33 Focus Visible · WCAG 2.2 · 2.4.11 Focus Not Obscured (Minimum) (AA) · WCAG 2.1 · 1.4.11 Non-text Contrast (AA) · GIGW 3.0 · 5.2.18 Non-text Contrast · DBIM 3.0 · 4.5 Buttons and states (p. 44)

A focused pagination link — desktop 1440px, 21 Sep 2026

ACC-09 BLOCKER At 200% zoom the sticky header covers 77% of the screen

Accessibility · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
[/tenders/](#) — Sticky masthead at 200% browser zoom

WHAT IS WRONG

At 200% zoom on a 1440×900 laptop the sticky header takes 345 of the 450 visible pixels — 77% of the screen — and stays there while scrolling. The chatbot and the Important Links tab cover much of what is left. Low-vision users are left about 100px to read.

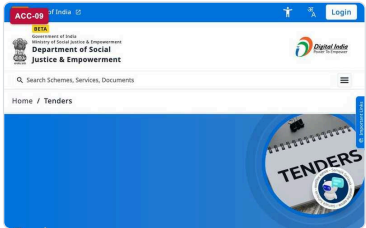

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/tenders/> on a 1440×900 laptop at 200% browser zoom.
2. Look at: Sticky masthead at 200% browser zoom.

FIX

Make the header sticky only when the window is at least 1024px wide and 640px tall; below 760px of height collapse it to one bar; hide the chatbot launcher and the edge tab on small windows.

Standards failed: WCAG 2.1 · 1.4.10 Reflow (AA) · GIGW 3.0 · 5.2.17 Reflow · WCAG 2.1 · 1.4.4 Resize Text (AA) · GIGW 3.0 · 5.2.15 Resize Text · WCAG 2.2 · 2.4.11 Focus Not Obscured (Minimum) (AA)

The page at 200% zoom — 200% zoom, 21 Sep 2026

CON-02 BLOCKER Test and deleted records are public

Content Accuracy · Who fixes it: Content · Site-wide · Affects: 47 pages — listed under Affected pages
[/official/test/](#) — Records titled "Deleted", "test(Copy)", "Test."

WHAT IS WRONG

32 records titled "Deleted" are public ([/documents/deleted/](#) ... [/documents/deleted-31/](#)), [/official/test/](#) is titled "test(Copy)", [/documents/test/](#) is public, and a parliamentary-questions page's only record is titled "Test.". All returned 200 on 21 Sep.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/official/test/> on a desktop browser 1440px wide.
2. Find "test" — Records titled "Deleted", "test(Copy)", "Test."

FIX

Unpublish them, return 410 Gone, and remove them from the sitemap and search.

Standards failed: GIGW 3.0 · 5.4.8 No links to under-construction pages · WCAG 2.1 · 2.4.2 Page Titled (A) · GIGW 3.0 · 5.2.28 Page Titled

The public test record — desktop 1440px, 21 Sep 2026

CON-03 BLOCKER Official Language Act published with the wrong year

Content Accuracy · Who fixes it: Content · Site-wide · Affects: 1 page — listed under Affected pages
[/official-language-act/](#) — Official Language Act — section 2(a)

WHAT IS WRONG

The Act's appointed day is printed as "the 26th day of January, 1995"; it is 1965. The same page reads "fifteen ears" (years) and "as may by prescribed" (be) — all present on 21 Sep.

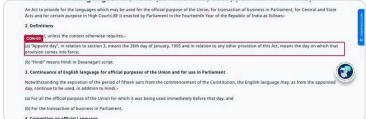

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/official-language-act/> on a desktop browser 1440px wide.
2. Find "January, 1995" — Official Language Act — section 2(a).

FIX

Correct the text against the gazetted Act.

Standards failed: GIGW 3.0 · 5.1.25 No spelling or grammatical errors · DBIM 3.0 · 7.1.3.3 Language free of errors (p. 71)

"January, 1995" — desktop 1440px, 21 Sep 2026

CON-04 BLOCKER PM-AJAY table prints "[object Object]"

Content Accuracy · Who fixes it: Dev · Site-wide · Affects: 1 page — listed under Affected pages
[/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnapm-ajay/perspective-plan-status/](#) — PM-AJAY → Perspective Plan Status — "Fy Wise Breakup" column

WHAT IS WRONG

The table prints "[object Object]" 75 times (21 Sep) in place of the planning figures.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnapm-ajay/perspective-plan-status/> on a desktop browser 1440px wide.
2. Find "[object Object]" — PM-AJAY → Perspective Plan Status — "Fy Wise Breakup" column.

FIX

Fix the rendering (the script writes an object where it should write one of its fields) and add a check that no cell contains "[object" .

Standards failed: Nielsen's 10 usability heuristics

Status - Details		Total Projects		Fy Wise		Sanctioned		Sanctioned		Sanctioned		Sanctioned	
No. of Projects Submitted	National Allocation Lakh	Proposed Cost Lakh	Perspective Plan FY	Fy Wise	Sanctioned Projects Total	Sanctioned Income Generation	Sanctioned Skill Development	Sanctioned Infrastructure	Sanctioned	Sanctioned	Sanctioned	Sanctioned	Sanctioned
83	0	478041180	2026-2027-2028-2029	subject object object object object	0	0	0	0	0	0	0	0	0
56	0	270856325	2026-2027-2028-2029	subject object object object object	0	0	0	0	0	0	0	0	0

"[object Object]" in the table — desktop 1440px, 21 Sep 2026

CON-05 BLOCKER PM-AJAY Hostel Status Report shows test data

Content Accuracy · Who fixes it: Content · Sitewide · Affects: 1 page — listed under Affected pages
[/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnapm-ajay/hostel-status-report/](https://www.dosje.gov.in/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnapm-ajay/hostel-status-report/) — PM-AJAY → Hostel Status Report — the only row

WHAT IS WRONG

The report's only row is test data: "sector 48 gurgaon, 112343" (21 Sep).

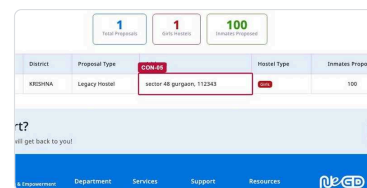

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnapm-ajay/hostel-status-report/> on a desktop browser 1440px wide.
2. Find "sector 48" — PM-AJAY → Hostel Status Report — the only row.

FIX

Publish the real report or unpublish the page.

Standards failed: GIGW 3.0 · 5.4.8 No links to under-construction pages

The test row — desktop 1440px, 21 Sep 2026

CON-06 BLOCKER Figures that contradict each other

Content Accuracy · Who fixes it: Content · Sitewide · Affects: 1 page — listed under Affected pages
[/organisation/e-utthaan/](https://www.dosje.gov.in/organisation/e-utthaan/) — e-Utthaan hero and KPI tile; sewer-death totals; PM-AJAY hostel occupancy

WHAT IS WRONG

On e-Utthaan the hero says "Rs. 1,96,400.37 crores in 2026-27" and the KPI tile on the same page says ₹196,397.15 crore (21 Sep). Sewer-death totals differ between two Commission pages. On PM-AJAY hostels, one panel says hostels are just over half occupied and the next says 100%.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/e-utthaan/> on a desktop browser 1440px wide.
2. Find "1,96,400.37" — e-Utthaan hero and KPI tile; sewer-death totals; PM-AJAY hostel occupancy.

FIX

Take each figure from one source, once, and show its date.

Standards failed: GIGW 3.0 · 5.1.18 Minimum prescribed content present · Nielsen's 10 usability heuristics

The hero figure — desktop 1440px, 21 Sep 2026

CON-07 BLOCKER "NA" printed where there is no information

Content Accuracy · Who fixes it: Content · Sitewide · Affects: 6,164 pages — listed under Affected pages
[/tenders/](https://www.dosje.gov.in/tenders/) — Tenders, vacancies, officer profiles, resources

WHAT IS WRONG

Tenders show "Est. Value NA" and "Submission by NA", several with an empty Tender No.; vacancies say "Apply by N/A"; 274 of 450 officer profiles show NA in four or more contact fields; resources rows show NA in three of seven columns. The 20 Sep crawl found "NA" fields on 6,116 pages.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/tenders/> on a desktop browser 1440px wide.
2. Find "Est. Value" — Tenders, vacancies, officer profiles, resources.

FIX

Never print NA: hide a field that is empty for every item, show a dash where one item is missing it, and fill tender closing dates.

Standards failed: GIGW 3.0 · 5.1.18 Minimum prescribed content present · ISO 9241-151 — web user-interface ergonomics

"Est. Value NA" — desktop 1440px, 21 Sep 2026

CON-08 BLOCKER Contact maps pinned to the wrong building

Content Accuracy · Who fixes it: Content · Sitewide · Affects: 4 pages — listed under Affected pages
[/organisation/national-institute-of-social-defence/contact-us/](https://www.dosje.gov.in/organisation/national-institute-of-social-defence/contact-us/) — Contact-page maps — NCSC, NBCFDC, NISD, National Overseas Scholarship

WHAT IS WRONG

Each map is pinned to Dr Ambedkar Foundation, kilometres from the address printed above it (20 Sep).

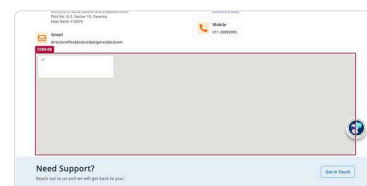

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-institute-of-social-defence/contact-us/> on a desktop browser 1440px wide.
2. Look at: Contact-page maps — NCSC, NBCFDC, NISD, National Overseas Scholarship.

FIX

Re-pin each map to its office's address.

Standards failed: GIGW 3.0 · 5.1.10 Contact Us with important functionaries · DBIM 3.0 · A.5.5 Connect: contact details (p. 126)

The map pin — desktop 1440px, 21 Sep 2026

CON-09 BLOCKER Personal and free email addresses as official contacts

Content Accuracy · Who fixes it: Content · Sitewide · Affects: 157 pages — listed under Affected pages
[/whos-who/](https://www.dosje.gov.in/whos-who/) — Contact details across the site

WHAT IS WRONG

Gmail and Yahoo addresses are published as official contacts — including a personal Gmail beside Shri Ramdas Athawale's official address — and the 20 Sep crawl found personal email addresses on 157 pages.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/whos-who/> on a desktop browser 1440px wide.
2. Find "gmail" — Contact details across the site.

FIX

Replace them with @gov.in or @nic.in role addresses; remove personal addresses.

Standards failed: GIGW 3.0 · 5.1.10 Contact Us with important functionaries · Digital Personal Data Protection Act 2023

A personal Gmail address — desktop 1440px, 21 Sep 2026

CON-10 BLOCKER Misspellings in the Important Links drawer and in page addresses

Content Accuracy · Who fixes it: Content · Sitewide · Affects: 42 pages — listed under Affected pages
/ — Important Links drawer; two page addresses

WHAT IS WRONG

The drawer reads “Penalties in case of Misutilization of Grands” (Grants) and “Online Portal tor Grant in Aid Schemes” (for) — present on 21 Sep. Two page addresses are misspelt and the correct spelling returns 404: /prioritization-guidelines-for-funding-projects-by-voluntary-organisations/ and /documents/Inviting-expression-of-Interest....-undor-the-scheme.../ (a lowercase L for a capital I, and “undor”). The 20 Sep crawl found known misspellings on 40 more pages.

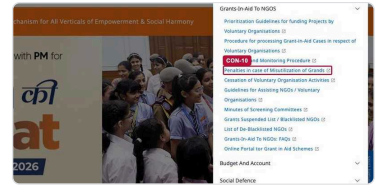

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Open the “Important Links” tab and expand Grants-In-Aid To NGOS.
3. Find “Misutilization of Grands” — Important Links drawer; two page addresses.

FIX

Correct the two labels; rename the two pages to correct addresses and 301-redirect the old ones.

Standards failed: GIGW 3.0 · 5.1.25 No spelling or grammatical errors · DBIM 3.0 · 7.1.3.3 Language free of errors (p. 71)

“Grands” in the drawer — desktop 1440px, 21 Sep 2026

CON-11 BLOCKER List of Scheduled Castes misspells States

Content Accuracy · Who fixes it: Content · Sitewide · Affects: 2 pages — listed under Affected pages
/list-of-scheduled-castes/ — List of Scheduled Castes

WHAT IS WRONG

The statutory list misspells “Gujrat” and “Maharastra” (21 Sep) and uses retired Union Territory names.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/list-of-scheduled-castes/> on a desktop browser 1440px wide.
2. Find “Gujrat” — List of Scheduled Castes.

FIX

Correct against the current gazette notifications.

Standards failed: GIGW 3.0 · 5.1.25 No spelling or grammatical errors · DBIM 3.0 · 7.1.3.3 Language free of errors (p. 71)

“Gujrat” — desktop 1440px, 21 Sep 2026

CON-12 BLOCKER NCSC's leadership page names no Chairperson

Content Accuracy · Who fixes it: Content · Sitewide · Affects: Shared component — every page that uses it
/organisation/national-commission-for-scheduled-castes/leadership-organisation/ — NCSC → Leadership & Organisation

WHAT IS WRONG

The leadership page of a constitutional commission names no Chairperson: it lists “Vacant(PA to Member1)” twice and staff, with an empty Tenure column, and the “Previous commissions” table opens with the same entries (21 Sep).

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-commission-for-scheduled-castes/leadership-organisation/> on a desktop browser 1440px wide.
2. Find “Vacant(PA to Member1)” — NCSC → Leadership & Organisation.

FIX

Publish the Chairperson, Vice-Chairperson and Members with tenure, or state the vacancy formally.

Standards failed: GIGW 3.0 · 5.1.9 Complete About Us information · DBIM 3.0 · A.5.1.2 Our Team: ministers and hierarchy (p. 116)

“Vacant(PA to Member1)” — desktop 1440px, 21 Sep 2026

LNG-01 BLOCKER No maintained Hindi site

Multilingual · Who fixes it: Content + Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Hindi version of the site

WHAT IS WRONG

There is no maintained Hindi site. The language control runs the Bhashini plug-in, which machine-translates the page in the browser; the address does not change and there are no hreflang links. Most circulars and guidelines are English only.

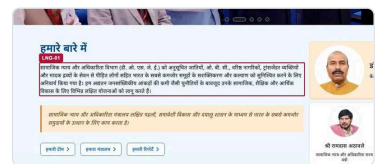

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Choose Hindi from the language menu (अ/आ).
3. Find “अनुसूचित” — Hindi version of the site.

FIX

Publish and maintain a Hindi edition at its own addresses (/hi/...) with hreflang pairs; keep Bhashini for other languages; publish Hindi versions of documents where the Act requires both.

Standards failed: Official Languages Act 1963 §3(3) · GIGW 3.0 · 5.4.10 Bilingual with a prominent language link · GIGW 3.0 · 5.4.6 Multilingual pages updated together

The page after switching to Hindi — same address — desktop 1440px, 21 Sep 2026

LNG-02 BLOCKER Hindi search returns nothing

Multilingual · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Site search in Hindi

WHAT IS WRONG

Searching “छात्रवृत्ति” returns nothing; “scholarship” returns 120 results (20 Sep).

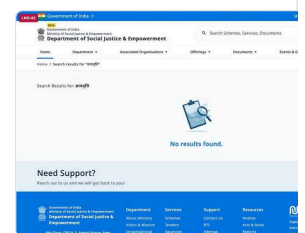

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/?s=%E0%A4%9B%E0%A4%BE%E0%A4%A4%E0%A5%8D%E0%A4%B0%E0%A4%B5%E0%A5%83%E0%A4%A4%E0%A5%8D%E0%A4%A4%E0%A4%BF> on a desktop browser 1440px wide.
2. Look at: Site search in Hindi.

FIX

Index Hindi titles and content, and transliterations of scheme names.

Standards failed: GIGW 3.0 · 5.4.10 Bilingual with a prominent language link

Search results for “छात्रवृत्ति” — desktop 1440px, 21

LNK-01 **BLOCKER** **495 document and image links do not open**

Broken Links · Who fixes it: Content + Dev · Site-wide · Affects: 495 links on 328 pages — listed under Broken links
[/organisation/national-commission-for-backward-classes-ncbc/hearing-proceeding/](#) — File links — every one is listed in Broken Links

WHAT IS WRONG

495 file links do not open (checked link by link, 19 Sep): 342 return 404 on the site's own /wp-content/ path and 153 return 403 from the upload store. 296 records (documents and vacancies) have no working file at all. Worst pages: NCBC Hearing/Proceeding (120) and NCSC Newsletter (29).

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-commission-for-backward-classes-ncbc/hearing-proceeding/> on a desktop browser 1440px wide.
2. Find “Notice” — File links — every one is listed in Broken Links.

FIX

Restore each missing upload or unpublish its record; block publishing a record whose file does not open; run a weekly link check.

Standards failed: GIGW 3.0 · 5.4.7 No broken links or page-not-found errors · DBIM 3.0 · A.5.6 Mandatory content directives (p. 127) · WCAG 2.1 · 2.4.4 Link Purpose (In Context) (A) · GIGW 3.0 · 5.2.30 Link Purpose (In Context)

Hon'ble Chairman	Minutes(05) : 64MB	NCBC/Member(03-09)
Hon'ble Chairman	Minutes(05) : 224MB	Minutes(05) : 184MB

A broken “Notice” link — desktop 1440px, 21 Sep 2026

MAN-01 **BLOCKER** **No Accessibility Statement**

Mandatory Pages & Footer · Who fixes it: Content + Dev · Site-wide · Affects: Shared component — every page that uses it
[/accessibility-statement/](#) — Accessibility Statement page — returns 404; no footer link

WHAT IS WRONG

There is no Accessibility Statement. [/accessibility-statement/](#) returns 404 (21 Sep) and nothing in the footer links to one.

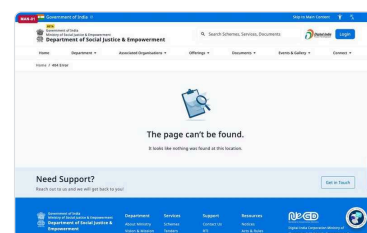

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/accessibility-statement/> on a desktop browser 1440px wide.
2. Look at: Accessibility Statement page — returns 404; no footer link.

FIX

Publish the page — the conformance target, known gaps with target dates, how the site was tested, and a contact for access problems — and link it in the footer on every page.

Standards failed: WCAG 2.1 · Conformance claims · GIGW 3.0 · 5.2.1 Non-text Content · RPDW Act 2016 §40 — accessibility of public services

The 404 page at [/accessibility-statement/](#) — desktop 1440px, 21 Sep 2026

MAN-03 **BLOCKER** **Footer is missing DBIM's four required sections**

Mandatory Pages & Footer · Who fixes it: Dev + Content · Site-wide · Affects: All 8 templates re-checked on 21 Sep
 / — Footer — Archives, Website Policy, Related Links, Feedback

WHAT IS WRONG

DBIM requires four footer sections: Archives, Website Policy, Related Links and Feedback. The footer has none of them, and [/feedback/](#), [/archive/](#) and [/website-policies/](#) all return 404 (21 Sep).

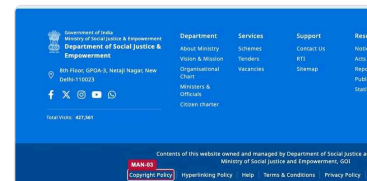

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Copyright Policy” — Footer — Archives, Website Policy, Related Links, Feedback.

FIX

Add the four sections. Website Policy: one page linking Copyright, Hyperlinking, Privacy, Terms, Disclaimer, Accessibility Statement and Screen Reader Access. Feedback: a labelled form page. Archives: see MAN-06.

Standards failed: DBIM 3.0 · 5.6 Footer (p. 54) · GIGW 3.0 · 5.1.11 Online feedback form with a response mechanism

The footer's policy row — desktop 1440px, 21 Sep 2026

MAN-05 **BLOCKER** **“Last Updated” shows today's date, not the last change**

Mandatory Pages & Footer · Who fixes it: Dev · Site-wide · Affects: 1 page — listed under Affected pages
 / — Footer — “Last Updated”

WHAT IS WRONG

“Last Updated” shows the current date on every page checked: 18 Sep on 18 Sep, 20 Sep on 20 Sep, 21 Sep on 21 Sep. It is generated, not the date the page last changed.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Last Updated” — Footer — “Last Updated”.

FIX

Print each page's stored modification date.

Standards failed: GIGW 3.0 · 5.1.5 Last updated / reviewed date · DBIM 3.0 · A.5.6 Mandatory content directives (p. 127)

“Last Updated” in the footer — desktop 1440px, 21 Sep 2026

MAN-07 **BLOCKER** **Contact Us has no phone, email, helplines or designated officers**

Mandatory Pages & Footer · Who fixes it: Content + Design · Sitewide · Affects: Shared component — every page that uses it
[/contact-us/](#) — Contact Us page

WHAT IS WRONG

The page gives one name (Ms. Kajal Singh, Director) and a postal address: no telephone, no email, no office hours and none of the Department's helplines (e.g. 14446 for drug de-addiction). The Chief Information Officer, Web Information Manager, Appellate Authority and Public Information Officers are not listed — “Web Information Manager” appears nowhere on the site. A long list of organisations fills the page opening and pushes the Department's own contacts aside, and one organisation (BJRNF) alone shows a large preview card linking to a details page.

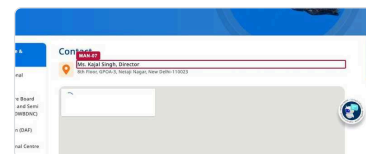

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/contact-us/> on a desktop browser 1440px wide.
2. Find “Kajal Singh” — Contact Us page.

FIX

Organise the page by how people reach out — Call, Write, Visit — with the switchboard, helplines (tap-to-call), a departmental email and hours at the top. List the CIO, WIM, CPIOs, Appellate Authority and Grievance Officer with designation, phone and email. Move organisation contacts into a picker, and show every organisation's contact the same way.

Standards failed: GIGW 3.0 · 5.1.10 Contact Us with important functionaries · GIGW 3.0 · 5.4.1 Web Information Manager nominated · DBIM 3.0 · A.5.5 Connect: contact details (p. 126)

The only contact on the page — desktop 1440px, 21 Sep 2026

MAN-08 **BLOCKER** **RTI page gives no guidance**

Mandatory Pages & Footer · Who fixes it: Content · Sitewide · Affects: Shared component — every page that uses it
[/rti/](#) — RTI page

WHAT IS WRONG

The RTI page is a list of documents: no CPIO, no First Appellate Authority, no fee, no how-to-apply text and no link to rtionline.gov.in.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/rti/> on a desktop browser 1440px wide.
2. Find “RTI” — RTI page.

FIX

Add how to file, the fee, the rtionline.gov.in link, the CPIO and First Appellate Authority with contacts, and the S4(1)(b) proactive-disclosure manuals.

Standards failed: RTI Act 2005 S4(1)(b) — proactive disclosure · GIGW 3.0 · 5.1.18 Minimum prescribed content present

The RTI page — desktop 1440px, 21 Sep 2026

NAV-01 **BLOCKER** **No citizen starting point on the home page**

Navigation & IA · Who fixes it: Design + Content · Sitewide · Affects: Shared component — every page that uses it
[/](#) — Main menu and home page

WHAT IS WRONG

The menu follows the Department's structure (Department / Associated Organisations / Offerings / Documents); to find a scholarship, a citizen must already know which of 33 bodies runs it. On the home page a visitor meets a carousel, the About Us text, ministers and statistics before anything they can do — no Find a Scheme, Apply, Track Application or helpline.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Main menu and home page.

FIX

Right after the hero, add a task row in citizen language — Find a Scheme · Apply · Track Application · File a Grievance · Helplines — and a matching task entry in the menu. This one change also shortens About Us and separates Offerings from What's New.

Standards failed: Nielsen's 10 usability heuristics · ISO 9241-151 — web user-interface ergonomics · UX4G 3.0 · §10 UX patterns

The first screen of the home page — desktop 1440px, 21 Sep 2026

PRF-01 **BLOCKER** **Pages are heavy and slow**

Performance · Who fixes it: Dev · Sitewide · Affects: 6 pages tested (21 Sep)
[/](#) — Page weight and load time

WHAT IS WRONG

Lighthouse on 21 Sep (mobile, slow-4G simulation): pages weigh 4.5–9.5 MB (home 8.2 MB, Gallery 9.5 MB, About Us 5.7 MB); performance scores 49–69; the largest element appears after 17.5–25.6 seconds; first paint on the home page at 10.4 seconds.

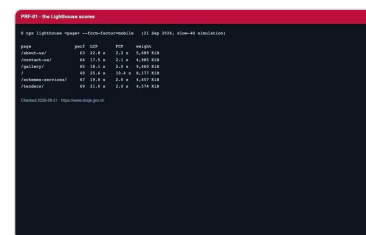

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: Lighthouse 13 mobile.
3. Look at: Page weight and load time.

FIX

Work through PRF-02 to PRF-05; aim for under 1.5 MB and a Largest Contentful Paint under 2.5 s on the home page.

Standards failed: Core Web Vitals — Largest Contentful Paint · Lighthouse performance audits · GIGW 3.0 · 5.1.15 Responsive layout with CSS

The Lighthouse scores — command output, 21 Sep 2026

SEC-01 **BLOCKER** The cookie banner does not stop tracking

Privacy & Security · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
/ — Cookie banner (Accept All / Reject All) and the scripts it should control

WHAT IS WRONG

On a first visit, before any choice, the site sets Google Analytics cookies `_ga` and `_ga_097K5TMNKB` (400-day life) and calls 14 third-party hosts, including `googletagmanager.com`, `google-analytics.com`, `platform.twitter.com`, `syndication.x.com`, `fonts.googleapis.com`, `translation-plugin.bhashini.co.in` and `cdngovai.myscheme.in` (21 Sep). The banner itself appears correctly and in the chosen language — it just controls nothing.

HOW TO SEE IT

1. Open `https://www.dosje.gov.in/` on a desktop browser 1440px wide.
2. Use a fresh browser profile and do not answer the cookie banner.
3. Find “Accept All” — Cookie banner (Accept All / Reject All) and the scripts it should control.

FIX

Load analytics, social embeds and third-party fonts only after “Accept All”; set nothing but strictly necessary cookies before a choice.

Standards failed: Digital Personal Data Protection Act 2023 · DBIM 3.0 · 7.6.1 Consent and cookies (p. 81) · GIGW 3.0 · 5.3.3 Security policy, privacy policy and contingency plan

The banner unanswered, with cookies already set — desktop 1440px, 21 Sep 2026

ACC-03 **MAJOR** Headings do not form an outline

Accessibility · Who fixes it: Dev + Content · Site-wide · Affects: 3,314 pages — listed under Affected pages
/ — Page headings — home page, Search, Video Gallery; “Need Support?” band; statistics; card titles

WHAT IS WRONG

The home page has no `<h1>`, and neither do Search and Video Gallery. On the home page the statistics (e.g. “₹67,977 Crore”) are marked up as headings, and heading levels skip: eight `<h5>` come before the first section heading, and the “Need Support?” band is an `<h6>`. Screen-reader users move through a page by its headings, and here that outline is meaningless. The 20 Sep crawl found no `<h1>` on 1,175 pages and skipped heading levels on 2,101.

HOW TO SEE IT

1. Open `https://www.dosje.gov.in/` on a desktop browser 1440px wide.
2. Inspect the heading tags (e.g. with a headings bookmarklet).
3. Find “About Us” — Page headings — home page, Search, Video Gallery; “Need Support?” band; statistics; card t.

FIX

Give every page one `<h1>` that matches its title (Elementor: heading → HTML Tag → H1; keep the look). Re-tag section titles h2, card titles h3, and statistics as plain text. Keep every visual size through the type tokens, not the tag.

Standards failed: WCAG 2.1 · 1.3.1 Info and Relationships (A) · GIGW 3.0 · 5.2.7 Info and Relationships · WCAG 2.1 · 2.4.6 Headings and Labels (AA) · GIGW 3.0 · 5.2.32 Headings and Labels · GIGW 3.0 · 5.1.17 Page title, language attribute and metadata

Heading tags on the home page — no `h1`; section titles are h2 to h6 in no order — desktop 1440px, 21 Sep 2026

ACC-05 **MAJOR** Icon buttons and image links have no name

Accessibility · Who fixes it: Dev · Site-wide · Affects: Found on every template tested with axe-core and Lighthouse — reproduce with the steps
/ — Icon-only controls and image-only links — `<a id="accessibilityButton" role="button">`, organisation logos, footer and logo-strip links

WHAT IS WRONG

Links and buttons made of an icon or an image alone have no accessible name, so a screen reader announces just “link” or “button”. axe-core flags unnamed links and controls on every template; on the home page 64 image links have no name. Examples: the accessibility button, every organisation logo, and the Digital India, `india.gov.in` and partner logos.

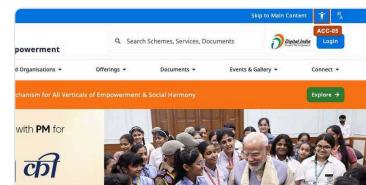

HOW TO SEE IT

1. Open `https://www.dosje.gov.in/` on a desktop browser 1440px wide.
2. Look at: Icon-only controls and image-only links — `<a id="accessibilityButton" role="button">`, organisation logos, footer and logo-strip links.

FIX

Name every icon-only control with `aria-label` (“Accessibility options”). Name image-only links through the image’s alt (“National Commission for Scheduled Castes”).

Standards failed: WCAG 2.1 · 4.1.2 Name, Role, Value (A) · GIGW 3.0 · 5.2.49 Name, Role, Value · WCAG 2.1 · 2.4.4 Link Purpose (In Context) (A) · GIGW 3.0 · 5.2.30 Link Purpose (In Context)

The unnamed accessibility button — desktop 1440px, 21 Sep 2026

ACC-07 **MAJOR** Blue text on light tints fails contrast

Accessibility · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
/ `<contact-us>` — “Get in Touch”, organisation labels (“Dr. Ambedkar Foundation Official”), cookie-banner descriptions

WHAT IS WRONG

Three more text pairs fail AA (18 Sep): #0373DF on #E5EFF9 (“Get in Touch”), #0373DF on #F9FAFB (organisation labels) and #938BB6 on white (cookie descriptions).

HOW TO SEE IT

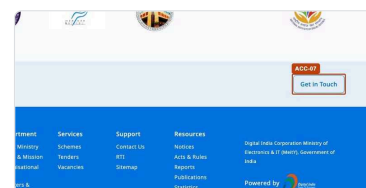

1. Open `https://www.dosje.gov.in/` on a desktop browser 1440px wide.
2. Find “Get in Touch” — “Get in Touch”, organisation labels (“Dr. Ambedkar Foundation Official”), cookie-banner de.

FIX

Set these texts to text/link/brand/default on light tints, and cookie descriptions to text/neutral/subtle. Check each pair is at least 4.5:1.

Design tokens: `text/link/brand/default` ■ #005eb9 `text/neutral/subtle` ■ #3a3d41

Standards failed: WCAG 2.1 · 1.4.3 Contrast (Minimum) (AA) · GIGW 3.0 · 5.2.14 Contrast (Minimum) · DBIM 3.0 · 4.4 Text colour and contrast (p. 43)

“Get in Touch” on its tint — desktop 1440px, 21 Sep 2026

ACC-10 MAJOR Elements forced into the Tab order with tabindex above 0

Accessibility · Who fixes it: Dev · Site-wide · Affects: Found on every template tested with axe-core and Lighthouse — reproduce with the steps / — Elements given `tabindex="1"` or higher at runtime by the accessibility widget

WHAT IS WRONG

Elements on every template carry a positive `tabindex` (axe-core), which overrides the page's natural Tab order. Lighthouse flags it on all 6 pages tested on 21 Sep.

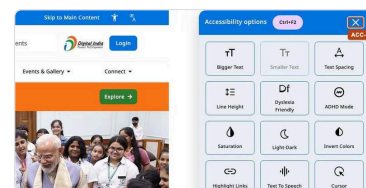

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Inspect elements' `tabindex` values.
3. Look at: Elements given `tabindex="1"` or higher at runtime by the accessibility widget.

FIX

Remove every positive `tabindex`; use 0 (focusable in order) or -1 (focusable by script only).

Standards failed: WCAG 2.1 · 2.4.3 Focus Order (A) · GIGW 3.0 · 5.2.29 Focus Order

Elements with `tabindex` above 0, outlined — desktop 1440px, 21 Sep 2026

ACC-11 MAJOR Carousels, logo strip and ticker cannot be paused

Accessibility · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it / — Home hero carousel, logo strip, news ticker, other carousels

WHAT IS WRONG

Four carousels, the logo strip and the news ticker move on their own. None has a pause control, and none respects the operating system's reduce-motion setting.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Home hero carousel, logo strip, news ticker, other carousels.

FIX

Add a visible Pause/Play button before each moving region; pause on hover and on keyboard focus; do not auto-advance when prefers-reduced-motion is set.

Standards failed: WCAG 2.1 · 2.2.2 Pause, Stop, Hide (A) · GIGW 3.0 · 5.2.25 Pause, Stop, Hide · Nielsen's 10 usability heuristics

The auto-advancing hero carousel — desktop 1440px, 21 Sep 2026

ACC-12 MAJOR Header controls: menu links, hidden search button and empty outputs in the Tab order

Accessibility · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it / — Masthead — six mega-menu triggers, the search submit button, four hidden <output> elements

WHAT IS WRONG

The six top-level menu items are links instead of buttons with `aria-expanded`. A search submit button is focusable while positioned off screen (top: -159941px), and four zero-size <output> elements sit in the Tab order — a keyboard user tabs onto things that cannot be seen.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find "Department" — Masthead — six mega-menu triggers, the search submit button, four hidden <output> elements.

FIX

Make each menu trigger a <button `aria-expanded`>; remove the off-screen search button from the Tab order while hidden; delete the four empty <output> elements.

Standards failed: WCAG 2.1 · 4.1.2 Name, Role, Value (A) · GIGW 3.0 · 5.2.49 Name, Role, Value · WCAG 2.1 · 2.4.3 Focus Order (A) · GIGW 3.0 · 5.2.29 Focus Order · WCAG 2.1 · 2.4.7 Focus Visible (AA) · GIGW 3.0 · 5.2.33 Focus Visible · DBIM 3.0 · 5.4 Header components (p. 51)

A mega-menu trigger built as a link — desktop 1440px, 21 Sep 2026

ACC-13 MAJOR "Important Links" tab cannot be reached by keyboard

Accessibility · Who fixes it: Dev · Site-wide · Affects: All 8 templates re-checked on 21 Sep / — "Important Links" tab on the right edge of every page, and its drawer (#exampleModal)

WHAT IS WRONG

The tab that opens the drawer is an unlabelled <div>, so keyboard and screen-reader users cannot find or open it, and the drawer does not move or keep focus.

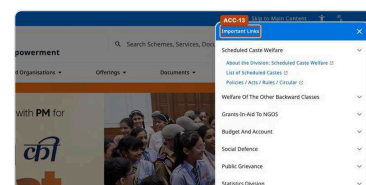

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Click the vertical "Important Links" tab on the right edge.
3. Find "Important Links" — "Important Links" tab on the right edge of every page, and its drawer (#exampleModal).

FIX

Make the trigger a <button> named "Important Links" with `aria-expanded`; manage the drawer as a dialog — focus moves in, stays in, Escape closes it and focus returns to the tab.

Standards failed: WCAG 2.1 · 4.1.2 Name, Role, Value (A) · GIGW 3.0 · 5.2.49 Name, Role, Value · WCAG 2.1 · 2.1.1 Keyboard (A) · GIGW 3.0 · 5.2.21 Keyboard · WCAG 2.1 · 2.4.3 Focus Order (A) · GIGW 3.0 · 5.2.29 Focus Order

The drawer opened from the edge tab — desktop 1440px, 21 Sep 2026

ACC-14 MAJOR Accessibility and language buttons vanish in High Contrast mode

Accessibility · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it / — Accessibility and language buttons in the top bar, in Windows High Contrast mode

WHAT IS WRONG

Both icons are CSS background images, which High Contrast mode removes, so both buttons render as empty boxes for exactly the people who switch that mode on.

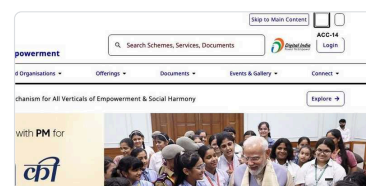

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Turn on Windows High Contrast (or emulate forced-colors: active).
3. Look at: Accessibility and language buttons in the top bar, in Windows High Contrast mode.

FIX

Draw both icons as inline SVG in `currentColor`, with a text label.

Standards failed: WCAG 2.1 · 1.4.11 Non-text Contrast (AA) · GIGW 3.0 · 5.2.18 Non-text Contrast · DBIM 3.0 · 3.7 Icon colour, size, format and proportion (p. 34)

The top bar with forced colours on — desktop 1440px, 21 Sep 2026

ACC-15 **MAJOR** Tap targets are too small

Accessibility · Who fixes it: Dev · Sitewide · Affects: Found on every template tested with axe-core and Lighthouse — reproduce with the steps / — Carousel dots, pagination arrows, top-bar links (“Home” 41×21px, “About Ministry” 123×20px), “View” buttons (67×40px)

WHAT IS WRONG

56 tap targets were smaller than 24×24px on 10 Sep, and 28 on the home page on a phone (18 Sep). Many more are under the 44×44px UX4G recommends. Lighthouse flags target size on all 6 pages tested on 21 Sep.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “About Ministry” — Carousel dots, pagination arrows, top-bar links (“Home” 41×21px, “About Ministry” 123×20px).

FIX

Give every control a hit area of at least target/min, aiming for target/comfortable, keeping the drawn size (padding or an invisible ::before). Keep target/spacing between neighbours.

Design tokens: **target/min** 1.5rem **target/comfortable** 2.75rem **target/spacing** 0.5rem

Standards failed: WCAG 2.2 · 2.5.8 Target Size (Minimum) (AA) · UX4G 3.0 · §6 Accessibility — target size

“About Ministry”, 20px tall — desktop 1440px, 21 Sep 2026

ACC-16 **MAJOR** Data tables are not marked up as tables

Accessibility · Who fixes it: Dev · Sitewide · Affects: 6,696 pages — listed under Affected pages / [about-the-division-social-defence/](#) — Data tables (DataTables) — header cells, captions, the table element

WHAT IS WRONG

63 <th> cells had no scope and no table had a <caption> (10 Sep); the 20 Sep crawl found tables with no caption on 6,638 pages and tables with no header cells on 58. On 15 pages the sortable headers carry aria-controls="dataTable1" while the table has no such id.

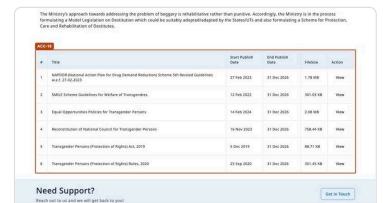

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/about-the-division-social-defence/> on a desktop browser 1440px wide.
2. Look at: Data tables (DataTables) — header cells, captions, the table element.

FIX

Add the matching id to each DataTables table, scope="col" to header cells and a <caption> naming the table.

Standards failed: WCAG 2.1 · 1.3.1 Info and Relationships (A) · GIGW 3.0 · 5.2.7 Info and Relationships · WCAG 2.1 · 4.1.2 Name, Role, Value (A) · GIGW 3.0 · 5.2.49 Name, Role, Value · GIGW 3.0 · 5.1.19 Data tables marked up properly

A table with no caption or header scope — desktop 1440px, 21 Sep 2026

ACC-17 **MAJOR** New windows open without warning

Accessibility · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it / — Links that open in a new window or tab

WHAT IS WRONG

26 links opened a new window with no warning (10 Sep), among them the Government of India link in the top bar. GIGW also asks for a clear indication when a link leaves for a non-government site.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Government of India” — Links that open in a new window or tab.

FIX

Add “(opens in a new window)” as visually hidden text or an icon with that name; mark links to non-government sites.

Standards failed: WCAG 2.1 · 3.2.5 Change on Request (AAA) · GIGW 3.0 · 5.4.4 Hyperlinks checked; external links indicated

The top-bar link that opens a new window — desktop 1440px, 21 Sep 2026

ACC-18 **MAJOR** Links in body text are told apart only by colour

Accessibility · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it / — Links inside running text

WHAT IS WRONG

Links inside paragraphs differ from the surrounding text only by colour.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/about-us/> on a desktop browser 1440px wide.
2. Look at: Links inside running text.

FIX

Underline links inside running text.

Standards failed: WCAG 2.1 · 1.4.1 Use of Color (A) · GIGW 3.0 · 5.2.12 Use of Color

A link inside a paragraph — desktop 1440px, 21 Sep 2026

ACC-19 **MAJOR** Embedded frames have no title

Accessibility · Who fixes it: Dev · Sitewide · Affects: 612 pages — listed under Affected pages / — Embedded frames — Facebook feed on the home page, organisation-page frames, contact-page maps

WHAT IS WRONG

Iframes have no title, so a screen reader announces an unnamed frame. The 20 Sep crawl found untitled frames on 612 pages.

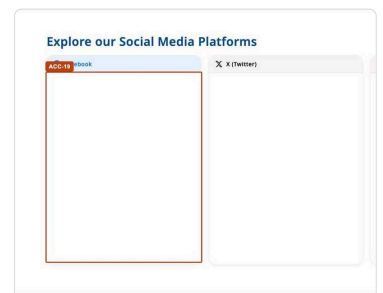

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Embedded frames — Facebook feed on the home page, organisation-page frames, contact-page maps.

FIX

Give every iframe a title saying what it shows (“Map: office location”, “Facebook posts of the Ministry”).

Standards failed: WCAG 2.1 · 4.1.2 Name, Role, Value (A) · GIGW 3.0 · 5.2.49 Name, Role, Value · WCAG 2.1 · 2.4.1 Bypass Blocks (A) · GIGW 3.0 · 5.2.27 Bypass Blocks

An iframe without a title — desktop 1440px, 21 Sep 2026

ACC-21 MAJOR Filter results change without being announced

Accessibility · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
/schemes-services/ — Listing filters and search results (Schemes, Documents, Tenders, Gallery)

WHAT IS WRONG

When a filter changes the results, nothing is announced — a screen-reader user is not told how many results there are, or that none matched.

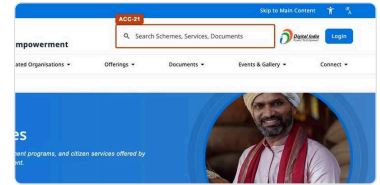

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/schemes-services/> on a desktop browser 1440px wide.
2. Look at: Listing filters and search results (Schemes, Documents, Tenders, Gallery).

FIX

Show the result count in a role="status" element and update it on every change; show a distinct "No results for <filter> — Clear filter" message.

Standards failed: WCAG 2.1 · 4.1.3 Status Messages (AA) · GIGW 3.0 · 5.2.50 Status Messages

The filter bar — desktop 1440px, 21 Sep 2026

ACC-23 MAJOR Search and feedback fields have no labels

Accessibility · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
/ — Masthead search field; the two feedback boxes ("Describe your issues here...", "Suggested Feedback")

WHAT IS WRONG

The search field and both feedback boxes rely on placeholder text alone — there is no label and no instruction at the start of the form. The search field also has no autocomplete purpose.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Masthead search field; the two feedback boxes ("Describe your issues here...", "Suggested Feedback").

FIX

Give each field a <label> (visually hidden for search) and one line of instructions above the feedback form.

Standards failed: WCAG 2.1 · 3.3.2 Labels or Instructions (A) · GIGW 3.0 · 5.2.45 Labels or Instructions · WCAG 2.1 · 1.3.1 Info and Relationships (A) · GIGW 3.0 · 5.2.7 Info and Relationships · DBIM 3.0 · B Forms (p. 129)

The search field without a label — desktop 1440px, 21 Sep 2026

ACC-26 MAJOR Control edges and carousel arrows are too faint

Accessibility · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
/ — Hero carousel arrows (25×25px, near-white on photographs, no backing), form-field borders, carousel dots

WHAT IS WRONG

The hero arrows are near-white on the photographs with no backing, so they fail the 3:1 contrast needed for controls, and at 25×25px they are easy to miss. Some field borders and dots are also below 3:1.

HOW TO SEE IT

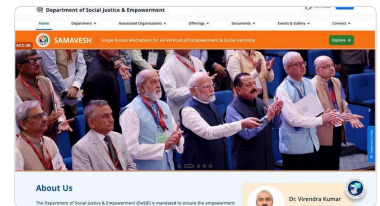

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Hero carousel arrows (25×25px, near-white on photographs, no backing), form-field borders, carousel dots.

FIX

Give the arrows a solid backing in bg/neutral/inverse at 60% or more, with icons in text/neutral/inverse, and a hit area of target/comfortable. Draw control borders in border/neutral/bolder/default.

Design tokens: `bg/neutral/inverse` ■ #0e1114 `text/neutral/inverse` □ #ffff `border/neutral/bolder/default` ■ #6f757d `target/comfortable` 2.75rem

Standards failed: WCAG 2.1 · 1.4.11 Non-text Contrast (AA) · GIGW 3.0 · 5.2.18 Non-text Contrast · WCAG 2.2 · 2.5.8 Target Size (Minimum) (AA)

The hero's next arrow — desktop 1440px, 21 Sep 2026

ACC-27 MAJOR Links named only "View", "Download" or "Read More"

Accessibility · Who fixes it: Content + Dev · Site-wide · Affects: 6,250 pages — listed under Affected pages
/documents/ — Card and list links across listings

WHAT IS WRONG

Links named only "View", "Download", "Read More" or similar were found on 6,250 pages (20 Sep crawl). Listed together by a screen reader, they cannot be told apart.

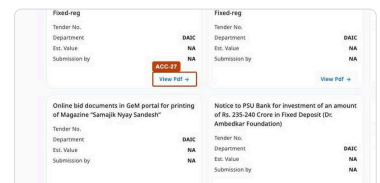

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/tenders/> on a desktop browser 1440px wide.
2. Find "View Pdf" — Card and list links across listings.

FIX

Say what opens: "Download Annual Report 2025-26 (PDF, 4 MB)", or add visually hidden text after "View".

Standards failed: WCAG 2.1 · 2.4.4 Link Purpose (In Context) (A) · GIGW 3.0 · 5.2.30 Link Purpose (In Context) · WCAG 2.1 · 2.4.9 Link Purpose (Link Only) (AAA)

A link named only "View Pdf" — desktop 1440px, 21 Sep 2026

BRD-01 MAJOR The site ships a second, violet primary colour

Brand & Visual Design · Who fixes it: Design + Dev · Site-wide · Affects: Shared component — every page that uses it
/ — ux4g-min.css variables --bs-primary, --bs-blue, --bs-link-color

WHAT IS WRONG

The UX4G stylesheet sets --bs-primary, --bs-blue and --bs-link-color to violet #613AF5 with a full violet ramp (confirmed 21 Sep), alongside the brand blue. Any component that falls back to those variables turns violet.

HOW TO SEE IT

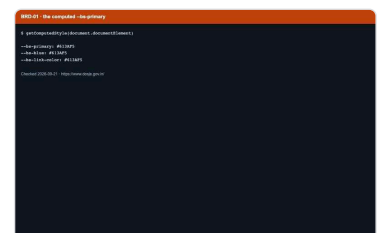

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: `getComputedStyle(document.documentElement).getPropertyValue('--bs-primary')`.
3. Look at: ux4g-min.css variables --bs-primary, --bs-blue, --bs-link-color.

FIX

Map the UX4G variables to the brand ramp after ux4g-min.css loads (--bs-primary → bg/brand/primary/bolder, --bs-link-color → text/link/brand/default), then take the one-colour-group decision (tracker T01) on one palette.

Design tokens: `bg/brand/primary/bolder` ■ #005eb9 `text/link/brand/default` ■ #005eb9

Standards failed: DBIM 3.0 · 2.1 One primary colour group (p. 25)

The computed --bs-primary — command output, 21 Sep 2026

BRD-02

MAJOR

Colours outside the functional palette

Brand & Visual Design · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Backgrounds, cards and tints

WHAT IS WRONG

Tints outside the functional palette are in use — #FFEDD5 (the one NIC cited in May) and nine more one-off tints such as #E6F8FA, #F4F3F9, #FDF0F5 and #ECD0FF (10 Sep). Across the templates there are 46 text colours and 52 background colours (19 Sep).

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.

2. Find “Our Offerings” — Backgrounds, cards and tints.

FIX

Replace each tint with a palette token (bg/brand/primary/base, bg/brand/secondary/base, bg/neutral/subtle) and use one ink, text/neutral/base, for body text.

Design tokens:

bg/brand/primary/base

#ecf4ff

bg/brand/secondary/base

#fff2ed

bg/neutral/subtle

#dcddee

text/neutral/base

#1e2124

Standards failed: DBIM 3.0 · 2.2 Functional palette (p. 26)

A section on an off-palette tint — desktop 1440px, 21 Sep 2026

BRD-03

MAJOR

Footer uses the base blue, not the darkest shade; its links fail contrast

Brand & Visual Design · Who fixes it: Design + Dev · Sitewide · Affects: All 8 templates re-checked on 21 Sep
/ — Footer background and link colour

WHAT IS WRONG

The footer is #0373DF, the base shade; DBIM requires the darkest shade of the key colour. Its navigation links (#E2E6EA) measure 3.70:1 on it (21 Sep) — below AA. The address row (4.64:1) and the bottom strip (8.67:1) pass.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.

2. Find “About Ministry” — Footer background and link colour.

FIX

Set the footer to bg/brand/primary/boldest and its text to text/neutral/inverse — 11.4:1, AA and AAA.

Design tokens:

bg/brand/primary/boldest

#003975

text/neutral/inverse

#ffffff

Standards failed: DBIM 3.0 · 5.6 Footer (p. 54) · WCAG 2.1 · 1.4.3 Contrast (Minimum) (AA) · GIGW 3.0 · 5.2.14 Contrast (Minimum)

Footer links on the base blue — desktop 1440px, 21 Sep 2026

MAJOR

Icons from three families, in off-brand colours and formats

Brand & Visual Design · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Icons across the site, including the organisation pages' Major Activities illustrations

WHAT IS WRONG

Icons come from Font Awesome 5 and Elementor icons (51 webfont glyphs, 10 Sep) — not the DBIM toolkit, and not in the PNG/SVG/WEBP formats DBIM allows. They appear in brand blue, saffron, green, grey and full colour, next to 3-D illustrated icons and coloured illustrations in circles on organisation pages.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.

2. Find “Our Offerings” — Icons across the site, including the organisation pages' Major Activities illustrations.

FIX

Use one SVG icon set (the DBIM toolkit, or the estate's Material Symbols Rounded where the kit has none), coloured icon/brand/primary/bolder or text/neutral/inverse.

Design tokens:

icon/brand/primary/bolder

#005eb9

text/neutral/inverse

#ffffff

Standards failed: DBIM 3.0 · 3.3 Consistent icon style (p. 32) · DBIM 3.0 · 3.5 Icons from the DBIM toolkit (p. 33) · DBIM 3.0 · 3.7 Icon colour, size, format and proportion (p. 34)

Mixed icon styles — desktop 1440px, 21 Sep 2026

BRD-07

MAJOR

Portraits stretched and inconsistent

Brand & Visual Design · Who fixes it: Design + Content · Sitewide · Affects: Shared component — every page that uses it
</organisation/national-institute-of-social-defence/> — Minister and officer portraits — home page, organisation pages, Who's Who

WHAT IS WRONG

Portraits of 227×244px are drawn into 279×279px boxes with object-fit: fill, widening faces by about 8%. One band mixes three backgrounds (faded white, dark rounded rectangle, jagged orange cut-out). Who's Who photos use the same frame but are cut-outs, full portraits or images with text in them; NSKFDC's Sh. Suresh Kumar is a grey stand-in silhouette. The Union Minister's portrait differs between the home page and the organisation pages.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-institute-of-social-defence/> on a desktop browser 1440px wide.

2. Find “Shri Ramdas Athawale” — Minister and officer portraits — home page, organisation pages, Who's Who.

FIX

Commission one portrait set — same crop (head and shoulders), plain background, at least 600×600px — use object-fit: cover, and a designed placeholder where there is no photo.

Standards failed: DBIM 3.0 · 6.1.4 Headshots (p. 60) · DBIM 3.0 · 5.5 Logos (p. 53)

A stretched portrait — desktop 1440px, 21 Sep 2026

BRD-10 MAJOR No shared design system in the build

Brand & Visual Design · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Components across all templates

WHAT IS WRONG

Across 28 templates there are 78 text styles, 33 button variants in five corner radii, 19 radii, 17 shadows and three container widths (19 Sep). Buttons differ card to card — text link, outline and filled — and pages read as assembled separately.

HOW TO SEE IT

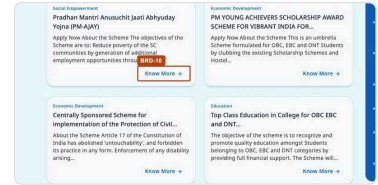

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Know More” — Components across all templates.

FIX

Rebuild the templates on one token set and one component library: one type ramp (type/*), one button family (cmp/button/radius), one radius scale (shape/*), one elevation scale (elevation/*), one container (container/content).

Design tokens: **cmp/button/radius** 8px **container/content** 1200px

Standards failed: **DBIM 3.0 · 4.5 Buttons and states (p. 44)** · **UX4G 3.0 · §3 Spacing and layout** · **GIGW 3.0 · 5.1.23 Consistent experience and visual identity across websites**

One of 33 button variants — desktop 1440px, 21 Sep 2026

BRD-11 MAJOR No PM Quote on the home page

Brand & Visual Design · Who fixes it: Design + Content · Sitewide · Affects: Shared component — every page that uses it
/ — Home page — PM Quote component

WHAT IS WRONG

DBIM lists a PM Quote among the homepage components; the home page has none (tracker T09 / T28 record it as absent).

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Home page — PM Quote component.

FIX

Add the PM Quote block in DBIM's format, with image and quote from an authorised source.

Standards failed: **DBIM 3.0 · A.4 Homepage components (p. 105)**

The home page, where the PM Quote would sit — desktop 1440px, 21 Sep 2026

BRD-12 MAJOR Social media feeds show empty boxes

Brand & Visual Design · Who fixes it: Dev · Sitewide · Affects: 1 page — listed under Affected pages
/ — Home page and organisation pages — Facebook, X and Instagram embeds

WHAT IS WRONG

Before optional cookies are accepted — or on office networks that block social media — the Facebook and X columns are empty boxes about 500–600px tall. Instagram never shows a feed, only a 274px “Follow on Instagram” card, and on organisation pages that card is cut off at the right edge.

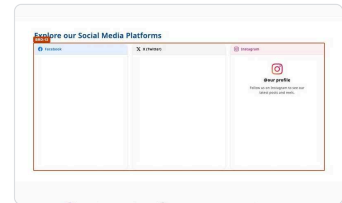

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Use a fresh browser profile and do not answer the cookie banner.
3. Find “Follow on Instagram” — Home page and organisation pages — Facebook, X and Instagram embeds.

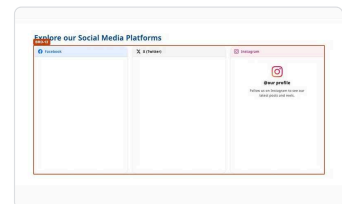

FIX

Replace the three feeds with static cards — platform icon, account name, one line and a link to the profile. This removes third-party scripts and cookies from the page and leaves nothing empty.

Standards failed: **GIGW 3.0 · 5.1.24 Integration with popular social media** · **DBIM 3.0 · A.4 Homepage components (p. 105)** · **Digital Personal Data Protection Act 2023**

Screenshot — desktop 1440px, 21 Sep 2026

BRD-15 MAJOR Our Organisations cards: gradient, cut-off emblems, uneven line spacing

Brand & Visual Design · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Home page — Our Organisations cards

WHAT IS WRONG

The cards use a blue gradient found nowhere else on the site. Some logos — including emblems that stand for the Government of India — are cut off at the edge. Some names have an extra gap between lines (“National Commission for / Backward Classes”). Spacing between logo, name and description changes with the text length, and the cards do not say what the visitor will find.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Backward Classes” — Home page — Our Organisations cards.

FIX

Remove the gradient; show every logo whole inside one fixed logo box; set names with normal line spacing (type/title/*); give every card the same structure — logo, full name, one line, destination.

Standards failed: **DBIM 3.0 · 5.5 Logos (p. 53)** · **DBIM 3.0 · 2.2 Functional palette (p. 26)** · **Nielsen's 10 usability heuristics**

The Our Organisations cards — desktop 1440px, 21 Sep 2026

COD-01

MAJOR

About Us has broken HTML

Code Quality · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
[/about-us/](#) — About Us — page markup

WHAT IS WRONG

Seven <div> elements are never closed, so </details>, </main> and </body> close with elements still open (21 Sep). Browsers guess the structure, and screen readers can read the page in the wrong order.

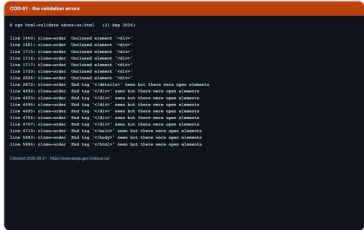

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/about-us/> on a desktop browser 1440px wide.
2. Run: `html-validate /about-us/`.
3. Look at: About Us — page markup.

FIX

Close the open elements (probably in a pasted content block) and re-validate.

Standards failed: [HTML Living Standard](#) · [WCAG 2.1](#) · [1.3.1 Info and Relationships \(A\)](#) · [GIGW 3.0](#) · [5.2.7 Info and Relationships](#)

The validation errors — command output, 21 Sep 2026

Dates written three ways; one dated in the future

Content Accuracy · Who fixes it: Content · Sitewide · Affects: 344 pages — listed under Affected pages
[/gallery/](#) — Dates across the site

WHAT IS WRONG

Dates appear as DD/MM/YYYY, DD MMM YYYY and MM/DD/YYYY — two or more formats on 343 pages (20 Sep crawl). The first Gallery card was dated 02/12/2026, in the future — almost certainly day and month reversed.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/gallery/> on a desktop browser 1440px wide.
2. Find “2026” — Dates across the site.

FIX

Use one format (DD MMM YYYY) and validate dates on entry.

Standards failed: [DBIM 3.0](#) · [A.5.6 Mandatory content directives \(p. 127\)](#)

A gallery date — desktop 1440px, 21 Sep 2026

CON-17 MAJOR About Us: objectives in a paragraph, not a list

Content Accuracy · Who fixes it: Content · Sitewide · Affects: Shared component — every page that uses it
[/about-us/](#) — About Us — objectives and functions

WHAT IS WRONG

The Department's objectives are a paragraph, not a list, and the home page's About Us is one long paragraph before any action.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/about-us/> on a desktop browser 1440px wide.
2. Find “objective” — About Us — objectives and functions.

FIX

Set objectives and functions as lists; on the home page, one sentence on purpose and audience, then Read More.

Standards failed: DBIM 3.0 · A.5.1.1 About Us: objectives and functions as a list (p. 115)

Objectives as a paragraph — desktop 1440px, 21 Sep 2026

CON-18 MAJOR Annual Reports: no version or release date; wrong years

Content Accuracy · Who fixes it: Content · Sitewide · Affects: Shared component — every page that uses it
[/annual-reports/](#) — Annual Reports — version, year and release date

WHAT IS WRONG

There is no release-date column; “Annual Report 2024-25” carries Year 2026; “Annual Report 2025-26 (English)” carries Year NA and Start Publish Date NA; the Hindi report's date differs from the English one.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/annual-reports/> on a desktop browser 1440px wide.
2. Find “Annual Report 2024-25” — Annual Reports — version, year and release date.

FIX

Add a release-date column and correct each report's Year (tracker T36 / T37).

Standards failed: DBIM 3.0 · A.5.3 Documents (p. 122) · GIGW 3.0 · 5.1.7 Details listed for every circular, document and notice

A screenshot of the 'Annual Reports' page on the DOSJE.GOV.IN website. It displays a table with the following columns: Title, Organisation, Year, Size, and Start Publish. The table lists several reports, including 'Annual Report 2024-25' and 'Annual Report 2023-24'. The 'Year' column shows values like 2026, 2023, and N/A. The 'Start Publish' column shows dates like 01/01/2026 and 01/01/2023.

Title	Organisation	Year	Size	Start Publish
Annual Report 2024-25	NSD	2026	176.85 MB	01/01/2026
Annual Report 2023-24	NSD	2023	48.18 MB	01/01/2023
Annual Report 2024-25	NSD	2024	N/A	01/01/2024
Annual Report 2023-24	NSD	2023	N/A	01/01/2023

The report rows — desktop 1440px, 21 Sep 2026

CON-23 MAJOR Who's Who: wrong title, email and phone numbers

Content Accuracy · Who fixes it: Content · Sitewide · Affects: Shared component — every page that uses it
[/whos-who/](#) — Who's Who — NCBC and NCSC teams

WHAT IS WRONG

NCBC's Member is shown as “Shri” Kiran Umesh Mahalle; NCBC names her Mrs. NCBC's Member has no contact details though NCBC publishes them. NCSC's Shri Vaddepalli Ramchander is shown with the Chairperson's email (NCSC lists vaddepalli.ncsc@ncsc.gov.in); both NCSC Members are shown with the Chairperson's phone number (NCSC lists 011-24623266 and 011-24624801); and “Member's office (LKK)” and “Member's office (VDR)” — section headings from NCSC's directory — appear in the post field.

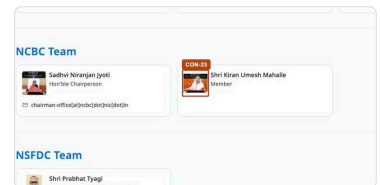

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/whos-who/> on a desktop browser 1440px wide.
2. Find “Kiran Umesh Mahalle” — Who's Who — NCBC and NCSC teams.

FIX

Correct each against the body's own website: title Mrs.; NCBC Member contacts; NCSC Members' email and phone; post “Member”.

Standards failed: GIGW 3.0 · 5.1.10 Contact Us with important functionaries · GIGW 3.0 · 5.1.25 No spelling or grammatical errors

“Shri” on Mrs. Mahalle's card — desktop 1440px, 21 Sep 2026

DOC-01 MAJOR Most published PDFs are not accessible

Documents & Downloads · Who fixes it: Content · Sitewide · Affects: 41 of 57 untagged · 30 of 57 image-only (21 Sep sample)
[/documents/](#) — Published PDFs

WHAT IS WRONG

Of 57 working PDFs sampled across every section (21 Sep): 41 are untagged, so a screen reader cannot follow their structure; 30 are scanned images with no text at all, so a screen reader reads nothing, search cannot find them and the text cannot be enlarged or translated; 50 have no document title; 36 declare no language.

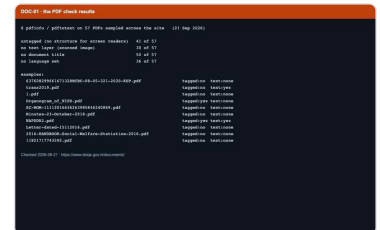

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/documents/> on a desktop browser 1440px wide.
2. Run: `pdftotext / pdftotext on 57 PDFs.`
3. Look at: Published PDFs.

FIX

Publish text-based, tagged PDFs: export from the source document with “tagged PDF” on, run OCR on scans, and set Title and Language. Start with circulars, guidelines and forms.

Standards failed: GIGW 3.0 · 5.4.9 Documents in HTML or accessible formats · WCAG 2.1 · 1.1.1 Non-text Content (A) · GIGW 3.0 · 5.2.1 Non-text Content · PDF/UA (ISO 14289) — accessible PDF · DBIM 3.0 · A.5.6 Mandatory content directives (p. 127)

The PDF check results — command output, 21 Sep 2026

DOC-02 MAJOR Wrong file size beside downloads

Documents & Downloads · Who fixes it: Dev · Sitewide · Affects: 614 pages — listed under Affected pages
[/](#) — File size shown beside downloads

WHAT IS WRONG

Downloads show “File: PDF (0 MB)” — on the home page's Recent Documents and on every document card of the National Overseas Scholarship page — while another report is listed at 195.41 MB. The 20 Sep crawl found missing file sizes on 595 pages and “0 MB” on 15.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “0 MB” — File size shown beside downloads.

FIX

Read the real byte size when a file is uploaded; show KB below 1 MB; hide the size if it is unknown.

Standards failed: GIGW 3.0 · 5.1.6 Title, size and format for every download

“PDF (0 MB)” — desktop 1440px, 21 Sep 2026

DOC-03 MAJOR Annual reports of 90–195 MB with no lighter version

Documents & Downloads · Who fixes it: Content · Site-wide · Affects: Shared component — every page that uses it
[/annual-reports/](#) — Annual Reports downloads

WHAT IS WRONG

Annual report PDFs of 195.41 MB, 116.85 MB and 89.20 MB are offered with no lighter version — effectively unavailable on a slow connection.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/annual-reports/> on a desktop browser 1440px wide.
2. Find “MB” — Annual Reports downloads.

FIX

Compress for screen (usually under 10 MB) and offer chapters separately; keep the print-quality file as an option.

Standards failed: [GIGW 3.0 · 5.1.6 Title, size and format for every download](#) · [Lighthouse performance audits](#)

Organisation	Year	Size	Start Publish Date	End Publish Date	Action
NISD	2026	116.85 MB	01/01/2026	NA	Download
NISD	2023	49.18 MB	01/01/2023	NA	Download

Report sizes — desktop 1440px, 21 Sep 2026

DUP-01 MAJOR 238 pages are exact copies of another page

Duplicate Content · Who fixes it: Content · Site-wide · Affects: 238 pages in 106 groups — listed under Duplicates
[/documents/](#) — Identical pages — groups listed in Duplicates

WHAT IS WRONG

238 pages repeat another page word for word, in 106 groups (20 Sep crawl) — “Jat” eight times; four copies each of three gallery items; “Tour visits by Hon'ble Vice Chairperson” four times.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/documents/> on a desktop browser 1440px wide.
2. Look at: Identical pages — groups listed in Duplicates.

FIX

Keep one of each group; 301-redirect the rest; check titles for duplicates before publishing.

Standards failed: [GIGW 3.0 · 5.1.18 Minimum prescribed content present](#)

Title	Organisation	Year	Size	Start Publish Date	End Publish Date	Action
Jat	NISD	NA	23.03 MB	NA	NA	Download

One of eight identical “Jat” pages — desktop 1440px, 21 Sep 2026

DUP-02 MAJOR Files uploaded twice; titles that differ only in capitals

Duplicate Content · Who fixes it: Content · Site-wide · Affects: 79 repeated uploads · 185 title pairs — listed under Duplicates
[/documents/](#) — Duplicate uploads and titles — listed in Duplicates

WHAT IS WRONG

79 groups hold the same file under the same title, and 185 titles exist twice with only capitals or punctuation changed (“NOTICE FOR APPOINTMENT OF STATUTORY AUDITOR” / “Notice for Appointment of Statutory Auditor”; “About Us” / “About us”). The Citizen's Charter is published twice (20 Sep crawl).

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/documents/> on a desktop browser 1440px wide.
2. Look at: Duplicate uploads and titles — listed in Duplicates.

FIX

Merge each pair, keep the Title Case version, redirect the other.

Standards failed: [GIGW 3.0 · 5.1.18 Minimum prescribed content present](#) · [DBIM 3.0 · 4.1.1 Alignment and letter case \(p. 39\)](#)

[/organisation/national-commission-for-backward-classes-ncbc/hearing-proceeding/](#) — Record titles

WHAT IS WRONG

279 documents are titled “Hearing / Proceeding by Hon'ble Vice Chairman”, 169 “... by Hon'ble Chairman”, 87 “... Member (KSP)”; 61 events “Block level training”, 46 “GP level training”; 15 organisation sub-pages are all titled “About Us” and 15 “Contact Us” (20 Sep crawl), so tabs and search results look identical.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-commission-for-backward-classes-ncbc/hearing-proceeding/> on a desktop browser 1440px wide.
2. Find “Hearing” — Record titles.

FIX

Put the distinguishing fact in the title — case, party and date; place and date; the organisation's name.

Standards failed: [WCAG 2.1 · 2.4.2 Page Titled \(A\)](#) · [GIGW 3.0 · 5.2.28 Page Titled](#) · [GIGW 3.0 · 5.1.17 Page title, language attribute and metadata](#)

Title	Organisation	Year	Size	Start Publish Date	End Publish Date	Action
Hearing/Proceeding	NISD	2025	2.13 MB	01/01/2025	21/02/2025	Download

Identical record titles — desktop 1440px, 21 Sep 2026

DUP-04 MAJOR Numbered page addresses beside un-numbered twins

Duplicate Content · Who fixes it: Content + Dev · Site-wide · Affects: 1,948 pages — listed under Affected pages
[/about-the-division-2/](#) — Page addresses ending -2-, -3 ...

WHAT IS WRONG

1,948 addresses end in -2-, -3 ... beside an un-numbered twin (20 Sep crawl). Some are true copies; others reuse the address for a different page — [/about-the-division-2/](#) is the Plan Division while [/about-the-division/](#) is Scheduled Caste Welfare; [/contact-us-2/](#) is “MOSJE Contact” beside [/contact-us/](#). The copies also point their canonical address at themselves.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/about-the-division-2/> on a desktop browser 1440px wide.
2. Look at: Page addresses ending -2-, -3 ...

FIX

Give every page a descriptive address; merge true copies; redirect old addresses and set canonicals to the original.

Standards failed: [GIGW 3.0 · 5.1.17 Page title, language attribute and metadata](#)

Title	Organisation	Year	Size	Start Publish Date	End Publish Date	Action
About the Division: Plan Division	NISD	2025	2.13 MB	01/01/2025	21/02/2025	Download

The Plan Division at [/about-the-division-2/](#) — desktop 1440px, 21 Sep 2026

LAY-02MAJORHero titles sit 20px off the content column

Layout & Components · Who fixes it: Dev · Sitewide · Affects: 9 pages — listed under Affected pages /about-us/ — Inner pages with a hero — the H1 and the content column

WHAT IS WRONG

On inner pages with a hero photo, the H1 starts at x=104 while the breadcrumb and body start at x=84 (19 Sep) — a 20px misalignment on every such page.

HOW TO SEE IT

1. Open https://www.dosje.gov.in/about-us/ on a desktop browser 1440px wide.

2. Find “About Us” — Inner pages with a hero — the H1 and the content column.

FIX

Put the hero title on the same left edge as the content: one container (container/content), one gutter.

Design tokens: container/content 1200px

Standards failed: UX4G 3.0 · 53 Spacing and layout

The H1 20px right of the breadcrumb — desktop 1440px, 21 Sep 2026

LAY-03MAJORListings have no loading, empty or no-results state

Layout & Components · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it /schemes-services/ — Listing pages — loading and filtered-to-nothing states

WHAT IS WRONG

Listings render empty and then fill in with no loading state, and show nothing distinct when a filter matches no results. Where nothing is running, the Events page still opens with a “Current Events” block that only says “No current events”.

HOW TO SEE IT

1. Open https://www.dosje.gov.in/events/ on a desktop browser 1440px wide.

2. Find “Current Events” — Listing pages — loading and filtered-to-nothing states.

FIX

Show skeleton rows while loading; show “No results for <filter> — Clear filter” when a filter matches nothing; hide a block that has nothing to show.

Standards failed: ISO 9241-151 — web user-interface ergonomics · Nielsen's 10 usability heuristics

An empty “Current Events” block — desktop 1440px, 21 Sep 2026

LAY-07MAJORCards are only partly clickable

Layout & Components · Who fixes it: Design + Dev · Sitewide · Affects: Who's Who 13% · tender 20% · vacancy 22% · scheme 39% (21 Sep) /whos-who/ — Cards across the site — Who's Who profiles, schemes, tenders, vacancies, documents, organisations, Activity Corner

WHAT IS WRONG

Most cards respond to a click only on their title, image or button. Measured on 21 Sep, the share of the card that is clickable is 13% on a Who's Who profile (photo and name only), 20% on a tender, 22% on a vacancy and 39% on a scheme; the rest of the card does nothing. People aim at the whole card and miss (Fitts's law), and a card that looks like one object behaving like several makes the page feel broken. Cards also disagree in the other direction: minister cards on About Us have a shadow and look clickable but are not, while NCSC's leadership cards open a profile but look like any other card.

HOW TO SEE IT

1. Open https://www.dosje.gov.in/whos-who/ on a desktop browser 1440px wide.

2. Move the pointer over a card: only the image and title react.

3. Find “Dr. Virendra Kumar” — Cards across the site — Who's Who profiles, schemes, tenders, vacancies, documents, organi.

FIX

Make every card one link. Put a single <a> on the card's title and stretch its hit area over the whole card (a ::after covering the card), so the card has one accessible name — the title — and one Tab stop. Keep any second action (e.g. “Download PDF”) as a separate button above that layer. Give clickable cards a hover and focus state (elevation/raised, focus/ring); make cards that are not clickable flat (elevation/flat).

Design tokens: elevation/raised 0 4px 6px -1px rgba(30, 33, 36, 0.10), 0 2px 4px -2px rgba(30, 33, 36, 0.06) #0373df cmp/card/radius 12px elevation/flat none focus/ring

Standards failed: Fitts's law — larger targets are faster to hit · Clickable cards — make the whole card one link · WCAG 2.2 · 2.5.8 Target Size (Minimum) (AA) · WCAG 2.1 · 2.4.4 Link Purpose (In Context) (A) · GIGW 3.0 · 5.2.30 Link Purpose (In Context) · GIGW 3.0 · 5.1.23 Consistent experience and visual identity across websites

One profile card: pink is the card, green is the only part that responds to a click — desktop 1440px, 21 Sep 2026

LAY-08MAJOROne content type, many card designs

Layout & Components · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it / — Scheme, vacancy, tender, document, organisation and Activity Corner cards

WHAT IS WRONG

Schemes, Vacancies and Tenders each use a different card, even inside one set of home-page tabs. Document cards repeat their type under titles that already say it (“Type: Annual Reports”) and use a text link on some, an outline button on others. Card text runs to different lengths, so buttons float at different heights and cards in a row do not line up; short titles in wide cards leave large empty areas.

HOW TO SEE IT

1. Open https://www.dosje.gov.in/ on a desktop browser 1440px wide.

2. Find “Recent Documents” — Scheme, vacancy, tender, document, organisation and Activity Corner cards.

FIX

Agree one listing card and one document card and use them everywhere: organisation · title (two lines max) · one key date or status · one action pinned to the card's foot. Document cards: title, date, format and size on one line.

Design tokens: cmp/card/radius 12px

Standards failed: GIGW 3.0 · 5.1.23 Consistent experience and visual identity across websites · DBIM 3.0 · 4.5 Buttons and states (p. 44) · Nielsen's 10 usability heuristics

Cards with floating buttons — desktop 1440px, 21 Sep 2026

LAY-09 MAJOR Listing pages open with a 340px banner

Layout & Components · Who fixes it: Design · Sitewide · Affects: Shared component — every page that uses it
[/tenders/](#) — Every listing page's hero band

WHAT IS WRONG

Every listing page starts with a blue band about 340px tall with a stock image. It pushes the first result below the fold and adds nothing.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/tenders/> on a desktop browser 1440px wide.
2. Find “Tenders” — Every listing page's hero band.

FIX

Use a short header: breadcrumb, title, one line of description. Use an image only when it adds information.

Standards failed: [Nielsen's 10 usability heuristics](#)

The 340px hero band — desktop 1440px, 21 Sep 2026

LAY-14 MAJOR Organisation page header fills the first screen and offers no actions

Layout & Components · Who fixes it: Design + Dev · Sitewide · Affects: Every organisation page
[/organisation/national-institute-of-social-defence/](#) — Header band of every organisation page — logo, name, standfirst, photograph and the three statistics

WHAT IS WRONG

At 1440×900 the header is a full-width blue gradient about 500px tall, so nothing below it — activities, schemes, contacts — shows on the first screen. The standfirst is a long italic paragraph of history in white on the gradient; the photograph is cropped into a decorative ring; the logo sits small in a white circle; the statistics float on a separate card with decorative icons. There is no link to the organisation's own website and no contact; NISD's header has no action at all, and NCSC's has only e-Grievance.

HOW TO SEE IT

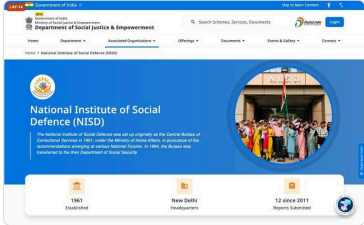

1. Open <https://www.dosje.gov.in/organisation/national-institute-of-social-defence/> on a desktop browser 1440px wide.
2. Look at the first screen without scrolling.

FIX

Build one compact organisation header in the design system and use it on every organisation page: breadcrumb; the logo whole at its own aspect ratio beside the name as the page heading (type/headline/1); one line saying what the body is and since when; a one- or two-sentence standfirst in roman type (type/body/1, text/neutral/subtle); the actions — the organisation's own portal where it has one, Official Website and Contact; key facts as a short label-value list instead of a floating card; the photograph as a plain rectangle beside the text, or left out on phones; a light surface (bg/neutral/base) so the first content section shows on the first screen.

Design tokens: **type/headline/1** fluid: clamp(1.75rem, calc(1.4565rem + 1.304vw), 2.5rem) **type/body/1** 1rem **text/neutral/subtle** #3a3d41 **bg/neutral/base** #ffffff

Standards failed: [Nielsen's 10 usability heuristics](#) · [Gestalt proximity](#) — related things sit together · [GIGW 3.0 · 5.1.23](#) Consistent experience and visual identity across websites

The organisation header band on the first screen — desktop 1440px, 21 Sep 2026

LNG-03 MAJOR Page language stays “en-US”, even in Hindi

Multilingual · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
[/](#) — The page's lang attribute

WHAT IS WRONG

Every page declares lang="en-US", and it stays en-US after switching to Hindi (21 Sep), so a screen reader reads Devanagari with an English voice.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: `document.documentElement.lang` (before and after Hindi).
3. Look at: The page's lang attribute.

FIX

Set Site Language to English (India), which outputs lang="en-IN"; have the translator set lang to the language it switches to.

Standards failed: [WCAG 2.1 · 3.1.1](#) Language of Page (A) · [GIGW 3.0 · 5.2.38](#) Language of Page · [WCAG 2.1 · 3.1.2](#) Language of Parts (AA) · [GIGW 3.0 · 5.2.39](#) Language of Parts · [GIGW 3.0 · 5.1.17](#) Page title, language attribute and metadata

The lang attribute — command output, 21 Sep 2026

LNK-02 MAJOR 48 links to other websites are dead

Broken Links · Who fixes it: Content · Sitewide · Affects: 48 links on 25 pages — listed under Broken links
[/schemes-and-services/](#) — Outbound links — every one is listed in Broken Links

WHAT IS WRONG

48 outbound links are dead (19 Sep): 25 return 404 — among them the “Apply Now” button on the NF-OBC scheme page and Jeevan Pramaan on the Senior Citizens page; 12 point to domains that no longer exist (planningcommission.nic.in, persmin.nic.in, ncrb.nic.in, secc.gov.in, nsap.nic.in, and nissdams.gov.in behind an “Apply Now”); 8 have invalid certificates (tapas.dosje.gov.in, shatayu.dosje.gov.in); 3 return server errors.

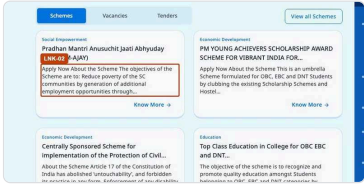

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/schemes-and-services/> on a desktop browser 1440px wide.
2. Find “Apply Now” — Outbound links — every one is listed in Broken Links.

FIX

Point each at its current address or remove it; fix every “Apply Now” first.

Standards failed: [GIGW 3.0 · 5.4.7](#) No broken links or page-not-found errors · [GIGW 3.0 · 5.4.4](#) Hyperlinks checked; external links indicated

An “Apply Now” that leads nowhere — desktop 1440px, 21 Sep 2026

/ — Phone menu

With the men

With the menu open, the page behind still scrolls, and the chatbot bubble and Important Links tab stay on top — the tab overlaps the menu's lower edge.

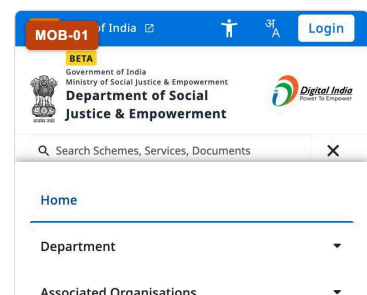

1. Open https://www.pearsoncmg.com/api/v1/print/healthcare/9780134477223/9780134477223_chapter01.pdf

1. Open <https://www.dosje.gov.nl/> on a phone 390px wide.
2. Open the menu (≡).
3. Look at: Phone menu.

Log

Lock page scroll while the menu is open and hide floating widgets.

Standards failed: UX4G 3.0 · §10 UX patterns · Nielsen's 10 usability heuristics

The open phone menu — phone 390px, 21 Sep 2026

MOB-02 MAJOR Tabs and cards clip at the edge on phones

Mobile & Responsive · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
[/organisation/national-institute-of-social-defence/](#) — Organisation page tabs; the Instagram card

WHAT IS WRONG

Tabs and the Instagram card are cut off at the container edge on a phone — “@our profi”, “Follow on Instagr”.

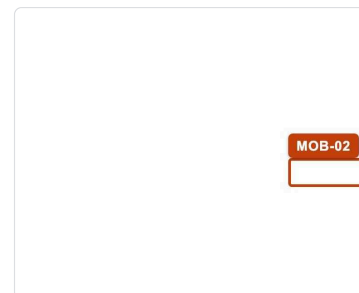

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-institute-of-social-defence/> on a phone 390px wide.
2. Find “Instagram” — Organisation page tabs; the Instagram card.

FIX

Let tab rows wrap or scroll inside a labelled region.

Standards failed: WCAG 2.1 · 1.4.10 Reflow (AA) · GIGW 3.0 · 5.2.17 Reflow

The clipped card — phone 390px, 21 Sep 2026

MOB-03 MAJOR Tables overflow and the Directory runs 60,000px on phones

Mobile & Responsive · Who fixes it: Dev · Sitewide · Affects: 3 pages — listed under Affected pages
[/mosje-directory/](#) — Tables; MoSJE Directory

WHAT IS WRONG

Wide tables overflow on phones, and the MoSJE Directory grows to about 60,000px of page with no paging (19 Sep). The home page is about 12.5 phone screens long (18 Sep).

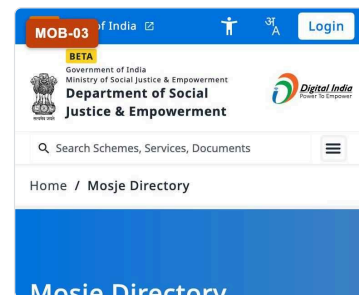

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/mosje-directory/> on a phone 390px wide.
2. Look at: Tables; MoSJE Directory.

FIX

Put wide tables in a scrollable, labelled region; page the directory (e.g. 25 per page) with search.

Standards failed: WCAG 2.1 · 1.4.10 Reflow (AA) · GIGW 3.0 · 5.2.17 Reflow · DBIM 3.0 · 10.2 Responsive across screen sizes (p. 96)

The directory on a phone — phone 390px, 21 Sep 2026

MOB-04 MAJOR Floating tab and chatbot cover content

Mobile & Responsive · Who fixes it: Dev · Sitewide · Affects: 142 pages — listed under Affected pages
 / — Important Links tab and chatbot launcher

WHAT IS WRONG

The Important Links tab shows as soon as the page opens: at 1366px it covers the hero's next arrow, it is large, and it can run into the chatbot button. On phones and zoomed screens the tab and the chatbot cover content, including tender titles and body text.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a laptop 1366px wide.
2. Find “Important Links” — Important Links tab and chatbot launcher.

FIX

Show the tab only after the hero has scrolled away; make it smaller; keep it clear of the chatbot; hide or shrink both below 1024px.

Standards failed: WCAG 2.2 · 2.4.11 Focus Not Obscured (Minimum) (AA) · UX4G 3.0 · §10 UX patterns

The tab over the hero arrow at 1366px — laptop 1366px, 21 Sep 2026

NAV-02 MAJOR Links labelled with the wrong destination

Navigation & IA · Who fixes it: Content · Sitewide · Affects: Shared component — every page that uses it
 / — Important Links drawer → Statistics Division; NCSC External Links page

WHAT IS WRONG

In the drawer, four links are labelled “SECC 2011” and three of them go to About the Statistics Division, Research & Evaluation Studies and the Handbook on Social Welfare Statistics (21 Sep). On NCSC’s External Links page, “National Commission for Women” goes to nhrc.nic.in.

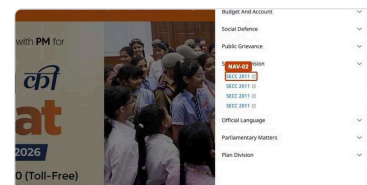

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Open the “Important Links” tab and expand Statistics Division.
3. Find “SECC 2011” — Important Links drawer → Statistics Division; NCSC External Links page.

FIX

Label each link by where it goes; point the NCW link to ncw.nic.in.

Standards failed: WCAG 2.1 · 2.4.4 Link Purpose (In Context) (A) · GIGW 3.0 · 5.2.30 Link Purpose (In Context) · GIGW 3.0 · 5.4.4 Hyperlinks checked; external links indicated

Four links named “SECC 2011” — desktop 1440px, 21 Sep 2026

NAV-03 MAJOR Two in three Schemes entries are not schemes of this Department

Navigation & IA · Who fixes it: Content · Sitewide · Affects: 86 of 140 records (9 Sep)
[/schemes-and-services/](#) — Schemes & Services listing

WHAT IS WRONG

Of 140 records (9 Sep), 86 are not schemes of this Department: 46 State Government schemes without the State named, 21 corporation loan products and events, 4 organisations, 5 guidelines, 5 status tables, 1 reference list, 1 MoU and 3 empty duplicates. Of the 48 real schemes, 5 are listed twice, sub-schemes sit beside their parents, 4 pages are only a table of PDFs and 4 are a pasted PDF.

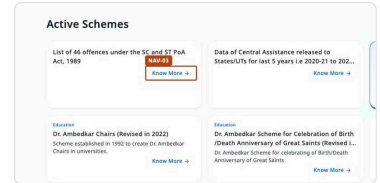

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/schemes-services/> on a desktop browser 1440px wide.
2. Find “Know More” — Schemes & Services listing.

FIX

Keep only the Department's schemes in the list; move State schemes to a labelled State directory, loan products to their corporations and documents to Documents; merge duplicates with redirects; nest sub-schemes under their parent.

Standards failed: [DBIM 3.0 · A.5.2.1 Schemes and Services \(p. 119\)](#) · [DBIM 3.0 · A.1 Information architecture \(p. 102\)](#)

The Schemes listing — desktop 1440px, 21 Sep 2026

NAV-04 MAJOR Documents library filled with NCBC hearing notices

Navigation & IA · Who fixes it: Content · Sitewide · Affects: 693 pages — listed under Affected pages
[/documents/](#) — Documents library

WHAT IS WRONG

Of the 5,994 document pages on the site (20 Sep crawl), 693 are NCBC hearing notices and tour-visit records. They belong in the NCBC section; in the Department's library they push circulars, guidelines and reports down the listing and the search results.

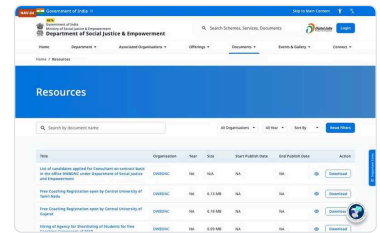

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/documents/> on a desktop browser 1440px wide.
2. Look at: Documents library.

FIX

Move the Central List of OBCs to its own searchable table (State · caste · notification) and hearings to an NCBC register; keep Documents for documents.

Standards failed: [DBIM 3.0 · A.5.3 Documents \(p. 122\)](#)

The Documents listing — desktop 1440px, 21 Sep 2026

NAV-05 MAJOR Personas: two of four, a carousel for two, and jargon

Navigation & IA · Who fixes it: Design + Content · Sitewide · Affects: Shared component — every page that uses it
 / — Home page — user personas; persona tagging

WHAT IS WRONG

DBIM names four personas; the home page offers two, in a carousel with arrows but no position indicator — a pattern that suggests more content than exists. The label “Beneficiary” is government vocabulary. Content is tagged by topic, not by persona, so choosing a persona filters nothing, and search has no persona filter.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Beneficiary” — Home page — user personas; persona tagging.

FIX

At minimum (Friday report HP-14): add a count such as “2 of 5”, put the arrows on one line with the persona name, and keep illustrations rather than photographs. Better: show the personas as plain side-by-side choices in citizen language (“I’m applying for support”, “I work in a government office”); tag content by persona and filter by it.

Standards failed: [DBIM 3.0 · A.2 User personas \(p. 103\)](#) · [DBIM 3.0 · A.3.2 Persona-based tagging \(p. 105\)](#) · [Nielsen's 10 usability heuristics](#)

The persona carousel — desktop 1440px, 21 Sep 2026

NAV-06 MAJOR Tenders do not link to the tender portal

Navigation & IA · Who fixes it: Dev + Content · Sitewide · Affects: Shared component — every page that uses it
[/tenders/](#) — Tenders listing and tender detail pages

WHAT IS WRONG

No link to GeM, eProcure or any tender portal appears on the Tenders listing or on the tender detail page examined (10 Sep).

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/tenders/> on a desktop browser 1440px wide.
2. Find “View Pdf” — Tenders listing and tender detail pages.

FIX

Link each tender to its record on the portal where bids are submitted.

Standards failed: [DBIM 3.0 · A.5.2.3 Tenders \(p. 121\)](#)

A tender card with no portal link — desktop 1440px, 21 Sep 2026

NAV-07 MAJOR Organisation pages look and work like another website

Navigation & IA · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
[/organisation/national-institute-of-social-defence/](#) — Organisation pages vs the ministry pages

WHAT IS WRONG

Organisation pages use a different navigation pattern, button family and type scale from the ministry pages, so moving between them feels like changing website.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-institute-of-social-defence/> on a desktop browser 1440px wide.
2. Look at: Organisation pages vs the ministry pages.

FIX

Use one masthead and one component set across the ministry and every organisation page.

An organisation page's first screen — desktop 1440px, 21 Sep 2026

NAV-11 MAJOR Search has no address and does not read documents

Navigation & IA · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Site search

WHAT IS WRONG

Search results have no shareable address (/search/ returns 404), and text inside PDFs is not searched.

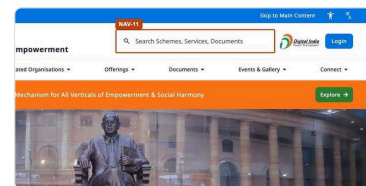

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Site search.

FIX

Give results an address (/search/?q=...) and index document text.

Standards failed: DBIM 3.0 · 9 Search (p. 91)

The search field — desktop 1440px, 21 Sep 2026

NAV-12 MAJOR Our Offerings carries too much text

Navigation & IA · Who fixes it: Design + Content · Sitewide · Affects: Shared component — every page that uses it
/ — Home page — Our Offerings cards

WHAT IS WRONG

Each card has a category, a long title and four lines of description, beside a long What's New list — a reader must read a great deal before choosing.

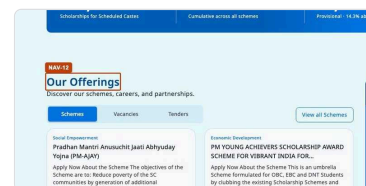

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find "Our Offerings" — Home page — Our Offerings cards.

FIX

Cut each card to category · title · link; move the detail to the scheme page.

Standards failed: Nielsen's 10 usability heuristics

The Offerings cards — desktop 1440px, 21 Sep 2026

NAV-13 MAJOR What's New scrolls inside its own box

Navigation & IA · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Home page — What's New panel

WHAT IS WRONG

What's New competes with Offerings for attention and scrolls inside its own box, which traps phone users who are trying to scroll the page.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find "What's New" — Home page — What's New panel.

FIX

Give What's New its own Latest Updates section, paged rather than scrolling inside the card.

Standards failed: Nielsen's 10 usability heuristics · WCAG 2.1 · 2.1.1 Keyboard (A) · GIGW 3.0 · 5.2.21 Keyboard

The inner-scrolling panel — desktop 1440px, 21 Sep 2026

NAV-14 MAJOR Tenders and vacancies are cards, so they cannot be compared

Navigation & IA · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
/tenders/ — Tenders, Vacancies, Documents and Notices listings

WHAT IS WRONG

Tenders and Vacancies are three-column cards: to compare dates, values or departments a reader must read every card. Circulars & Notifications already uses a table.

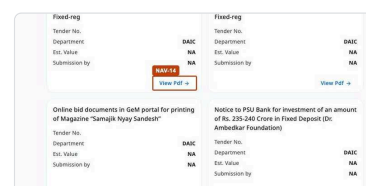

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/tenders/> on a desktop browser 1440px wide.
2. Find "View Pdf" — Tenders, Vacancies, Documents and Notices listings.

FIX

Use the Circulars table for Tenders, Vacancies, Documents and Notices: sortable columns, one action per row, rows that stack on phones.

Standards failed: Nielsen's 10 usability heuristics · GIGW 3.0 · 5.1.19 Data tables marked up properly

Tenders as cards — desktop 1440px, 21 Sep 2026

NAV-15 MAJOR Filters that do not apply to the list

Navigation & IA · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/tenders/ — Listing filters — Tenders, Vacancies, Documents

WHAT IS WRONG

Tenders has a Target Group filter, but target groups belong to schemes; using it only returns zero results. Document listings show filters without checking they fit the list, some with a single option.

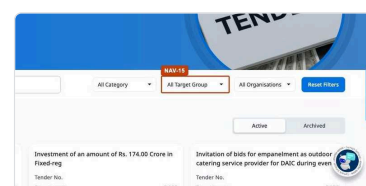

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/tenders/> on a desktop browser 1440px wide.
2. Find "Target Group" — Listing filters — Tenders, Vacancies, Documents.

FIX

Show only the filters that apply to each list — Tenders: organisation, status, closing date; Vacancies: organisation, post, closing date — and hide any filter with one option.

Standards failed: Nielsen's 10 usability heuristics

The Target Group filter on Tenders — desktop 1440px, 21 Sep 2026

NAV-16 MAJOR Gallery shows one card per photo

Navigation & IA · Who fixes it: Design + Dev · Sitewide · Affects: 861 items, 72 pages (18 Sep)
[/gallery/](#) — Gallery

WHAT IS WRONG

The gallery shows one card per photo — 861 items across 72 pages (18 Sep), most with the same caption — so finding an event is hard.

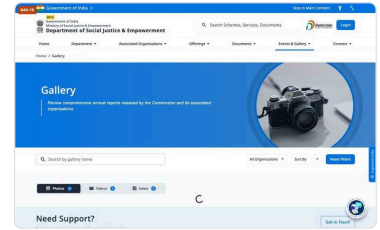

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/gallery/> on a desktop browser 1440px wide.
2. Look at: Gallery.

FIX

Show albums: one thumbnail per event with its name and photo count; open the album to see its photos, each with alt text.

Standards failed: [Nielsen's 10 usability heuristics](#)

The gallery grid — desktop 1440px, 21 Sep 2026

NAV-17 MAJOR Who's Who: no name search; filters list sections and portals

Navigation & IA · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
[/whos-who/](#) — Who's Who — search and filters

WHAT IS WRONG

The page lists eleven teams but offers no name search. The job-title filter has 86 options, some of them office sections ("CASH SECTION", "HINDI SECTION"), organisation names and a commission of inquiry; it repeats titles with small differences ("BJRNF Member" / "BJRNF/ Member", "Section Officer" / "Section Officers") and spells the Minister of State three ways. The organisation filter lists portals and schemes (E-Anudaan, E-UTTHAAN, NMBA, NOS, Smile Beggary, Transgender) as if they were organisations.

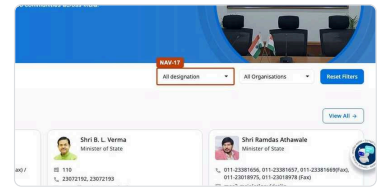

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/whos-who/> on a desktop browser 1440px wide.
2. Look at: Who's Who — search and filters.

FIX

Add a name search that matches names and designations; build the job-title filter from a clean list of posts; list only organisations in the organisation filter; on phones let each team open and close.

Standards failed: [Nielsen's 10 usability heuristics](#)

The Who's Who filters — desktop 1440px, 21 Sep 2026

PRF-02 MAJOR CSS and JavaScript are unminified and oversized

Performance · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
[/](#) — CSS and JavaScript bundles

WHAT IS WRONG

CSS and JavaScript are served unminified on all 6 pages tested (21 Sep), with large unused portions and legacy JavaScript. The home page loads pdfmake with its fonts, jszip and DataTables — table-export helpers — though it has no data table.

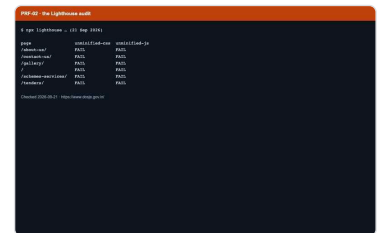

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: Lighthouse unminified-css / unminified-javascript.
3. Look at: CSS and JavaScript bundles.

FIX

Minify CSS and JS; load export libraries only on pages with a table; drop unused page-builder bundles.

Standards failed: [Lighthouse performance audits](#)

The Lighthouse audit — command output, 21 Sep 2026

PRF-03 MAJOR Fonts loaded twice; ten console errors on every page

Performance · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
[/](#) — Fonts

WHAT IS WRONG

Noto Sans is loaded self-hosted and again from Google Fonts (about 1.5 MB). The Google request is refused, logging ten console errors on every page, and fonts load without font-display.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: browser console on load.
3. Look at: Fonts.

FIX

Self-host two subsetted WOFF2 weights of ref/font/family/latin, remove the Google Fonts request and set font-display: swap.

Design tokens: `ref/font/family/latin` "Noto Sans", ui-sans-serif, system-ui, sans-serif

Standards failed: [DBIM 3.0 · 4.1 Typeface: Noto Sans \(p. 39\)](#) · [Lighthouse performance audits](#)

The console errors — command output, 21 Sep 2026

PRF-04 MAJOR Images unsized and not scaled for phones

Performance · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
[/](#) — Images

WHAT IS WRONG

Images have no width and height (all 6 pages, 21 Sep); phones receive desktop-sized files; some below-the-fold images load eagerly.

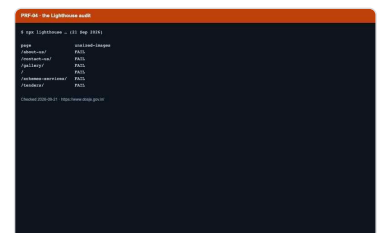

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: Lighthouse unsized-images / image-delivery.
3. Look at: Images.

FIX

Add width and height; serve srcset in modern formats; lazy-load everything below the fold.

Standards failed: [DBIM 3.0 · 6.1.1 Image formats and sizes \(p. 59\)](#) · [Lighthouse performance audits](#)

The Lighthouse audit — command output, 21 Sep 2026

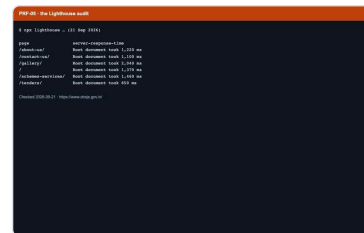

Performance · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Server response and caching

The first server response is slow on all 6 pages tested (21 Sep), static files carry short cache lifetimes, and render-blocking requests delay first paint.

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: Lighthouse server-response-time / cache.
3. Look at: Server response and caching.

Cache full pages for anonymous visitors; give versioned static files long cache lifetimes; defer non-critical CSS and JS.

Standards failed: [Lighthouse performance audits](#)

The Lighthouse audit — command output, 21 Sep 2026

Privacy & Security · Who fixes it: Content · Sitewide · Affects: Shared component — every page that uses it
[/home-page/privacy-policy/](#) — Privacy Policy

The policy says only session cookies are used; the site sets 400-day analytics cookies.

1. Open <https://www.dosje.gov.in/home-page/privacy-policy/> on a desktop browser 1440px wide.
2. Find "cookie" — Privacy Policy.

List every cookie with its purpose and retention, the lawful basis and a grievance contact.

Standards failed: Digital Personal Data Protection Act 2023 · GIGW 3.0 · 5.3.3 Security policy, privacy policy and contingency plan

The cookie statement — desktop 1440px, 21 Sep 2026

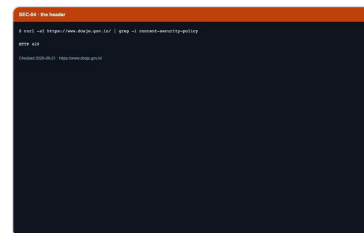

Privacy & Security · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Content-Security-Policy response header

script-src allows 'unsafe-inline', 'unsafe-eval' and any https: origin (21 Sep), so the policy does not limit which scripts can run.

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: `curl -sI https://www.dosje.gov.in/ | grep -i content-security-policy`.
3. Look at: Content-Security-Policy response header.

List the real script origins; remove 'unsafe-eval'; move inline scripts to files or use nonces.

Standards failed: OWASP ASVS V14 — configuration and HTTP headers · GIGW 3.0 · 5.3.2 Hosting Environment has been secured for ensuring confidentiality

The header — command output, 21 Sep 2026

Metadata and SEO · Who fixes it: Content + Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Page and document metadata

No page carries keywords or persona tags, and document records lack subject, issuing authority and date — the metadata search and DBIM rely on (10 Sep).

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: document.head metadata.
3. Look at: Page and document metadata.

Add keywords and persona tags; map document records to the Metadata and Data Standards fields.

Standards failed: GIGW 3.0 · 5.1.17 Page title, language attribute and metadata · DBIM 3.0 · A.5.6 Mandatory content directives (p. 127) · Metadata and Data Standards (MeiTY)

The page head — command output, 21 Sep 2026

Typography · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Heading and body sizes across the site

DBIM sets desktop H1 36, H2 24, H3 20. The site uses H2 at 28–32 and H3 at 28–40 (10 Sep). 8% of text sizes are off the UX4G scale (15px × 22, 13px × 17, 22px × 5, 23px × 4).

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find "About Us" — Heading and body sizes across the site.

Choose one scale (tracker T05) and map every text style to the type tokens: type/headline/1-6, type/title/1-3, type/body/1-3, type/label/1-3.

Design tokens: **type/body/1** 1rem **type/title/1** fluid: clamp(1.125rem, calc(1.0272rem + 0.435vw), 1.375rem) **type/headline/1** fluid: clamp(1.75rem, calc(1.4565rem + 1.304vw), 2.5rem) **type/label/1** 0.875rem

Standards failed: DBIM 3.0 · 4.3.1 Type scale (p. 41) · UX4G 3.0 · §2.3 Type scale

TOP-40 About

The Department of Social Justice & Empowerment (DSJE) is mandated to ensure the empowerment and welfare of India's most vulnerable groups, including Scheduled Caste, OBCs, Senior Citizens, Transgender Persons, and victims of substance abuse. Its empowerment services target schemes for their social, educational, and economic development, ensuring their inclusion despite challenges like the lack of updated demographic data.

The Ministry of Social Justice & Empowerment works to uplift India's most vulnerable communities through targeted initiatives, inclusive growth, and compassionate governance.

An off-scale section heading — desktop 1440px, 21 Sep 2026

TYP-02 MAJOR Text set below 12px

Typography · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
/ — The BETA badge, card metadata, small labels

WHAT IS WRONG

Text as small as 8px appears on the site (10px, 11px also, 18 Sep); UX4G's minimum is 12px.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find "BETA" — The BETA badge, card metadata, small labels.

FIX

Raise all text to at least `type/body/3` (`type/body/3`).

Design tokens: `type/body/3/size` 0.75rem `type/body/3` 0.75rem

Standards failed: [UX4G 3.0 · §2.3 Type scale](#) · [WCAG 2.1 · 1.4.4 Resize Text \(AA\)](#) · [GIGW 3.0 · 5.2.15 Resize Text](#)

10px text — desktop 1440px, 21 Sep 2026

ACC-20 MINOR Landmarks duplicated or unnamed

Accessibility · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
/ — Footer visitor counter; header and footer navigation, floating widgets

WHAT IS WRONG

The visitor counter carries role="contentinfo", duplicating the footer landmark; the header and footer navigations have no distinct names; the skip link and floating widgets sit outside any landmark; the widgets are read after the footer.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find "Total Visits" — Footer visitor counter; header and footer navigation, floating widgets.

FIX

Remove role="contentinfo" from .mosje-visitor-counter; add aria-label="Main menu" and "Footer menu"; place the widgets inside a labelled region.

Standards failed: [WCAG 2.1 · 1.3.1 Info and Relationships \(A\)](#) · [GIGW 3.0 · 5.2.7 Info and Relationships](#) · [WCAG 2.1 · 1.3.2 Meaningful Sequence \(A\)](#) · [GIGW 3.0 · 5.2.8 Meaningful Sequence](#)

The visitor counter marked as a second footer — desktop 1440px, 21 Sep 2026

ACC-22 MINOR CCPS banner's text is inside the image; on phones the slider dots cover its phone number

Accessibility · Who fixes it: NIC (CCPS) · Dev · Site-wide · Affects: Home page
/ — Home hero — the Mann Ki Baat banner served by the Central Content Publishing System (ccps.digifootprint.gov.in)

WHAT IS WRONG

The Mann Ki Baat banner is published centrally through CCPS, which DBIM requires the site to carry, so the Department cannot change the artwork. Its message — date and toll-free number 1800 11 7800 — is inside the image, and its alt text is only "Mann Ki Baat". The part the Department controls: on a phone the slider's position dots are drawn on top of the phone number. (The Department's own four banners are event photographs with no designed text; their empty alt text is in ACC-04.)

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a phone 390px wide.
2. Look at: Home hero — the Mann Ki Baat banner served by the Central Content Publishing System (ccps.digifootprint.gov.in).

FIX

Department: move the slider dots below the image so they never cover banner content. NIC/CCPS: ask for banner alt text that carries the message (date and number), and render it if CCPS supplies it.

Standards failed: [WCAG 2.1 · 1.4.5 Images of Text \(AA\)](#) · [GIGW 3.0 · 5.2.16 Images of Text](#) · [WCAG 2.1 · 1.1.1 Non-text Content \(A\)](#) · [GIGW 3.0 · 5.2.1 Non-text Content](#) · [DBIM 3.0 · 7.4 Central Content Publishing System \(p. 73\)](#)

The CCPS banner on a phone — phone 390px, 21 Sep 2026

ACC-24 MINOR Card text is clipped when text spacing is increased

Accessibility · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
/tenders/ — Tender and vacancy cards

WHAT IS WRONG

With the WCAG text-spacing settings applied (line-height 1.5, letter-spacing 0.12em, word-spacing 0.16em), card text is clipped because the cards have a fixed height.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/tenders/> on a desktop browser 1440px wide.
2. Apply the WCAG text-spacing bookmarklet (line-height 1.5, letter-spacing 0.12em, word-spacing 0.16em).
3. Find "View Pdf" — Tender and vacancy cards.

FIX

Let card height follow the content (min-height instead of height).

Standards failed: [WCAG 2.1 · 1.4.12 Text Spacing \(AA\)](#) · [GIGW 3.0 · 5.2.19 Text Spacing](#)

A card with text spacing applied — desktop 1440px, 21 Sep 2026

ACC-25 MINOR Acronyms lead where full names should

Accessibility · Who fixes it: Content · Site-wide · Affects: Shared component — every page that uses it
/ — Organisation cards (NCSC, NCSK, NCBC ...), scheme and division copy

WHAT IS WRONG

Organisation cards lead with acronyms such as NCSC, NCSK and NCBC, and scheme copy uses unexplained abbreviations (NF-OBC, PM-AJAY, SCA to SCSP, DNT/NT/SNT). First-time visitors have to decode them before they know what a card is.

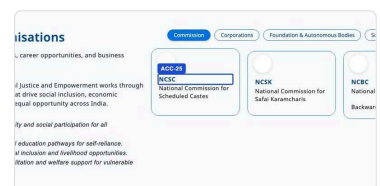

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find "NCSC" — Organisation cards (NCSC, NCSK, NCBC ...), scheme and division copy.

FIX

Lead with the full name and give the acronym after it; expand every abbreviation the first time it appears on a page.

Standards failed: [WCAG 2.1 · 3.1.4 Abbreviations \(AAA\)](#) · [Nielsen's 10 usability heuristics](#)

An organisation card leading with its acronym — desktop 1440px, 21 Sep 2026

ACC-28 MINOR No visible text-size shortcut in the top bar

Accessibility · Who fixes it: Design · Sitewide · Affects: Shared component — every page that uses it
/ — Top bar — accessibility and language icons

WHAT IS WRONG

The top bar has an accessibility icon and a language icon but no A+ / A- shortcut. The accessibility widget does offer text resizing, so this is about discoverability rather than a missing function.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Top bar — accessibility and language icons.

FIX

Add A+ / A- beside the accessibility icon, or label the icon “Accessibility options (text size, contrast …)”.

Standards failed: [DBIM 3.0 · 5.4 Header components \(p. 51\)](#)

The top bar's icons — desktop 1440px, 21 Sep 2026

BRD-05 MINOR Icon sizes outside DBIM's four

Brand & Visual Design · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Icon sizes; Icon-Container.svg

WHAT IS WRONG

43 of 51 icons were at sizes outside DBIM's 24/32/48/64 (10 Sep): 14px ×31, 12px ×4, 20px ×4, 25px ×4, 16px ×1.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Icon sizes; Icon-Container.svg.

FIX

Render every icon at 24, 32, 48 or 64.

Standards failed: [DBIM 3.0 · 3.7 Icon colour, size, format and proportion \(p. 34\)](#)

A 14px webfont icon — desktop 1440px, 21 Sep 2026

BRD-06 MINOR Two icons are stretched

Brand & Visual Design · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — open_in_new_icon.svg and Indian-Flag.svg

WHAT IS WRONG

The new-window icon is 12×12 but drawn at 12×24; the flag is 33×22 but drawn at 33×24 (10 Sep).

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: open_in_new_icon.svg and Indian-Flag.svg.

FIX

Draw each at its own proportions (set one dimension, or object-fit: contain).

Standards failed: [DBIM 3.0 · 3.7 Icon colour, size, format and proportion \(p. 34\)](#)

The flag icon — desktop 1440px, 21 Sep 2026

BRD-08 MINOR A 1.74 MB photo drawn 100px wide

Brand & Visual Design · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Home page organisations strip — Babuji-Photo.png

WHAT IS WRONG

The home page loads Babuji-Photo.png at full size — 1,254px wide, 1.74 MB — to draw it 100px wide (21 Sep). A 13 KB 150×150 version already exists. (The National Emblem is fixed: the rendered file is now 98 KB.)

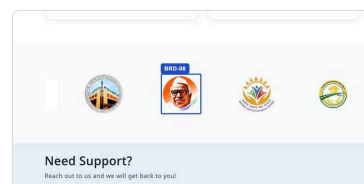

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Home page organisations strip — Babuji-Photo.png.

FIX

Point the strip at Babuji-Photo-150x150.png.

Standards failed: [DBIM 3.0 · 5.5 Logos \(p. 53\)](#) · [DBIM 3.0 · 6.1.1 Image formats and sizes \(p. 59\)](#)

The 100px image fed a 1.74 MB file — desktop 1440px, 21 Sep 2026

BRD-09 MINOR “BETA” badge on the live masthead

Brand & Visual Design · Who fixes it: Ministry decision · Sitewide · Affects: All 8 templates re-checked on 21 Sep
/ — Masthead — yellow “BETA” badge

WHAT IS WRONG

A yellow BETA badge sits above the Department's name on every page. No standard requires removing it; it tells visitors the site is unfinished, which is a decision for the Ministry. (This is separate from the hero banner text, which comes from CCPS — see ACC-22.)

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “BETA” — Masthead — yellow “BETA” badge.

FIX

Decide whether the site is still in beta. If not, remove the badge; if so, say what that means in words on the page.

Standards failed: [Nielsen's 10 usability heuristics](#)

The BETA badge — desktop 1440px, 21 Sep 2026

BRD-13 MINOR **Designations and title prefixes written inconsistently**

Brand & Visual Design · Who fixes it: Content · Sitewide · Affects: Shared component — every page that uses it
[/whos-who/](#) — Designations and title prefixes in leadership listings

WHAT IS WRONG

Designations alternate between “and” and “&”, and title prefixes are written both “Sh.” and “Shri” across team listings (tracker T34).

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/whos-who/> on a desktop browser 1440px wide.
2. Find “Sh.” — Designations and title prefixes in leadership listings.

FIX

Pick one form of each designation and prefix and use it everywhere.

Standards failed: DBIM 3.0 · A.5.6 Mandatory content directives (p. 127)

“Sh.” beside “Shri” — desktop 1440px, 21 Sep 2026

BRD-14 MINOR **Gallery photographs cropped inconsistently**

Brand & Visual Design · Who fixes it: Design + Content · Sitewide · Affects: Shared component — every page that uses it
[/gallery/](#) — Gallery thumbnails

WHAT IS WRONG

The gallery mixes press photographs, screenshots and posters at different crops and aspect ratios.

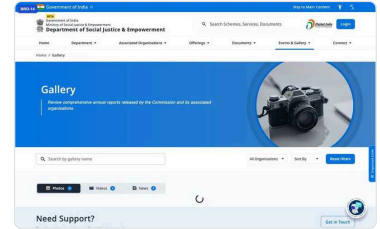

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/gallery/> on a desktop browser 1440px wide.
2. Look at: Gallery thumbnails.

FIX

Use one crop ratio for thumbnails and use photographs, not screenshots or posters.

Standards failed: DBIM 3.0 · 6.1 Imagery (p. 59)

Mixed thumbnails — desktop 1440px, 21 Sep 2026

BRD-16 MINOR **Partner logo strip looks pasted together**

Brand & Visual Design · Who fixes it: Design + Content · Sitewide · Affects: Shared component — every page that uses it
 / — Home page — partner logo carousel (Make in India, india.gov.in, Digital India ...)

WHAT IS WRONG

Logos differ in size, shape and background: some sit on white boxes and look pasted on, and one tile shows a cropped photo instead of a logo.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Home page — partner logo carousel (Make in India, india.gov.in, Digital India ...).

FIX

Put every logo in the same size box, centred, with equal padding; use official logos with transparent backgrounds at their own proportions.

Standards failed: DBIM 3.0 · 5.5 Logos (p. 53) · Nielsen's 10 usability heuristics

The partner logo strip — desktop 1440px, 21 Sep 2026

BRD-17 MINOR **Mega menu is grey while the header is white**

Brand & Visual Design · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
 / — “Associated Organisations” mega menu

WHAT IS WRONG

The large menu under Associated Organisations is light grey, while the header it opens from is white, so it reads as a separate grey block.

HOW TO SEE IT

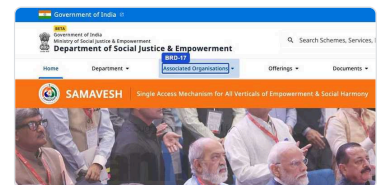

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Point at “Associated Organisations” in the menu.
3. Find “Associated Organisations” — “Associated Organisations” mega menu.

FIX

Make the menu bg/neutral/base with a thin border/neutral/subtle edge and elevation/dropdown.

Design tokens: **bg/neutral/base** ☐ #ffffff **border/neutral/subtle** ☐ #dcddee **elevation/dropdown** 0 8px 12px -3px rgba(30, 33, 36, 0.09), 0 3px 5px -2px rgba(30, 33, 36, 0.05)

Standards failed: DBIM 3.0 · 2.2 Functional palette (p. 26)

The open mega menu — desktop 1440px, 21 Sep 2026

BRD-18 MINOR **Gallery tabs are black**

Brand & Visual Design · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
[/gallery/](#) — Gallery — Photos / Videos / News tabs

WHAT IS WRONG

The tabs are black; black tabs are used nowhere else on the site.

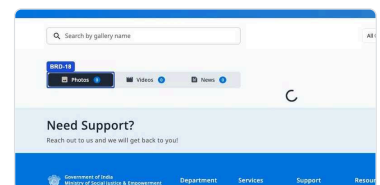

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/gallery/> on a desktop browser 1440px wide.
2. Find “Photos” — Gallery — Photos / Videos / News tabs.

FIX

Use the site's standard tab style (the one under Our Offerings).

Standards failed: DBIM 3.0 · 2.1 One primary colour group (p. 25) · GIGW 3.0 · 5.1.23 Consistent experience and visual identity across websites

The black tabs — desktop 1440px, 21 Sep 2026

BRD-19 MINOR **Missing images show a “No Image” box**

Brand & Visual Design · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Cards whose image is missing

WHAT IS WRONG

Where an image is missing, cards show a generic “No Image” placeholder, which reads as broken content.

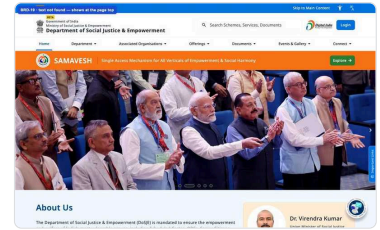

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “No Image” — Cards whose image is missing.

FIX

Design a fallback (a neutral tile with the organisation's mark or a category icon), or drop the image area when there is no image.

Standards failed: [Nielsen's 10 usability heuristics](#)

A “No Image” placeholder — desktop 1440px, 21 Sep 2026

BRD-20 MINOR **Organisation page sections all sit on white**

Brand & Visual Design · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
[/organisation/national-commission-for-scheduled-castes/](https://www.dosje.gov.in/organisation/national-commission-for-scheduled-castes/) — NCSC organisation page — About, Leadership, Major Activities

WHAT IS WRONG

Every section on the NCSC page has a white background, so the sections run into each other. Other organisation pages alternate white and tinted.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-commission-for-scheduled-castes/> on a desktop browser 1440px wide.
2. Find “Major Activities” — NCSC organisation page — About, Leadership, Major Activities.

FIX

Alternate bg/neutral/base and bg/neutral/subtlest in the same order on every organisation page.

Design tokens: `bg/neutral/base` ☐ #ffffff `bg/neutral/subtlest` ☐ #f6f7f8

Standards failed: [GIGW 3.0 · 5.1.23 Consistent experience and visual identity across websites](#)

Sections running together — desktop 1440px, 21 Sep 2026

COD-02 MINOR **Invalid element nesting in the shared templates**

Code Quality · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Shared header and templates

WHAT IS WRONG

<div> inside <output> (30 instances — the four hidden outputs in the header), <div> inside (12) and <style> inside <div> or <body> (4), on 9 of the 10 templates validated (21 Sep).

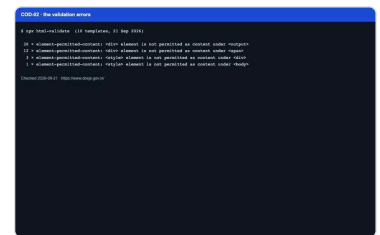

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: `html-validate`.
3. Look at: Shared header and templates.

FIX

Remove the empty <output> elements; use <div> where a holds block content; move page styles into the stylesheet.

Standards failed: [HTML Living Standard](#)

The validation errors — command output, 21 Sep 2026

COD-03 MINOR **Tables and frames pasted with obsolete attributes**

Code Quality · Who fixes it: Content · Sitewide · Affects: 4 pages
[/contact-us/](https://www.dosje.gov.in/contact-us/) — Pasted tables and iframes

WHAT IS WRONG

Tables pasted from Word carry obsolete width, cellpadding and cellspacing attributes (101 instances on About Us, Contact Us, the home page and NISD); iframes carry frameborder and scrolling (21 Sep).

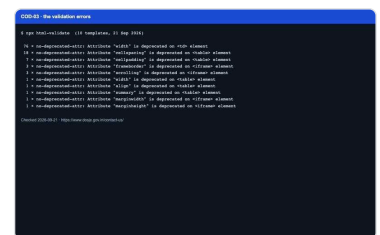

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/contact-us/> on a desktop browser 1440px wide.
2. Run: `html-validate`.
3. Look at: Pasted tables and iframes.

FIX

Paste as plain text, style tables in CSS and remove the obsolete attributes.

Standards failed: [HTML Living Standard](#)

The validation errors — command output, 21 Sep 2026

COD-04 MINOR **Duplicate ids in inline SVG icons**

Code Quality · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Inline SVG icons

WHAT IS WRONG

The id `clip0_3842_4326` appears 16 times on the home page and `clip0_3128_909` three times on every page checked (21 Sep); a browser may apply the wrong clip path.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: `duplicate id count`.
3. Look at: Inline SVG icons.

FIX

Give each inline SVG unique ids.

Standards failed: [HTML Living Standard](#) · [WCAG 2.1 · 4.1.1 Parsing \(A\)](#) · [GIGW 3.0 · 5.2.48 Parsing](#)

The duplicate ids — command output, 21 Sep 2026

COD-05 MINOR **aria-label placed where it has no effect**

Code Quality · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
/ — aria-label on non-interactive elements

WHAT IS WRONG

aria-label is set on five elements where it is not allowed (21 Sep), so it is ignored.

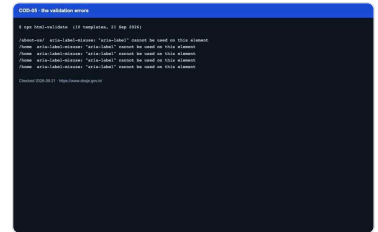

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: [html-validate aria-label-misuse](#).
3. Look at: aria-label on non-interactive elements.

FIX

Move the name to the interactive element or use visible text.

Standards failed: [WAI-ARIA 1.2](#)

The validation errors — command output, 21 Sep 2026

CON-01 MINOR **Job feed from NCS shows employers' posts with no label saying where they come from**

Content Accuracy · Who fixes it: Content · Site-wide · Affects: 1 page — listed under Affected pages
[/organisation/senior-citizens-welfarescw/scope/](#) — Senior Citizens Welfare → Scope — job listings

WHAT IS WRONG

The Scope page shows a live job feed from the National Career Service; every listing links to [ncs.gov.in](#). The feed is not the problem. The problem is that the page does not say the jobs are employers' own posts on NCS, so a reader takes them as the Department's. Some posts use wording a government page should not carry as its own, e.g. "WORK FROM HOME ... Government Approved" with a private phone number (seen 21 Sep; the feed changes daily).

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/senior-citizens-welfarescw/scope/> on a desktop browser.
2. Scroll to the job listings; each "Apply" goes to [ncs.gov.in](#).

FIX

Head the section "Jobs on the National Career Service ([ncs.gov.in](#))" and add one line: "Posted by employers on NCS. The Department does not verify these listings." If the Department prefers not to show unmoderated posts, replace the feed with a single link to NCS, or filter it to the senior-citizen category.

Standards failed: [GIGW 3.0 · 5.4.5 It is ensured through content moderation and approval policy](#) · [GIGW 3.0 · 5.1.25 No spelling or grammatical errors](#)

Job listings from the NCS feed, shown with no heading saying they are employers' posts — desktop 1440px, 21 Sep 2026

CON-19 MINOR **Thousands of near-empty pages**

Content Accuracy · Who fixes it: Content · Site-wide · Affects: 5,052 pages — listed under Affected pages
[/documents/](#) — Document records

WHAT IS WRONG

5,052 pages carry under 300 characters of content (20 Sep crawl) — mostly document records that are a title and a file link.

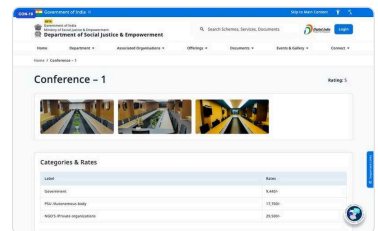

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/documents/> on a desktop browser 1440px wide.
2. Look at: Document records.

FIX

Give each record a one-line summary, the issuing office and the date — or list such records in a table instead of giving each its own page.

Standards failed: [GIGW 3.0 · 5.1.7 Details listed for every circular, document and notice](#)

See the affected pages — desktop 1440px, 21 Sep 2026

CON-20 MINOR **Record titles in capitals, stray quotes or trailing punctuation**

Content Accuracy · Who fixes it: Content · Site-wide · Affects: 590 pages — listed under Affected pages
[/documents/](#) — Record titles

WHAT IS WRONG

125 titles are in ALL CAPS, 139 are wrapped in stray quotation marks, 267 end in punctuation and 59 start in lower case (20 Sep crawl). The 10 Sep sample passed DBIM's no-capitals check; the full crawl shows it is not closed (tracker T19).

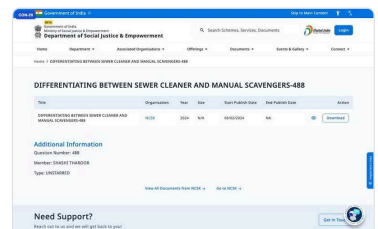

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/documents/> on a desktop browser 1440px wide.
2. Look at: Record titles.

FIX

Title Case; no surrounding quotes; no trailing full stop.

Standards failed: [DBIM 3.0 · 4.1.1 Alignment and letter case \(p. 39\)](#) · [DBIM 3.0 · A.5.6 Mandatory content directives \(p. 127\)](#)

See the affected pages — desktop 1440px, 21 Sep 2026

CON-21 MINOR **Ten different labels for the same few actions**

Content Accuracy · Who fixes it: Content + Design · Site-wide · Affects: Shared component — every page that uses it
/ — Buttons and links — home page and listings

WHAT IS WRONG

The home page alone uses ten labels for a handful of actions (18 Sep): Know More, View Pdf, View Online, View Details →, Read More, View All, View all Schemes, Explore, View Dashboard, Follow on Instagram →. Document rows also show View and Download that open the same file.

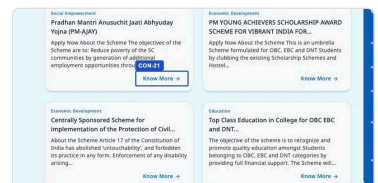

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find "Know More" — Buttons and links — home page and listings.

FIX

Adopt one word list by outcome — View Details (content), View Document (PDF), View All (listing), Apply Now, Track Application — and keep one action per document row.

Standards failed: [WCAG 2.1 · 3.2.4 Consistent Identification \(AA\)](#) · [GIGW 3.0 · 5.2.43 Consistent Identification](#) · [Nielsen's 10 usability heuristics](#)

One of ten action labels — desktop 1440px, 21 Sep 2026

CON-22 MINOR **Cookie banner repeats its first sentence**

Content Accuracy · Who fixes it: Content · Sitewide · Affects: Shared component — every page that uses it
/ — Cookie banner text

WHAT IS WRONG

The banner reads “This website uses cookies to provide a better user experience. This website uses cookies to enhance your experience.” — the same sentence twice (21 Sep, English and Hindi).

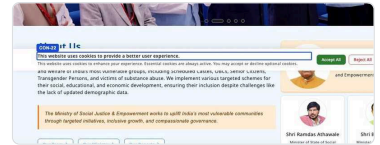

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Use a fresh browser profile and do not answer the cookie banner.
3. Find “This website uses cookies to provide” — Cookie banner text.

FIX

Keep one sentence.

Standards failed: GIGW 3.0 · 5.1.25 No spelling or grammatical errors

The repeated sentence — desktop 1440px, 21 Sep 2026

CON-24 MINOR **Who's Who: records reused for new officers, and one person entered four times**

Content Accuracy · Who fixes it: Content + Dev · Sitewide · Affects: Shared component — every page that uses it
/whos-who/ — Officer records and their addresses

WHAT IS WRONG

When an officer is replaced, the record is reused, so pages keep the predecessor's name in the address: /official/vacant-cp/ (NCSK Chairperson), /official/shri-hardeep-singh-gill-2/ (NCSK Vice-Chairperson), /official/shri-v-appa-rao-3/ (DAF Member Secretary), /official/shri-sudhanshu-kumar-pandey-2/ (DAF Director), /official/shri-shailendra-kumar/ (DAIC Member Secretary). Shri Parveen Kumar Thind appears in four teams as four separate records with four photos, three titles and three addresses.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/whos-who/> on a desktop browser 1440px wide.
2. Find “Parveen Kumar Thind” — Officer records and their addresses.

FIX

Give each post-holder their own record and address (redirect the old address); keep one record per person and link it from each team.

Standards failed: GIGW 3.0 · 5.1.10 Contact Us with important functionaries · Nielsen's 10 usability heuristics

One of four records for the same person — desktop 1440px, 21 Sep 2026

CON-25 MINOR **Who's Who: spelling and formatting**

Content Accuracy · Who fixes it: Content · Sitewide · Affects: Shared component — every page that uses it
/whos-who/ — Officer cards — addresses, titles, emails, phone numbers

WHAT IS WRONG

“Shashtri Bhawan” / “Shashtri Bhavan” (Shastri Bhawan); stray or missing spaces (“Executive Vice-President , BJRNf”, “Vice-Chairperson(Rank...”, “Joint Secretary(BC)”; DAIC gives the Minister's post as “Chairman Union Minister of Social Justice and Empowerment O/o Minister SJE”; five email addresses are printed plainly and the rest disguised with [at] and [dot] — the same address appears both ways; phone numbers are written as 01145854410 and as 23072192 without the 011 code.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/whos-who/> on a desktop browser 1440px wide.
2. Find “Shashtri” — Officer cards — addresses, titles, emails, phone numbers.

FIX

Correct the spellings and spacing; write every email and phone number one way.

Standards failed: GIGW 3.0 · 5.1.25 No spelling or grammatical errors

“Shashtri Bhawan” — desktop 1440px, 21 Sep 2026

CON-26 MINOR **Who's Who: three points for the Department to confirm**

Content Accuracy · Who fixes it: Ministry decision · Sitewide · Affects: Shared component — every page that uses it
/whos-who/ — Who's Who — NCBC Secretary, the Minister's email, NISD team

WHAT IS WRONG

To confirm with the Department: whether NCBC's Secretary, Mr. Sudhansh Pant, I.A.S., should be listed; whether the Minister's personal Gmail should be published when Parliament lists ramdas@sansad.nic.in; and why the NISD team shows only the three Ministers and no one from NISD.

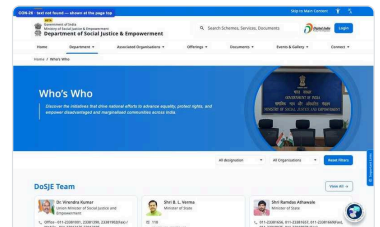

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/whos-who/> on a desktop browser 1440px wide.
2. Find “National Institute of Social Defence” — Who's Who — NCBC Secretary, the Minister's email, NISD team.

FIX

Ask the Department and update the page.

Standards failed: GIGW 3.0 · 5.1.10 Contact Us with important functionaries

The NISD team — desktop 1440px, 21 Sep 2026

DOC-04 MINOR **Titles too long for their cards**

Documents & Downloads · Who fixes it: Content · Sitewide · Affects: 425 pages — listed under Affected pages
/documents/ — Document and page titles

WHAT IS WRONG

Several document titles run past DBIM's 250-character limit and are cut mid-word in cards; 425 page titles are over 150 characters (20 Sep crawl).

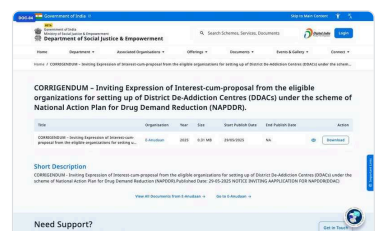

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/documents/> on a desktop browser 1440px wide.
2. Look at: Document and page titles.

FIX

Keep titles under 250 characters and write a short display title.

Standards failed: DBIM 3.0 · A.5.3 Documents (p. 122)

See the affected pages — desktop 1440px, 21 Sep 2026

LAY-01 MINOR Spacing, radius, shadow and layering off the UX4G scales

Layout & Components · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
/ — Spacing, corner radius, shadows, z-index in the stylesheets; section-to-section spacing; bullet lists

WHAT IS WRONG

19% of spacing values are off UX4G's base-4 scale (5px ×193, 10px ×191); 36% of corner radii are off scale (20px ×68 — the dropdown menus — and 16px ×43); six ad-hoc shadows instead of UX4G's four elevation levels; ten off-scale z-index values, one of them 2147483620 (10 Sep). Section spacing varies, so boundaries between sections blur, and bullet lists are tighter than the text around them.

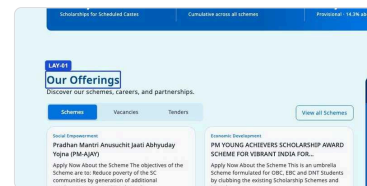

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find "Our Offerings" — Spacing, corner radius, shadows, z-index in the stylesheets; section-to-section spacing; b.

FIX

Snap spacing to the stack/* and section/* tokens, radii to shape/*, shadows to elevation/*, and layering to z/*, For example, the header dropdowns and the big menu: shape/16 (they are 20px today, Friday report HP-05).

Standards failed: [UX4G 3.0 · S3 Spacing and layout](#) · [UX4G 3.0 · S4 Elevation](#)

Uneven section spacing — desktop 1440px, 21 Sep 2026

LAY-04 MINOR Printing a page prints the whole website

Layout & Components · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
/schemes-services/ — Printing any page

WHAT IS WRONG

There is no print stylesheet: a scheme page prints the header, menu, hero, support band, full footer, chatbot and edge tab.

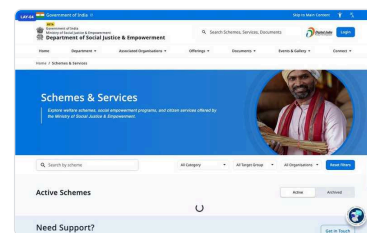

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/schemes-services/> on a desktop browser 1440px wide.
2. Open print preview.
3. Look at: Printing any page.

FIX

Add @media print that hides site chrome and prints the page address and last-updated date.

Standards failed: [GIGW 3.0 · 5.1.20 Prints correctly on A4](#)

Print preview of a scheme page — desktop 1440px, 21 Sep 2026

LAY-05 MINOR No clear primary action on content pages

Layout & Components · Who fixes it: Design · Site-wide · Affects: Shared component — every page that uses it
/schemes-and-services/ — Primary action on content pages

WHAT IS WRONG

On most templates the most prominent element is a decorative hero, and the primary action — where there is one — is a low-contrast text link.

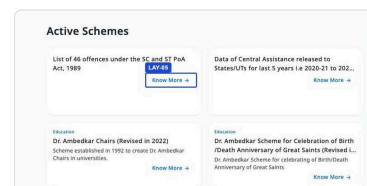

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/schemes-services/> on a desktop browser 1440px wide.
2. Find "Know More" — Primary action on content pages.

FIX

Give each page one primary action styled as the primary button.

Standards failed: [Nielsen's 10 usability heuristics](#) · [ISO 9241-151 — web user-interface ergonomics](#)

The primary action as a text link — desktop 1440px, 21 Sep 2026

LAY-06 MINOR Labels sit as far from their values as from the next item

Layout & Components · Who fixes it: Design + Dev · Site-wide · Affects: Shared component — every page that uses it
/organisation/national-commission-for-scheduled-castes/ — Tender detail, officer profile and organisation contact blocks

WHAT IS WRONG

The gap between a label (such as Phone) and its value is about the same as the gap to the next item, so pairs do not read as pairs.

HOW TO SEE IT

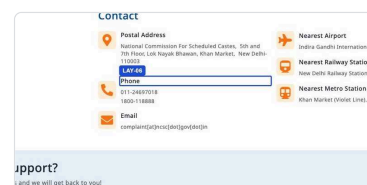

1. Open <https://www.dosje.gov.in/organisation/national-commission-for-scheduled-castes/> on a desktop browser 1440px wide.
2. Find "Phone" — Tender detail, officer profile and organisation contact blocks.

FIX

Keep a label within stack/4–stack/8 of its value and stack/24 between items.

Design tokens: [stack/4](#) 4px [stack/8](#) 8px [stack/24](#) 24px

Standards failed: [Gestalt proximity — related things sit together](#)

A label and its value — desktop 1440px, 21 Sep 2026

LAY-10 MINOR About Us buttons: three equal buttons pushed to the left

Layout & Components · Who fixes it: Design · Site-wide · Affects: Shared component — every page that uses it
/ — Home page — Our Team, Our Ministry, Our Reports

WHAT IS WRONG

The three buttons at the end of About Us look the same, sit to the left and leave the rest of the row empty; none reads as the main next step.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find "Our Team" — Home page — Our Team, Our Ministry, Our Reports.

FIX

Either keep one link (About Us), or make three equal cards across the row, each with an icon, a title and one line.

Standards failed: [Nielsen's 10 usability heuristics](#)

The three buttons — desktop 1440px, 21 Sep 2026

LAY-11 **MINOR** Dashboard strip describes each number differently

Layout & Components · Who fixes it: Design · Sitewide · Affects: Shared component — every page that uses it
/ — Home page — statistics strip and View Dashboard

WHAT IS WRONG

The three numbers share one dark blue strip and each is described differently; the View Dashboard button is lost in the blue, and the strip is visually louder than the introduction above it.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “View Dashboard” — Home page — statistics strip and View Dashboard.

FIX

Give every number the same parts — label, number, period, source — and make View Dashboard easy to find.

Standards failed: [Nielsen's 10 usability heuristics](#)

The statistics strip — desktop 1440px, 21 Sep 2026

LAY-12 **MINOR** About Us is 15,000px long with three table styles

Layout & Components · Who fixes it: Design + Content · Sitewide · Affects: Shared component — every page that uses it
/about-us/ — About Us page

WHAT IS WRONG

At desktop the page is about 15,000px long, mostly text carried over from the old site; tables on the page use three different styles; the history is a column of long paragraphs with dates on the far right.

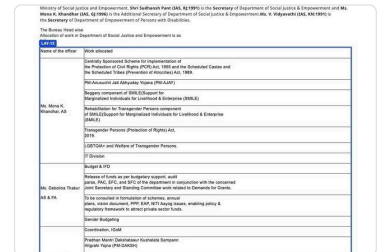

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/about-us/> on a desktop browser 1440px wide.
2. Look at: About Us page.

FIX

Add a contents list at the top, one table style, collapsible reference tables, and a real timeline: date, one-line headline, two-line summary, Read More.

Standards failed: [Nielsen's 10 usability heuristics](#)

One of three table styles — desktop 1440px, 21 Sep 2026

LAY-13 **MINOR** Organisation pages repeat near-identical sections

Layout & Components · Who fixes it: Design · Sitewide · Affects: Shared component — every page that uses it
/organisation/national-commission-for-scheduled-castes/ — Organisation pages — Reports, Resources, Latest Updates

WHAT IS WRONG

Reports, Resources and Latest Updates are separate sections of nearly identical cards, one after another.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-commission-for-scheduled-castes/> on a desktop browser 1440px wide.
2. Find “Resources” — Organisation pages — Reports, Resources, Latest Updates.

FIX

Put them in one Documents section with tabs.

Standards failed: [Nielsen's 10 usability heuristics](#)

Repeated document sections — desktop 1440px, 21 Sep 2026

LNK-03 **MINOR** 33 links could not be checked automatically

Broken Links · Who fixes it: Content · Sitewide · Affects: 33 links on 21 pages — listed under Broken links
/ — Links that timed out or refused automated checks — listed in Broken Links

WHAT IS WRONG

26 links did not answer within 40 seconds (e.g. pmdaksh.dosje.gov.in, smile-b.dosje.gov.in, garimagreh.dosje.gov.in, 112.gov.in) and 7 refused automated requests (19 Sep).

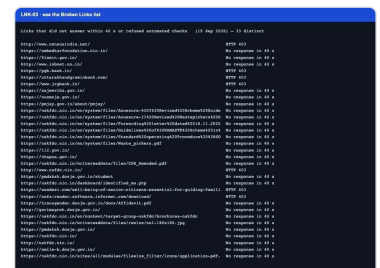

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Links that timed out or refused automated checks — listed in Broken Links.

FIX

Check each from a browser and fix any that fail.

Standards failed: [GIGW 3.0](#) · [5.4.7 No broken links or page-not-found errors](#)

See the Broken Links list — command output, 21 Sep 2026

MAN-09 **MINOR** Footer links “Sitemap” and “Terms & Conditions” go through a redirect

Mandatory Pages & Footer · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Footer links “Sitemap” and “Terms & Conditions”

WHAT IS WRONG

Both link to an address without the trailing slash, so every click goes through a 301 redirect.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Terms & Conditions” — Footer links “Sitemap” and “Terms & Conditions”.

FIX

Link the final addresses: </home-page/sitemap/> and </home-page/terms-conditions/>.

Standards failed: [HTML Living Standard](#)

“Terms & Conditions” in the footer — desktop 1440px, 21 Sep 2026

MAN-10 MINOR **Footer does not say who designed, developed and hosts the site**

Mandatory Pages & Footer · Who fixes it: Content · Site-wide · Affects: Shared component — every page that uses it
/ — Footer lineage line

WHAT IS WRONG

The footer says “Powered by Digital India Corporation” but not who designed, developed and hosts the site.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Powered by” — Footer lineage line.

FIX

State the designing, developing and hosting agency.

Standards failed: DBIM 3.0 · 5.6 Footer (p. 54) · GIGW 3.0 · 5.1.2 Ownership information on every page

The lineage line — desktop 1440px, 21 Sep 2026

MAN-11 MINOR **No way to report a problem with a page**

Mandatory Pages & Footer · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
/ — Footer

WHAT IS WRONG

There is no way for a visitor to report a broken link or a wrong page — which matters with 495 missing files.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Visitor Analytics” — Footer.

FIX

Add “Report a problem with this page” to the footer, opening the feedback form with the page address filled in.

Standards failed: GIGW 3.0 · 5.4.7 No broken links or page-not-found errors

The footer's last row — desktop 1440px, 21 Sep 2026

NAV-08 MINOR **No breadcrumb on organisation pages**

Navigation & IA · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
</organisation/national-institute-of-social-defence/> — Breadcrumb

WHAT IS WRONG

Breadcrumbs appear on most inner pages but not on organisation pages and several one-off pages.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-institute-of-social-defence/> on a desktop browser 1440px wide.
2. Look at: Breadcrumb.

FIX

Add the breadcrumb to every page below the home page.

Standards failed: WCAG 2.1 · 2.4.8 Location (AAA) · Nielsen's 10 usability heuristics

The top of an organisation page — desktop 1440px, 21 Sep 2026

NAV-09 MINOR **The 404 page offers no way back**

Navigation & IA · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
</this-page-does-not-exist/> — 404 page

WHAT IS WRONG

The 404 page offers no search box and no suggested destinations.

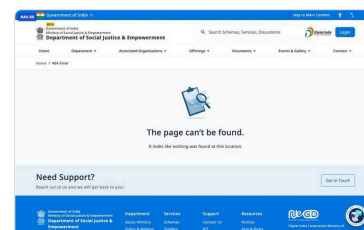

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/this-page-does-not-exist/> on a desktop browser 1440px wide.
2. Look at: 404 page.

FIX

Add the search field and five popular links.

Standards failed: Nielsen's 10 usability heuristics

The 404 page — desktop 1440px, 21 Sep 2026

NAV-10 MINOR **The address without “www” redirects with “:443” in it**

Navigation & IA · Who fixes it: Dev · Site-wide · Affects: Shared component — every page that uses it
<https://dosje.gov.in/> — <https://dosje.gov.in/>

WHAT IS WRONG

<https://dosje.gov.in/> redirects to <https://www.dosje.gov.in:443/> — the port number is written into the address (21 Sep).

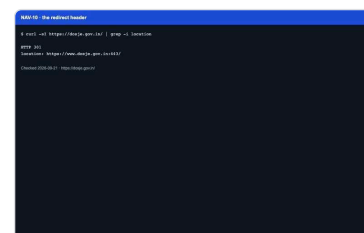

HOW TO SEE IT

1. Open <https://dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: `curl -sI https://dosje.gov.in/ | grep -i location`.
3. Look at: <https://dosje.gov.in/>.

FIX

Redirect to <https://www.dosje.gov.in/> with no port.

Standards failed: HTML Living Standard

The redirect header — command output, 21 Sep 2026

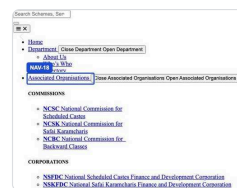

Navigation & IA · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Associated Organisations menu — hover arrows

Pointing at an organisation in the menu shows an arrow, which usually means another menu will open; here the link just opens a page.

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.

2. Point at "Associated Organisations" in the menu.
3. Find "Associated Organisations" — Associated Organisations menu — hover arrows.

Remove the arrow; the hover highlight is enough.

Standards failed: [Nielsen's 10 usability heuristics](#)

The arrow on hover — desktop 1440px. 21 Sep 2026

Performance · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Home page layout shift

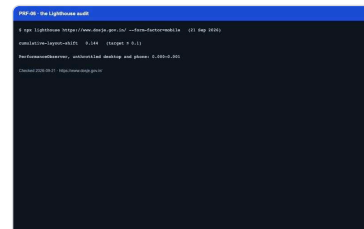

Lighthouse's slow-phone simulation measures a layout shift of 0.144 on the home page (21 Sep; target 0.1 or less). On normal desktop and phone loads it was close to zero.

1. Open <https://www.dosie.gov.in/> on a desktop browser 1440px wide.

2. Run: Lighthouse cumulative-layout-shift.
3. Look at: Home page layout shift.

Reserve space for the hero, the ticker and any late-loading band.

Standards failed: Core Web Vitals — Cumulative Layout Shift

The Lighthouse audit — command output 21 Sep 2026

Privacy & Security · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Server header: WordPress REST API

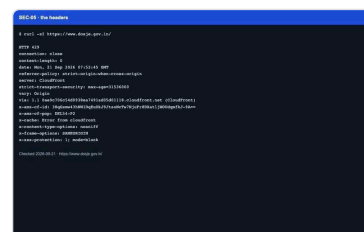

The Server header advertises Apache, and the WordPress REST API is linked from every page's head.

1. Open <https://www.dosie.gov.in/> on a desktop browser 1440px wide.

2. Run: `curl -sI https://www.dosje.gov.in/`.
3. Look at: Server header: WordPress REST API.

Suppress the Server header: restrict /wp-iso/ to what the site needs.

The headers — command output, 21 Sep 2026

Metadata & SEO · Who fixes it: Content · Sitewide · Affects: Shared component — every page that uses it
/rti/ — Meta descriptions

Some pages have no description (e.g. /rti/, 21 Sep) and one description, "Sector: Education", is reused on 29 pages (20 Sep crawl).

1. Open <https://www.dosie.gov.in/rti/> on a desktop browser 1440px wide.

2. Run: `document.querySelector('meta[name=description]')`.
3. Look at: Meta descriptions.

Write a 120–160 character description for each page.

Standards failed: GIGW 3.0 · 5.1.17 Page title, language attribute and metadata

The missing description — command output: 21 Sep 2026

SEO-03 MINOR No sharing image, theme colour or manifest

Metadata & SEO · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — og:image, theme-color, web manifest

WHAT IS WRONG

The home page and /rti/ have no og:image, so a shared link shows no picture; there is no theme-color and no web manifest.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Run: `meta[property=og:image]`.
3. Look at: og:image, theme-color, web manifest.

FIX

Add a default og:image and page-specific ones; add theme-color and a manifest.

Standards failed: [schema.org structured data](#)

The missing tag — command output, 21 Sep 2026

SEO-04 MINOR Structured data describes listings as articles

Metadata & SEO · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/tenders/ — Structured data

WHAT IS WRONG

Listing pages are marked up as an Article with a Person author; there is no GovernmentOrganization or WebSite markup.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/tenders/> on a desktop browser 1440px wide.
2. Run: `script[type=application/ld+json]`.
3. Look at: Structured data.

FIX

Use GovernmentOrganization and WebSite on the home page and the right type per template.

Standards failed: [schema.org structured data](#)

The structured data — command output, 21 Sep 2026

SEO-05 MINOR 296 reachable pages are missing from the XML sitemap

Metadata & SEO · Who fixes it: Dev · Sitewide · Affects: 296 pages — listed under Affected pages
/sitemap_index.xml — XML sitemap

WHAT IS WRONG

296 pages reachable by links are missing from the sitemap (20 Sep crawl) — mostly sewer-death district pages, tag archives and district pages; the tag archives repeat listing content.

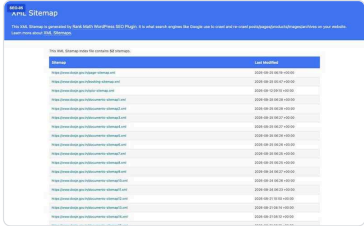

HOW TO SEE IT

1. Open https://www.dosje.gov.in/sitemap_index.xml on a desktop browser 1440px wide.
2. Look at: XML sitemap.

FIX

Add or exclude (noindex) each page type deliberately.

Standards failed: [GIGW 3.0 · 5.1.17 Page title, language attribute and metadata](#)

See the affected pages — desktop 1440px, 21 Sep 2026

SEO-06 MINOR Page heading and browser-tab title differ

Metadata & SEO · Who fixes it: Content · Sitewide · Affects: 472 pages — listed under Affected pages
/ — Page titles

WHAT IS WRONG

On 472 pages the H1 and the browser-tab title say different things (20 Sep crawl).

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Page titles.

FIX

Start the tab title with the page's H1.

Standards failed: [WCAG 2.1 · 2.4.2 Page Titled \(A\)](#) · [GIGW 3.0 · 5.2.28 Page Titled](#) · [GIGW 3.0 · 5.1.17 Page title, language attribute and metadata](#)

See the affected pages — desktop 1440px, 21 Sep 2026

TYP-03 MINOR Fonts other than Noto Sans

Typography · Who fixes it: Dev + Content · Sitewide · Affects: 54 pages — listed under Affected pages
/ — Italic Arial on the home page, Helvetica, fonts pasted from Word

WHAT IS WRONG

Italic Arial and Helvetica appear beside Noto Sans, and 54 pages carry fonts pasted from Word such as Calibri and Cambria (20 Sep crawl).

HOW TO SEE IT

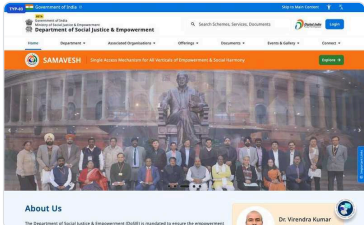

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Italic Arial on the home page, Helvetica, fonts pasted from Word.

FIX

Set every text style to `ref/font/family/latin` (Noto Sans); paste into the editor as plain text.

Design tokens: `ref/font/family/latin` "Noto Sans", ui-sans-serif, system-ui, sans-serif

Standards failed: [DBIM 3.0 · 4.1 Typeface: Noto Sans \(p. 39\)](#)

Text in a non-Noto font — desktop 1440px, 21 Sep 2026

TYP-04 MINOR Large headings do not use Noto Sans Display

Typography · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it / — Headings 36px and above

WHAT IS WRONG

Large headings use Noto Sans rather than Noto Sans Display, which UX4G specifies from 36px.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Headings 36px and above.

FIX

Use `ref/font/family/display` for text `type/display/4` and larger.

Design tokens: `ref/font/family/display` "Noto Sans Display", "Noto Sans", `ui-sans-serif`, `system-ui`, `sans-serif` `type/display/4` fluid: `clamp(1.75rem, calc(1.0652rem + 3.043vw), 3.5rem)`

Standards failed: UX4G 3.0 · §2 Typography

A large heading in Noto Sans — desktop 1440px, 21 Sep 2026

TYP-05 MINOR Numbers in tables are not right-aligned

Typography · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it / [annual-reports/](#) — Numeric table columns

WHAT IS WRONG

Numeric columns are centred or left-aligned; DBIM asks for right-aligned numbers and centred column headers (tracker T18).

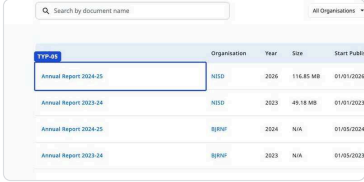

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/annual-reports/> on a desktop browser 1440px wide.
2. Look at: Numeric table columns.

FIX

Right-align numeric columns.

Standards failed: DBIM 3.0 · 4.1.1 Alignment and letter case (p. 39)

A numeric column — desktop 1440px, 21 Sep 2026

TYP-06 MINOR Title Case applied unevenly

Typography · Who fixes it: Content · Sitewide · Affects: Shared component — every page that uses it / — Headings and navigation labels

WHAT IS WRONG

Title Case is applied unevenly: “Citizen charter” sits beside “Contact Us” and “Annual Reports” in the footer.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Citizen charter” — Headings and navigation labels.

FIX

Use Title Case for every heading and navigation label.

Standards failed: DBIM 3.0 · A.5.6 Mandatory content directives (p. 127)

“Citizen charter” in the footer — desktop 1440px, 21 Sep 2026

TYP-07 MINOR Justified text and paragraphs in capitals

Typography · Who fixes it: Content · Sitewide · Affects: 25 pages — listed under Affected pages / — Body text on individual pages

WHAT IS WRONG

22 pages set body text justified and 3 set whole paragraphs in capitals (20 Sep crawl) — outside the sample the 10 Sep audit passed.

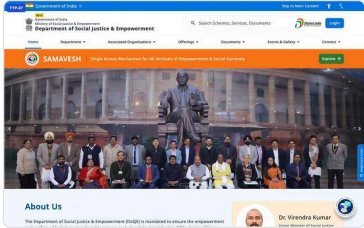

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Body text on individual pages.

FIX

Left-align body text; write paragraphs in sentence case.

Standards failed: DBIM 3.0 · 4.1.1 Alignment and letter case (p. 39) · WCAG 2.1 · 1.4.8 Visual Presentation (AAA)

See the affected pages — desktop 1440px, 21 Sep 2026

TYP-08 MINOR Section introductions look like body text

Typography · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it / — Section titles and their introductions

WHAT IS WRONG

Section introductions and body text are both 16px regular in the same colour, so a reader cannot tell where the introduction ends (18 Sep).

HOW TO SEE IT

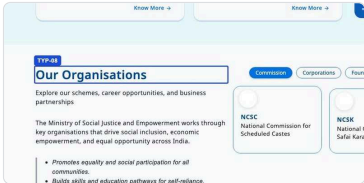

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Our Organisations” — Section titles and their introductions.

FIX

Use one section-heading pattern: title (`type/headline/*`), a short description (`type/body/2` in text/neutral/subtle), then body text.

Design tokens: `type/body/2/size` 0.875rem `text/neutral/subtle` #3a3d41 `type/body/2` 0.875rem

Standards failed: WCAG 2.1 · 1.3.1 Info and Relationships (A) · GIGW 3.0 · 5.2.7 Info and Relationships · UX4G 3.0 · §2 Typography

A section introduction — desktop 1440px, 21 Sep 2026

TYP-09 MINOR Whole statements set in italics

Typography · Who fixes it: Content + Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Home page — five statements in italics

WHAT IS WRONG

Five statements are set entirely in italics (18 Sep), which is harder to read for people with low vision or reading difficulties.

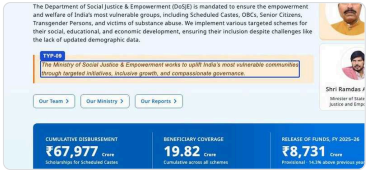

HOW TO SEE IT

- 1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
- 2. Look at: Home page — five statements in italics.

FIX

Set them in regular type; keep italics for short emphasis.

Standards failed: WCAG 2.1 · 1.4.8 Visual Presentation (AAA) · Nielsen's 10 usability heuristics

Statements in italics — desktop 1440px, 21 Sep 2026

TYP-10 MINOR Department name in the header is large and tight

Typography · Who fixes it: Design + Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Masthead — the Department's name

WHAT IS WRONG

The name is set at 20px with tight line spacing; it crowds the search box and Login, and wraps onto two lines on phones.

HOW TO SEE IT

- 1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
- 2. Find "Department of Social Justice & Empowerment" — Masthead — the Department's name.

FIX

Set it one step down (type/title/1) with normal leading, and keep clear space between the name, search and Login.

Design tokens: **type/title/1/size** fluid: clamp(1.125rem, calc(1.0272rem + 0.435vw), 1.375rem) **type/title/1** fluid: clamp(1.125rem, calc(1.0272rem + 0.435vw), 1.375rem)

Standards failed: DBIM 3.0 · 5.2 Website naming (p. 47) · DBIM 3.0 · 5.4 Header components (p. 51)

The Department name — desktop 1440px, 21 Sep 2026

COD-06 NIT Leftover placeholder markup in the footer

Code Quality · Who fixes it: Dev · Sitewide · Affects: Shared component — every page that uses it
/ — Footer source

WHAT IS WRONG

Commented-out placeholder markup ("Open this select menu / One / Two / Three") remains in the footer source. It is not visible.

HOW TO SEE IT

- 1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
- 2. Run: view-source: footer.
- 3. Look at: Footer source.

FIX

Delete it.

Standards failed: HTML Living Standard

The commented-out markup — command output, 21 Sep 2026

2 · Page-Type Issues: Blocker and Major

Repeat on every page of one type, such as every tender or every organisation page. 131 issues.

CON-T024 BLOCKER 'About the Scheme' says nothing about the scheme

Content Accuracy · Who fixes it: Content · Page type · Affects: Every page of this type
[/schemes-and-services/geriatric-caregivers-training/](#) — Scheme Detail — every page of this type

WHAT IS WRONG

'About the Scheme' says nothing about the scheme — it is a generic sentence about the Department's role for senior citizens. There is no eligibility, benefit, duration, how to apply, documents, guidelines PDF or contact anywhere on the page.

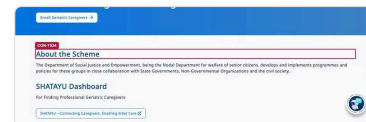

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/schemes-and-services/geriatric-caregivers-training/> on a desktop browser 1440px wide.
2. Find "About the Scheme" — Scheme Detail — every page of this type.

FIX

Add structured sections: Objective, Eligibility, Benefits, How to Apply, Documents, Contact, Last Updated.

Standards failed: [GIGW 3.0 · 5.1.10 Contact Us with important functionaries](#)

'About the Scheme' says nothing about the scheme — desktop 1440px, 21 Sep 2026

CON-T077 BLOCKER The only contact on the Contact Us page is one line naming 'Ms

Content Accuracy · Who fixes it: Content · Page type · Affects: Every page of this type
[/contact-us/](#) — Contact Us — every page of this type

WHAT IS WRONG

The only contact on the Contact Us page is one line naming 'Ms. Kajal Singh, Director' and a postal address. There is no telephone number, email, helpline, office hours or grievance route, and the Director's wing is not given.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/contact-us/> on a desktop browser 1440px wide.
2. Find "Ms. Kajal Singh, Director" — Contact Us — every page of this type.

FIX

List the Department's reception and facilitation numbers, a nodal email, office hours, grievance and RTI routes, and named officers with their wing.

Standards failed: [GIGW 3.0 · 5.1.10 Contact Us with important functionaries](#)

The only contact on the Contact Us page is one line naming 'Ms — desktop 1440px, 21 Sep 2026

LAY-T038 BLOCKER The Instagram card is clipped at the container's right edge

Layout & Components · Who fixes it: Dev · Page type · Affects: Every page of this type
[/organisation/national-institute-of-social-defence/](#) — Organisation Hub — NISD — every page of this type

WHAT IS WRONG

The Instagram card is clipped at the container's right edge: '@our profil', 'Follow us on Instagram... latest posts and r' and 'Follow on Instagr' are cut off. '@our profile' is placeholder text. The Facebook and X boxes beside it render empty (a known issue).

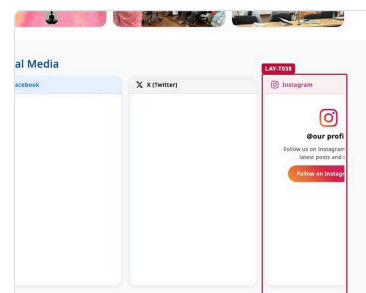

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-institute-of-social-defence/> on a desktop browser 1440px wide.
2. Find "Follow us on Instagram... latest posts and r" — Organisation Hub — NISD — every page of this type.

FIX

Fix the 3-column widths to fit inside the container, and replace the placeholder with the real handle or remove the card.

Standards failed: [GIGW 3.0 · 5.1.18 Minimum prescribed content present](#) · [WCAG 2.1 · 1.4.10 Reflow \(AA\)](#) · [GIGW 3.0 · 5.2.17 Reflow](#) · [DBIM 3.0 · 10.2 Responsive across screen sizes \(p. 96\)](#)

The Instagram card is clipped at the container's right edge — desktop 1440px, 21 Sep 2026

NAV-T031 BLOCKER The RTI page has no guidance

Navigation & IA · Who fixes it: Design + Content · Page type · Affects: Every page of this type
[/rti/](#) — RTI — every page of this type

WHAT IS WRONG

The RTI page has no guidance. There is no link to rtionline.gov.in, no CPIO or appellate-authority contact, no fee, and no how-to-file text. It is only a hero reading 'RTI' and a filter bar over a file table.

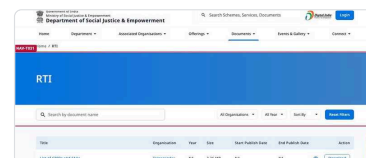

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/rti/> on a desktop browser 1440px wide.
2. Look at: RTI — every page of this type.

FIX

Add a lead section with 'File an RTI Online' (rtionline.gov.in), the Department's CPIO and FAA contacts, and the fee, above the document list.

Standards failed: [GIGW 3.0 · 5.1.18 Minimum prescribed content present](#) · [GIGW 3.0 · 5.1.10 Contact Us with important functionaries](#) · [GIGW 3.0 · 5.1.19 Data tables marked up properly](#) · [WCAG 2.1 · 1.3.1 Info and Relationships \(A\)](#) · [GIGW 3.0 · 5.2.7 Info and Relationships](#)

The RTI page has no guidance — desktop 1440px, 21 Sep 2026

ACC-T001 MAJOR The first hero slide is a poster with its text baked into the image

Accessibility · Who fixes it: Dev · Page type · Affects: Every page of this type
 / — Home — every page of this type

WHAT IS WRONG

The first hero slide is a poster with its text baked into the image: “Share your ideas... Click Here or Dial 1800 11 7800 (Toll-Free)”, “Click Here” is printed inside a picture, so it cannot be clicked, read aloud, translated or enlarged.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Share your ideas... Click Here or Dial 1800 11 7800 (Toll-Free)” — Home — every page of this type.

FIX

Publish campaigns as live HTML text over an image with a real tel: link, or give the slide alt text carrying the full message.

Standards failed: WCAG 2.1 · 2.4.4 Link Purpose (In Context) (A) · GIGW 3.0 · 5.2.30 Link Purpose (In Context) · DBIM 3.0 · 6.1 Imagery (p. 59)

The first hero slide is a poster with its text baked into the image — desktop 1440px, 21 Sep 2026

ACC-T002 MAJOR The accessibility and language controls in the top bar are bare icons (a figure and “अA”) with no visible label

Accessibility · Who fixes it: Dev · Page type · Affects: Every page of this type
 / — Home — every page of this type

WHAT IS WRONG

The accessibility and language controls in the top bar are bare icons (a figure and “अA”) with no visible label.

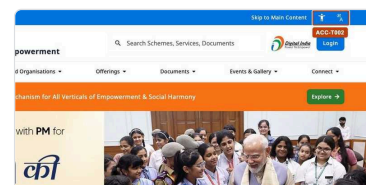

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Look at: Home — every page of this type.

FIX

Label them “Accessibility” and “हिन्दी” as text in the utility bar.

Standards failed: DBIM 3.0 · 3.7 Icon colour, size, format and proportion (p. 34)

Screenshot — desktop 1440px, 21 Sep 2026

ACC-T003 MAJOR “What’s New” is an auto-scrolling list whose items slide under its own header (the top item is cut mid-line)

Accessibility · Who fixes it: Dev · Page type · Affects: Every page of this type
 / — Home — every page of this type

WHAT IS WRONG

“What’s New” is an auto-scrolling list whose items slide under its own header (the top item is cut mid-line); the pause control is a tiny “II” glyph about 12px high; the panel’s right edge (x=1340) sits 16px inside the grid edge (x=1356).

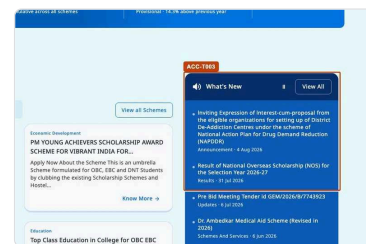

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “What’s New” — Home — every page of this type.

FIX

Make it a static, dated list of five items with “All Updates”; align it to the grid.

Standards failed: WCAG 2.1 · 1.3.1 Info and Relationships (A) · GIGW 3.0 · 5.2.7 Info and Relationships

Screenshot — desktop 1440px, 21 Sep 2026

ACC-T004 MAJOR On phones the links are on a 20 CSS px row pitch, with targets under the 24px minimum of WCAG 2.2 SC 2.5.8

Accessibility · Who fixes it: Dev · Page type · Affects: Every page of this type
 /home-page/sitemap/ — Sitemap — every page of this type

WHAT IS WRONG

On phones the links are on a 20 CSS px row pitch, with targets under the 24px minimum of WCAG 2.2 SC 2.5.8, and the page is about 7,570 CSS px of unbroken links.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/home-page/sitemap/> on a phone 390px wide.
2. Look at: Sitemap — every page of this type.

FIX

Increase the row pitch to target/comfortable on mobile, and collapse the sections.

Design tokens: **target/comfortable** 2.75rem

Standards failed: GIGW 3.0 · 5.4.7 No broken links or page-not-found errors · GIGW 3.0 · 5.1.10 Contact Us with important functionalities

Screenshot — phone 390px, 21 Sep 2026

BRD-T002 MAJOR The SAMAVESH promo is an advert

Brand & Visual Design · Who fixes it: Design + Dev · Page type · Affects: Every page of this type
 / — Home — every page of this type

WHAT IS WRONG

The SAMAVESH promo is an advert: a composite stock-style group photo breaking out of the card top and right edge (to x=1375; card ends at 1342, grid at 1356); the headline “Justice. Equality. Dignity.” is in a different, tightly tracked typeface; a black “Explore” button adds a fourth button style.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/> on a desktop browser 1440px wide.
2. Find “Justice. Equality. Dignity” — Home — every page of this type.

FIX

Remove it (the orange strip already links to SAMAVESH), or rebuild it inside the grid with system type and buttons.

Standards failed: DBIM 3.0 · 6.1 Imagery (p. 59)

The SAMAVESH promo is an advert — desktop 1440px, 21 Sep 2026

BRD-T008 MAJOR Hero is a generic stock portrait (smiling man in turban holding a reed/broom bundle) unrelated to any scheme

Brand & Visual Design · Who fixes it: Design + Dev · Page type · Affects: Every page of this type
[/schemes-services/](#) — Schemes & Services (listing) — every page of this type

WHAT IS WRONG

Hero is a generic stock portrait (smiling man in turban holding a reed/broom bundle) unrelated to any scheme; the broom motif risks reading as stereotyping of sanitation work.

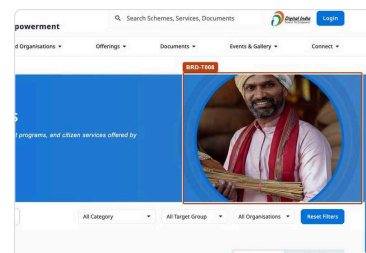

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/schemes-services/> on a desktop browser 1440px wide.
2. Look at: Schemes & Services (listing) — every page of this type.

FIX

Use an actual departmental photograph of a scheme beneficiary event, credited, or no image.

Standards failed: [DBIM 3.0 · 6.1 Imagery \(p. 59\)](#)

Screenshot — desktop 1440px, 21 Sep 2026

BRD-T011 MAJOR The hero image is a generic, AI-looking photo of three Kathak dancers on a stage

Brand & Visual Design · Who fixes it: Design + Dev · Page type · Affects: Every page of this type
[/events/](#) — Events — every page of this type

WHAT IS WRONG

The hero image is a generic, AI-looking photo of three Kathak dancers on a stage. It has no link to any Department event, and the circle is cut off by the top and bottom of the hero band.

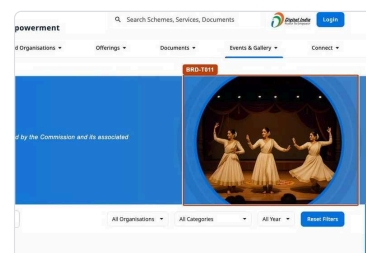

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/events/> on a desktop browser 1440px wide.
2. Look at: Events — every page of this type.

FIX

Replace it with a real Department event photograph, or drop the image and use a compact title band.

Standards failed: [WCAG 2.1 · 1.4.10 Reflow \(AA\)](#) · [GIGW 3.0 · 5.2.17 Reflow](#) · [DBIM 3.0 · 10.2 Responsive across screen sizes \(p. 96\)](#) · [DBIM 3.0 · 6.1 Imagery \(p. 59\)](#)

The hero image is a generic, AI-looking photo of three Kathak dancers on a stage — desktop 1440px, 21 Sep 2026

BRD-T012 MAJOR The hero image is a stock photo of a vintage Canon film camera with the brand name visible, cut off by the hero band

Brand & Visual Design · Who fixes it: Design + Dev · Page type · Affects: Every page of this type
[/gallery/](#) — Gallery — every page of this type

WHAT IS WRONG

The hero image is a stock photo of a vintage Canon film camera with the brand name visible, cut off by the hero band.

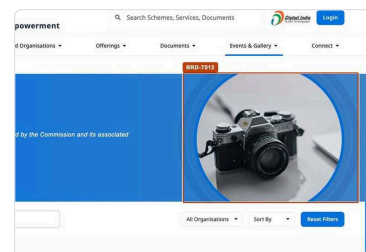

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/gallery/> on a desktop browser 1440px wide.
2. Look at: Gallery — every page of this type.

FIX

Use a collage of the Department's own event photos, or no image.

Standards failed: [WCAG 2.1 · 1.4.10 Reflow \(AA\)](#) · [GIGW 3.0 · 5.2.17 Reflow](#) · [DBIM 3.0 · 10.2 Responsive across screen sizes \(p. 96\)](#) · [DBIM 3.0 · 6.1 Imagery \(p. 59\)](#)

Screenshot — desktop 1440px, 21 Sep 2026

BRD-T014 MAJOR On the phone, each minister portrait is upscaled to full width (about 650 image px tall), with visible JPEG softening

Brand & Visual Design · Who fixes it: Design + Dev · Page type · Affects: Every page of this type
[/organisation/national-institute-of-social-defence/](#) — Organisation Hub — NISD — every page of this type

WHAT IS WRONG

On the phone, each minister portrait is upscaled to full width (about 650 image px tall), with visible JPEG softening. The first cut-out has jagged white edges that bleed into the card, while the next two have rounded bottom corners.

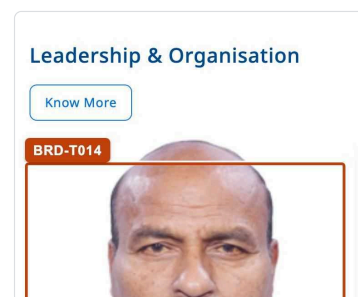

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-institute-of-social-defence/> on a phone 390px wide.
2. Look at: Organisation Hub — NISD — every page of this type.

FIX

Show portraits at 120px in a compact list, using high-resolution sources with a uniform crop.

Standards failed: [WCAG 2.1 · 1.4.8 Visual Presentation \(AAA\)](#) · [DBIM 3.0 · 6.1 Imagery \(p. 59\)](#) · [GIGW 3.0 · 5.1.10 Contact Us with important functionaries](#)

Screenshot — phone 390px, 21 Sep 2026

BRD-T015

MAJOR

The result banner puts white 16px text on bright orange (about #F97316, roughly 2.8:1) with a solid green 'View Result' button

Brand & Visual Design · Who fixes it: Design + Dev · Page type · Affects: Every page of this type
[/organisation/national-overseas-scholarship/](#) — Organisation Hub — National Overseas Scholarship — every page of this type

WHAT IS WRONG

The result banner puts white 16px text on bright orange (about #F97316, roughly 2.8:1) with a solid green 'View Result' button. Green is not used for actions anywhere else on the site.

HOW TO SEE IT

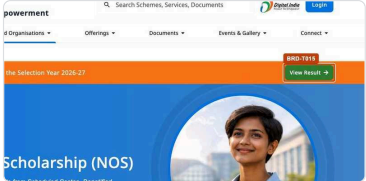

1. Open <https://www.dosje.gov.in/organisation/national-overseas-scholarship/> on a desktop browser 1440px wide.

2. Find “View Result” — Organisation Hub — National Overseas Scholarship — every page of this type.

FIX

Use the brand-blue banner, or a dark-orange token that reaches 4.5:1, with the standard primary button.

Standards failed: GIGW 3.0 · 5.1.23 Consistent experience and visual identity across websites

Screenshot — desktop 1440px, 21 Sep 2026

BRD-T016

MAJOR

Hero uses a stock-style portrait

Brand & Visual Design · Who fixes it: Design + Dev · Page type · Affects: Every page of this type
[/organisation/national-overseas-scholarship/](#) — Organisation Hub — National Overseas Scholarship — every page of this type

WHAT IS WRONG

The hero image is a polished, AI or stock-style portrait of a smiling student with an 'Admission Letter' prop in front of a glass campus.

HOW TO SEE IT

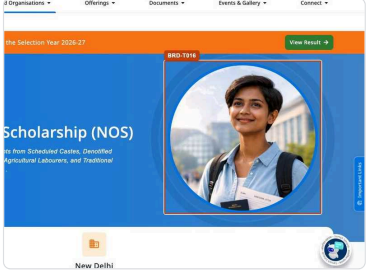

1. Open <https://www.dosje.gov.in/organisation/national-overseas-scholarship/> on a desktop browser 1440px wide.

2. Find “Admission Letter” — Organisation Hub — National Overseas Scholarship — every page of this type.

FIX

Use a real NOS awardee photograph with consent, or no image.

Standards failed: DBIM 3.0 · 6.1 Imagery (p. 59)

Screenshot — desktop 1440px, 21 Sep 2026

BRD-T017

MAJOR

The hero image is an AI or stock-style picture of two women at a sewing machine, with a soft-focus tricolour in the background

Brand & Visual Design · Who fixes it: Design + Dev · Page type · Affects: Every page of this type
[/organisation/e-utthaan/](#) — Organisation Hub — E-Utthaan — every page of this type

WHAT IS WRONG

The hero image is an AI or stock-style picture of two women at a sewing machine, with a soft-focus tricolour in the background.

HOW TO SEE IT

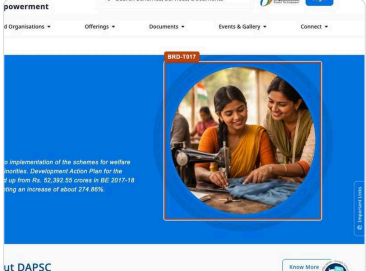

1. Open <https://www.dosje.gov.in/organisation/e-utthaan/> on a desktop browser 1440px wide.

2. Look at: Organisation Hub — E-Utthaan — every page of this type.

FIX

Remove it, or use an infographic of the allocation trend.

CON-T122 **MAJOR** The Organisation column shows 'Transgender', which is not an organisation

Content Accuracy · Who fixes it: Content · Page type · Affects: Every page of this type
[/rti/](#) — RTI — every page of this type

WHAT IS WRONG

The Organisation column shows 'Transgender', which is not an organisation. The first page is all Transgender-portal and NBCFDC files, and the Department's own CPIO list and Section 4(1)(b) handbook are nowhere on page 1 of 45.

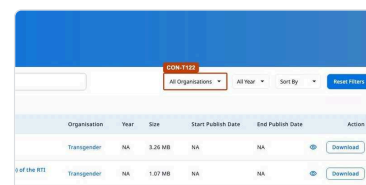

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/rti/> on a desktop browser 1440px wide.
2. Find "Transgender" — RTI — every page of this type.

FIX

Rename the value to its real body (for example, National Portal for Transgender Persons) and list the Department's own disclosures first.

Standards failed: [GIGW 3.0 · 5.1.18 Minimum prescribed content present](#)

The Organisation column shows 'Transgender', which is not an organisation — desktop 1440px, 21 Sep 2026

CON-T130 MAJOR The 'Policies' page leads with PSU corporate-governance documents

Content Accuracy · Who fixes it: Content · Page type · Affects: Every page of this type
[/policies/](#) — Policies — every page of this type

WHAT IS WRONG

The 'Policies' page leads with PSU corporate-governance documents: NBCFDC's Risk Management, Record Retention, Sexual Harassment and Materiality policies. The one national policy (Older Persons, 1999) is in row 5.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/policies/> on a desktop browser 1440px wide.
2. Find "Policies" — Policies — every page of this type.

FIX

Separate national policies from organisation policies and list the Department's first.

Standards failed: [GIGW 3.0 · 5.1.18 Minimum prescribed content present](#)

The 'Policies' page leads with PSU corporate-governance documents — desktop 1440px, 21 Sep 2026

CON-T132 MAJOR Last two paragraphs repeat the first two word for word

Content Accuracy · Who fixes it: Content · Page type · Affects: Every page of this type
[/home-page/privacy-policy/](#) — Privacy Policy — every page of this type

WHAT IS WRONG

The last two paragraphs repeat the opening two paragraphs word for word, including 'The section below explains...', which now has nothing below it.

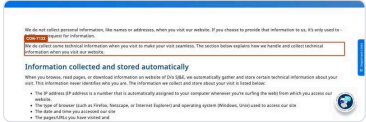

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/home-page/privacy-policy/> on a desktop browser 1440px wide.
2. Find "The section below explains" — Privacy Policy — every page of this type.

FIX

Delete the repeated paragraphs.

Standards failed: [GIGW 3.0 · 5.1.18 Minimum prescribed content present](#)

Screenshot — desktop 1440px, 21 Sep 2026

CON-T133 MAJOR Policy names Netscape and Internet Explorer as supported browsers

Content Accuracy · Who fixes it: Content · Page type · Affects: Every page of this type
[/home-page/privacy-policy/](#) — Privacy Policy — every page of this type

WHAT IS WRONG

The policy lists browsers as 'Firefox, Netscape, or Internet Explorer' and operating systems as 'Windows, Unix'.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/home-page/privacy-policy/> on a desktop browser 1440px wide.
2. Find "Firefox, Netscape, or Internet Explorer" — Privacy Policy — every page of this type.

FIX

Rewrite it in current, neutral terms: 'browser type and version, and operating system'.

Standards failed: [GIGW 3.0 · 5.1.18 Minimum prescribed content present](#)

Screenshot — desktop 1440px, 21 Sep 2026

CON-T134 MAJOR The text says 'We only use non-persistent cookies or "per-session cookies"'

Content Accuracy · Who fixes it: Content · Page type · Affects: Every page of this type
[/home-page/privacy-policy/](#) — Privacy Policy — every page of this type

WHAT IS WRONG

The text says 'We only use non-persistent cookies or "per-session cookies"'. The site shows a cookie-consent banner offering optional cookies and links to 'Visitor Analytics'.

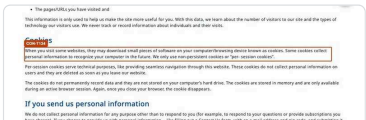

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/home-page/privacy-policy/> on a desktop browser 1440px wide.
2. Find "The site shows a cookie-consent banner offering optional cookies and I" — Privacy Policy — every page of this type.

FIX

WHAT IS WRONG

The stats card holds a single stat, 'New Delhi / Headquarters', centred in a 1272px-wide white panel.

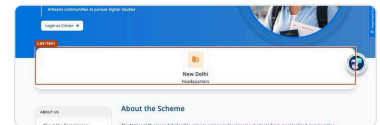

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/national-overseas-scholarship/> on a desktop browser 1440px wide.
2. Find "New Delhi / Headquarters" — Organisation Hub — National Overseas Scholarship — every page of this type.

FIX

Remove the stats strip for NOS, or show real figures (awards per year, countries, budget).

Standards failed: GIGW 3.0 · 5.1.23 Consistent experience and visual identity across websites · Nielsen's 10 usability heuristics

Screenshot — desktop 1440px, 21 Sep 2026

LAY-T043 **MAJOR** From 'Schemes Guidelines' onward, the mobile content is inset to x=64

Layout & Components · Who fixes it: Dev · Page type · Affects: Every page of this type
</organisation/national-overseas-scholarship/> — Organisation Hub — National Overseas Scholarship — every page of this type

WHAT IS WRONG

From 'Schemes Guidelines' onward, the mobile content is inset to x=64 (32 CSS px), and the cards end at x=685. 'About the Scheme' above sits at x=32 (16 CSS px).

HOW TO SEE IT

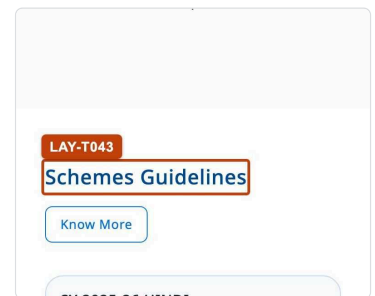

1. Open <https://www.dosje.gov.in/organisation/national-overseas-scholarship/> on a phone 390px wide.
2. Find "Schemes Guidelines" — Organisation Hub — National Overseas Scholarship — every page of this type.

FIX

Remove the extra section padding so every section uses the padding/16 page margin.

Design tokens: **padding/16** 16px

Standards failed: GIGW 3.0 · 5.1.23 Consistent experience and visual identity across websites · Nielsen's 10 usability heuristics

Screenshot — phone 390px, 21 Sep 2026

LAY-T044 **MAJOR** The sidebar card clips its last item

Layout & Components · Who fixes it: Dev · Page type · Affects: Every page of this type
</organisation/e-utthaan/> — Organisation Hub — E-Utthaan — every page of this type

WHAT IS WRONG

The sidebar card clips its last item: 'Ministry/ Scheme/ State wise' is cut at the card's bottom edge (y=545), and its chevron falls outside the card.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/organisation/e-utthaan/> on a desktop browser 1440px wide.
2. Find "Ministry/ Scheme/ State wise" — Organisation Hub — E-Utthaan — every page of this type.

FIX

Remove the fixed height or overflow:hidden from the sidebar card.

Standards failed: WCAG 2.1 · 1.4.10 Reflow (AA) · GIGW 3.0 · 5.2.17 Reflow · DBIM 3.0 · 10.2 Responsive across screen sizes (p. 96)

The sidebar card clips its last item — desktop 1440px, 21 Sep 2026

LAY-T051 MAJOR The page uses three card styles

Layout & Components · Who fixes it: Dev · Page type · Affects: Every page of this type
[/dashboard/](#) — Beneficiary Dashboard — every page of this type

WHAT IS WRONG

The page uses three card styles: solid colour headers (row 1), a 4px coloured top border (hostels row), and gradient headers in violet, teal and orange (Year on Year, d-02). Within this row, the third card's 3-line title pushes its divider to y=227 against y=206, so the labels are out of line across the row.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/dashboard/> on a desktop browser 1440px wide.
2. Look at: Beneficiary Dashboard — every page of this type.

FIX

Use one card component, and reserve a fixed title height so the metrics align across the row.

Standards failed: [GIGW 3.0 · 5.1.23 Consistent experience and visual identity across websites](#) · [Nielsen's 10 usability heuristics](#)

The page uses three card styles — desktop 1440px, 21 Sep 2026

LAY-T058 MAJOR The right column ends at the bottom of the map

Layout & Components · Who fixes it: Dev · Page type · Affects: Every page of this type
[/contact-us/](#) — Contact Us — every page of this type

WHAT IS WRONG

The right column ends at the bottom of the map (y=240), leaving about 930px of empty white space beside the 18-item sidebar (it continues to y=270 on the next slice).

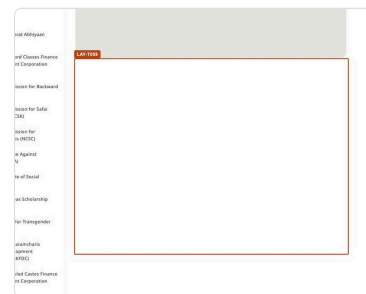

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/contact-us/> on a desktop browser 1440px wide.
2. Look at: Contact Us — every page of this type.

FIX

Put per-organisation contact cards in the right column, or make the sidebar a compact selector above the content.

Standards failed: [GIGW 3.0 · 5.1.18 Minimum prescribed content present](#)

Screenshot — desktop 1440px, 21 Sep 2026

LAY-T062 MAJOR The grid leaves cards orphaned

Layout & Components · Who fixes it: Dev · Page type · Affects: Every page of this type
[/whos-who/](#) — Who's Who — every page of this type

WHAT IS WRONG

The grid leaves cards orphaned: NCSC's fourth card sits alone in a row, NCBC has 2 of 3 slots, NSFDC has 1, and DAF has 2, each with a large gap to the right.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/whos-who/> on a desktop browser 1440px wide.
2. Look at: Who's Who — every page of this type.

FIX

Use a list layout, or a grid that fills rows, e.g. 4-up with the section summarised.

Standards failed: [GIGW 3.0 · 5.1.23 Consistent experience and visual identity across websites](#) · [Nielsen's 10 usability heuristics](#)

The grid leaves cards orphaned — desktop 1440px, 21 Sep 2026

LAY-T068 MAJOR The header search box shows the placeholder, not the current query, and the results page has no search field, filters or sort

Layout & Components · Who fixes it: Dev · Page type · Affects: Every page of this type
[/s=scholarship](#) — Search Results — every page of this type

WHAT IS WRONG

The header search box shows the placeholder, not the current query, and the results page has no search field, filters or sort.

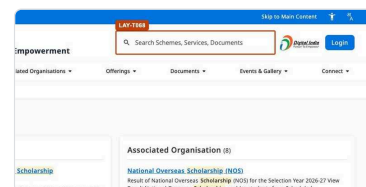

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/?s=scholarship> on a desktop browser 1440px wide.
2. Look at: Search Results — every page of this type.

FIX

Mobile & Responsive · Who fixes it: Dev · Page type · Affects: Every page of this type
[/resources/](#) — Resources — every page of this type

WHAT IS WRONG

Phone cards list five labelled fields for each document, three or four of them 'NA', taking ~265 CSS px per item; titles are still clipped ('...Social Justice and...', 'Rajasthan...').

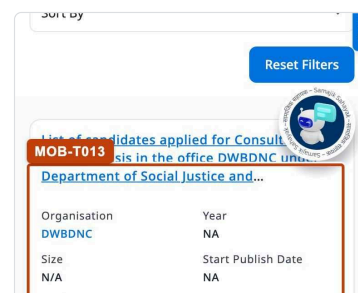

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/resources/> on a phone 390px wide.
2. Find " , taking ~265 CSS px per item; titles are still clipped (" — Resources — every page of this type.

FIX

Show title, organisation, date and one action; hide empty fields; don't clamp titles.

MOB-T014

MAJOR

On phone the first Act appears ~1,150 CSS px down

Mobile & Responsive · Who fixes it: Dev · Page type · Affects: Every page of this type
[/acts-rules/](#) — Acts & Rules — every page of this type

WHAT IS WRONG

On phone the first Act appears ~1,150 CSS px down (hero + 3 selects + Reset), and each card uses a 2-column label grid that leaves 'End Publish Date / NA' alone on its own row — ~245 CSS px per statute.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/acts-rules/> on a phone 390px wide.
2. Find "End Publish Date / NA" — Acts & Rules — every page of this type.

FIX

Collapse filters, drop empty fields, show title + year + download.

Standards failed: GIGW 3.0 · 5.1.18 Minimum prescribed content present · DBIM 3.0 · A.5.6 Mandatory content directives (p. 127) · GIGW 3.0 · 5.1.10 Contact Us with important functionaries

MAJOR

On the phone, the hero takes 460–1260 image px (about 400 CSS px)

Mobile & Responsive · Who fixes it: Dev · Page type · Affects: Every page of this type
[/events/](#) — Events — every page of this type

WHAT IS WRONG

On the phone, the hero takes 460–1260 image px (about 400 CSS px): the photo alone fills the first viewport before the H1 appears, and the circle is cut off at the right edge.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/events/> on a phone 390px wide.
2. Look at: Events — every page of this type.

FIX

Hide the hero image under 768px and keep a compact title band of about 120px.

Standards failed: WCAG 2.1 · 1.3.1 Info and Relationships (A) · GIGW 3.0 · 5.2.7 Info and Relationships · WCAG 2.1 · 2.4.6 Headings and Labels (AA) · GIGW 3.0 · 5.2.32 Headings and Labels · WCAG 2.1 · 1.4.10 Reflow (AA) · GIGW 3.0 · 5.2.17 Reflow · DBIM 3.0 · 10.2 Responsive across screen sizes (p. 96) · DBIM 3.0 · 6.1 Imagery (p. 59) · GIGW 3.0 · 5.1.10 Contact Us with important functionaries

The bar chart's x-axis labels are department names rotated about 20°, at about 9px in grey — desktop 1440px, 21 Sep 2026

TYP-T029 **MAJOR** The highlight splits words

Typography · Who fixes it: Dev · Page type · Affects: Every page of this type
[/?s=scholarship](#) — Search Results — every page of this type

WHAT IS WRONG

The highlight splits words: in 'Scholarships' only 'Scholarship' is highlighted, and its padding opens a visible gap before the 's' ('Scholarship s'). The same happens at x=752, y=560.

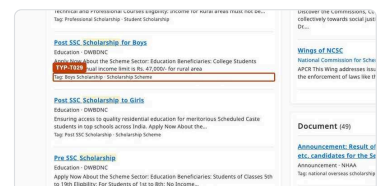

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/?s=scholarship> on a desktop browser 1440px wide.
2. Find "Scholarship s" — Search Results — every page of this type.

FIX

Highlight the whole word, or remove the horizontal padding from mark.

Standards failed: [DBIM 3.0](#) · [4.3.1 Type scale \(p. 41\)](#)

The highlight splits words — desktop 1440px, 21 Sep 2026

TYP-T039 **MAJOR** The body text runs the full 1,272px container, about 165–175 characters a line

Typography · Who fixes it: Dev · Page type · Affects: Every page of this type
[/home-page/privacy-policy/](#) — Privacy Policy — every page of this type

WHAT IS WRONG

The body text runs the full 1,272px container, about 165–175 characters a line.

HOW TO SEE IT

1. Open <https://www.dosje.gov.in/home-page/privacy-policy/> on a desktop browser 1440px wide.
2. Look at: Privacy Policy — every page of this type.

FIX

Cap the prose measure at about container/narrow (65–75 characters).

Design tokens: `container/narrow` 720px

Errors on one page each, mostly content. 136 issues; screenshots are in the Website QC Screenshots folder, named by issue ID.

ID	Page	What is wrong	Fix
ACC-P006	/meta-data/	The page has no title at all — no hero band and no heading. The breadcrumb reads "Home / Meta Data" and the next element is the filter bar. Every sibling page in the Documents section carries a blue hero with the page name.	Add the standard hero with the page title.
ACC-P008	/organisation/e-anudaan/registration-your-ngo/	The page ends with two buttons, "Proceed" and "Close". "Close" is a modal-dialog control on a standalone page — there is nothing to close — and both are styled as secondary outline buttons, so nothing marks the primary action.	Remove "Close" and render "Proceed" as the primary action.
ACC-P026	/samavesh-admin-portals/	An internal staff router is published in the public site's URL space, reachable from a public breadcrumb: "SAMAVESH - Admin Login / Choose a portal to visit", listing the admin entry points for SCW, SMILE-Transgender, SMILE Beggary, NOS, NMBA, NHAA and PM-AJAY.	Move it behind authentication and out of the public route space.
ACC-P057	/footer-carousel/	This is a CMS building block published as a public page: the title is the internal component name "Footer carousel", and the entire content is a strip of organisation logos with no heading, no explanation, no captions and no link onward.	Remove the page from the public site (noindex plus a redirect to the organisations listing).
ACC-P062	/tag/addiction/	The page is empty. The breadcrumb reads "Home /" with nothing after the separator, the heading is the developer-facing string "Tag: addiction" in lower case, and there are no results, no empty-state message and no link onward — "Need Support?" begins 40px below the title.	Either remove tag archives from the public site, or render a real listing with a titled empty state.
ACC-P066	/organisation/dr-ambedkar-international-centre/rti/	The whole RTI page is one card: "CENTRAL PUBLIC INFORMATION OFFICER — Mr. Nandu Shaw, Sr. Accounts Officer, E-mail- nandu.shaw11@gov.in". There is no First Appellate Authority, no postal address, no telephone number, no fee or application route, and no section 4(1)(b) disclosure.	Add the First Appellate Authority, the CPIO's postal address and telephone, the fee and the filing route, and link the proactive disclosure.
ACC-P081	/organisation/national-commission-for-scheduled-castes/list-	Every email address in both Email columns is obfuscated — "nikhil[dot]srivastava[at]ncsc[dot]gov[dot]in", "kumar[dot]nityanand[at]nic[dot]in" and so on down all fourteen-plus rows.	Publish real mailto links and use server-side spam protection instead.
ACC-P090	/home-page/for-government-official/	The page title is "for Government Official" — lowercase "for", singular "Official". It is the raw slug rendered as the H1 and repeated in the breadcrumb.	Set the title to "For Government Officials" in both the heading and the breadcrumb.
ACC-P098	/organisation/national-commission-for-safai-karamcharis/citi	The Citizen's Charter is delivered only as an embedded three-page PDF in a viewer (Prev / Next / zoom / Print / Download); there is no HTML version of the charter anywhere on the page.	Publish the charter as HTML on the page and offer the PDF as a secondary download.
ACC-P099	/organisation/national-commission-for-safai-karamcharis/sani	The page's entire content is a photographed, skewed photocopy of a printed table — visible grey paper tone, a tilted baseline and scan speckle — embedded in a PDF viewer at 100% where the figures are barely legible.	Publish the table as HTML with proper headers, and keep the scan only as an archival download.
ACC-P100	/organisation/national-commission-for-scheduled-castes/rti/	The page's main content is a scanned photocopy of the printed RTI Act — visible black speckle across the page, a torn-edge mark at the left margin and a stray © artefact — with no HTML alternative, and its cover states "[As modified up to 1st February, 2011]".	Link to the current consolidated Act on legislative.gov.in and drop the scan.
ACC-P106	/organisation/senior-citizens-welfarescw/scope/	A job board is published under the page title "Scope", inside the Senior Citizens Welfare section, with no explanation of whose jobs these are or who vetted them.	Retitle to something truthful — "Job Opportunities" — and state the vetting policy and the Department's disclaimer at the top.
ACC-P112	/home-page/for-student/	The page title, the hero heading and the breadcrumb all read "for Student" — a lowercase URL fragment used as the name of the page.	Title the page "For Students" in the hero, the breadcrumb and the browser tab.
ACC-P117	/organisation/e-utthaan/e-utthan-manage-outcome/	The whole page is a filter bar over the sentence "Select filters and click View to load data." — no results, no totals, no context, and the page ends 100px later at the footer.	Load the default (all ministries, current year) view on arrival and keep the filters as a refinement.
ACC-P118	/organisation/e-utthaan/ministry-and-scheme-wise-financial-s	The page contains one select and a View button over "Select a financial year and click View to load data." — a financial summary that shows no figures at all until the citizen guesses.	Render the current financial year by default and let the select change it.
ACC-P128	/organisation/national-helpline-against-atrocities/state-wis	The page is titled "State-wise Statistics" but the only table on it, "Statistics of Central Assistance Provided Under the Centrally Sponsored Scheme", has no state column at all — its columns are #, Year, Central Assistance Released (Rs. in Crores), Number of Atrocity Victims Provided Relief and Number of Couples Provided Incentive for Inter Caste Marriage.	Publish the state breakdown the title promises, or retile the page "Year-wise Central Assistance".
ACC-P134	/pm-ajay-directory/	The page title, shown in the hero and the breadcrumb, is "PM-AJAY-directory" — the URL slug, hyphen and lowercase "d" included.	Title the page "PM-AJAY Directory".
ACC-P153	/organisation/national-commission-for-safai-karamcharis/sewe	The entire national sewer/septic-tank death statistic is a scanned picture of a spreadsheet inside a PDF viewer — column headings break mid-word across lines ("Compen / sation / paid in / Nos."), body figures render at roughly 9px, and nothing on the page is selectable text.	Render the statement as an HTML data table with scoped headers and a downloadable CSV, keeping the scan only as a supplementary document.
ACC-P158	/organisation/national-helpline-against-atrocities/poa-act/	The Act is published as an accordion whose collapsed rows are labelled only "Section 2", "Section 3", "Section 4", "Section 5", "Section 6", "Section 7" and onward; only the one expanded row reveals a title, "Short title, extent and commencement".	Print each section's marginal heading next to its number in the collapsed row, and add a search box over the section list.
ACC-P160	/organisation/national-institute-of-social-defence/ngos-agen	The page is titled "NGOs / Agencies" but contains no NGO or agency — only two blank accounting forms: "Utilization Certificate (For Autonomous Bodies of The Grantee Organization)" and "Utilization Certificate (For State Government)". There is no introductory text, no list, and no link onward.	Either publish the list of empanelled NGOs/agencies here, or rename the page "Utilisation Certificate Formats" and move it under Documents.
ACC-P170	/organisation/national-commission-for-backward-classes-ncbc/	The URL promises the rules of procedure (/rules-of-procedure-in-ncbc-copy-2/) but the page heading and breadcrumb both read "Status Report of Complaints and Compliance by NCBC". The slug "copy-2" shows this is a duplicated page left in the live site, and the real rules page exists separately at /rules-of-procedure-in-ncbc/.	Move the status report to its own honest slug and delete the "copy-2" duplicate, redirecting it to the rules page.
ACC-P175	/organisation/national-commission-for-backward-classes-ncbc/	The URL is /rules-of-procedure-in-ncbc-copy/ but the page that loads is headed "Commission's Reports" — the breadcrumb reads "Home / National Commission for Backward Classes (NCBC) / Commission's Reports" and the body lists three report PDFs. No rules of procedure appear anywhere on the page. The slug also still carries the WordPress duplicate suffix "-copy".	Either restore the rules-of-procedure content at this address or retire the duplicate page and 301 it to the real one; never publish a "-copy" slug.
BRD-P005	/organisation/national-commission-for-scheduled-castes/patna	In the reports table the View column renders a broken-image placeholder reading "PDF Icon" instead of an image.	Fix the asset path or replace the icon with a text link.

BRD-P015	/organisation/dr-ambedkar-international-centre/panchteerth/	A 616×374 empty white card sits beside the "Janam Bhoomi - Birthplace In Mhow, M.P" text where an image should be.	Publish the Janam Bhoomi photograph or remove the empty card.
BRD-P020	/organisation/national-institute-of-social-defence/experienc	From the second row onwards every video tile renders as a plain black rectangle with only a player bar and a duration ("0:00 / 0:26") — twelve black boxes on this screen alone.	Set a poster frame on every video and lazy-load them.
BRD-P022	/organisation/senior-citizens-welfare/cw/pensioners-associat	Character corruption throughout the table — "Defence Accounts Pensioners' Welfare Trust", "Bharat Pensioners' Samaj", "Patna 800019", "President 9470640989".	Re-import the source data as UTF-8 and replace the corrupted characters.
BRD-P049	/organisation/national-commission-for-safai-karamcharis/curr	In the Photo column, row 5 renders the broken-image alt text "Shri Manoj Kumar Balmiki" instead of a photograph, and rows 6 and 7 (Dr. Sushama Goriyal, Shri Ravi Ramu Kalose) have completely empty photo cells.	Upload the three missing portraits; until then, render a neutral placeholder rather than alt text.
CON-P012	/district/goa/	"Panjim" is listed as a district alongside "North Goa" and "South Goa", and is credited with 4 of the state's 7 sewer deaths. Goa has exactly two districts; Panjim is a city inside North Goa.	Reassign Panjim's four cases to North Goa and remove the row.
CON-P018	/drug-division/	"Drug Prevention – III Section" is numbered i), then iii), then iii) again, then iv) — there is no item ii and "iii)" appears twice.	Renumber i–iv.
CON-P019	/drug-division/	Section III item i) and Section IV item i) carry the identical 28-word sentence: "Release of grant in aid to NGOs and other eligible organizations working in various States/UTs for identification, counselling, treatment and rehabilitation of addicts."	Delete the duplicate or state what distinguishes the two sections.
CON-P037	/organisation/babu-jagjivan-ram-national-foundation-bjrnf/ab	The page title is "About Bjrnf" — the acronym auto-title-cased from the URL slug, while the breadcrumb directly above correctly reads "Babu Jagjivan Ram National Foundation (BJRNF)".	Set the title to "About BJRNF".
CON-P040	/organisation/babu-jagjivan-ram-national-foundation-bjrnf/rt	The Foundation's RTI page publishes none of its own RTI disclosure. The entire body is an embedded 22-page scan of "THE RIGHT TO INFORMATION ACT, 2005 — ARRANGEMENT OF SECTIONS". There is no CPIO, no First Appellate Authority, no Section 4(1)(b) disclosure and no way to file a request.	Publish the CPIO and Appellate Authority details and the proactive disclosure; link the Act rather than embedding it.
CON-P041	/organisation/dr-ambedkar-foundation/contact-us/	The Postal Address reads "2nd Floor, Dr. Ambedkar International Centre, 15, Janpath, New Delhi – 110 001" but the embedded map card 480px below reads "Dr Ambedkar International Centre, Windsor Place, New Delhi, Delhi 110001" — two different street addresses for the same office on one screen.	Correct the map pin to the published postal address and remove the second address.
CON-P051	/organisation/e-anudaan/registration-your-ngo/	The two portal addresses an NGO must visit are printed as plain unclickable text — "http://grants-msje.gov.in , it is mandatory" (insecure http, and a space before the comma) and "https://ngodarpan.gov.in".	Make both real https links.
CON-P055	/organisation/e-utthaan/e-utthan-ministry-sanction-details/	The page is a filter bar with no results: below the Financial Year select it reads "Select a financial year and click View to load data," and the footer begins 80px later. The default year is "2026-2027", the current year, which is unlikely to hold any	Load the most recent year with data on first render.
CON-P056	/organisation/e-utthaan/e-utthan-ministry-sanction-details/	The scheme name is spelt two ways 90px apart: the breadcrumb parent reads "E-Utthaan" while the breadcrumb leaf and the heading both read "E utthan Ministry Sanction Details" — a missing hyphen and a different vowel.	Use one transliteration of the scheme name everywhere.
CON-P058	/organisation/list-of-channelizing-agencies/	The table's second column header reads "State/ Union Terriorite" — "Territory" misspelt, in a bold header, on the page that lists every state channelizing agency.	Correct to "State / Union Territory".
CON-P059	/organisation/list-of-channelizing-agencies/	State channelizing agencies are published with free consumer mailboxes as their official contact: "sdcassam[at]gmail[dot]com, kcdas4321[at]gmail[dot]com" (Assam), "bssccdc[at]yahoo[dot]com, directorscst[at]gmail[dot]com" (Bihar), "socialwelfarech[at]rediffmail[dot]com" (Chandigarh), "mdapscct[at]gmail[dot]com" (Andhra Pradesh).	Publish official gov.in / nic.in addresses.
CON-P068	/organisation/national-commission-for-backward-classes-ncbc/	The Chairperson's card carries no photograph — a 250×250 empty white area beside "Sadhvi Niranjan Jyoti / Hon'ble Chairperson" — while the card below, labelled "Shri Kiran Umesh Mahalle / Member", shows a photograph of a woman in a white and gold sari standing at the NCBC plaque. The portraits are shifted by one: the Chairperson's photograph is captioned with a Member's name.	Reattach each photograph to its own record.
CON-P079	/organisation/national-commission-for-safai-karamcharis/	The hero carries the tagline "Cleanliness Is Next To Godliness" as the Commission's own line.	Remove the proverb; use the Commission's statutory purpose.
CON-P081	/organisation/national-commission-for-safai-karamcharis/	A card on the Commission's landing page is titled "Key Initaiative/Achivement" — two misspellings in three words ("Initiative", "Achievement").	Correct both words.
CON-P089	/organisation/national-commission-for-safai-karamcharis/ncksk	The Vacant column carries five unexplained markers — "01*", "01@", "1+1*", "01**", "04**" — and the page ends at the Total row with no legend anywhere.	Add the legend, or remove the markers.
CON-P097	/organisation/national-commission-for-scheduled-castes/	Two of the three leadership cards give the designation as "Member's office (LKK)" and "Member's office (VDR)" — internal office codes built from the officers' initials — while the first reads "Chairperson".	Set both to "Member".
CON-P111	/organisation/national-helpline-against-atrocities/contact-u	The contact page of the National Helpline Against Atrocities does not publish the helpline number. The only phone shown is "Technical Team +91-11-24364461", followed by tables of NIC IT officers — a Deputy Director General (IT), a Deputy Director (IT) and an Assistant Director (IT).	Lead the page with the 14566 helpline and its hours.
CON-P112	/organisation/national-helpline-against-atrocities/contact-u	The published support address is "support-nha[at]supportgov[dot]in" — which decodes to support-nha@supportgov.in, a domain with a missing dot; the government domain would be support.gov.in.	Correct the domain and render it as a mailto link.
CON-P119	/organisation/national-institute-of-social-defence/elderline	The Elderline 14567 page contains one line of text and one button: "List of States/UTs Wise Names of Service Providers Under NHSC-Elderline (14567)" and "Download Here". There is no explanation of what Elderline is, no hours, no languages, and no invitation to call the number in the page's own title.	Lead with the number, hours and languages; keep the provider list secondary.
CON-P121	/organisation/national-institute-of-social-defence/training-	The page title reads "Training Calenders" — "Calendars" misspelt — in 40px hero type, in the breadcrumb, and in the URL.	Correct the spelling in the title, the breadcrumb and the route.
CON-P125	/organisation/national-portal-for-transgender-persons/certif	The page cites "The Transgender Persons (Protection of Rights) Act, 2019 & Transgender Persons (Protection of Rights) Act 2020" — there is only one such Act, of 2019; the 2020 instrument is the Rules. The comma placement also differs between the two citations.	Cite the 2019 Act and the 2020 Rules correctly.
CON-P126	/organisation/national-portal-for-transgender-persons/certif	The helpline table gives "nisdgtghelp[at]gmail[dot]com" for administrative queries and "tghelp[at]mail.inflibnet[dot]ac[dot]in" — an academic network address — for technical queries.	Publish gov.in or nic.in addresses.
CON-P127	/organisation/national-portal-for-transgender-persons/certif	Function 6 ends mid-sentence: "A manual in the form of PDF has been created for the applicant to see step by step procedure to register for the certification. Manual" — a dangling word where a link evidently should be.	Restore the link or remove the stray word.

CON-P133	/organisation/national-portal-for-transgender-persons/garima	Every one of the ten listed Garima Greh shelter homes publishes a free consumer mailbox as its official contact — eight gmail.com, two yahoo.com and one rediffmail.com — and a personal ten-digit mobile as its only number. Row 9 crams two addresses into one cell with no separator.	Issue and publish gov.in addresses for each shelter.
CON-P139	/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnap	The page publishes two contradictory sets of figures for the same component. "At a glance" reads "Beneficiaries covered 2,30,977" and "In occupation 1,25,485 — just over half the places covered"; one screen below, "Hostels, in numbers" reads "BENEFICIARIES COVERED 1,65,988", "1,65,988 of them are in occupation — 100% of the places the component has provided for" and "Provided for, not yet occupied 0%".	Resolve the reading once and derive every panel on the page from it.
CON-P143	/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnap	The "Revised Notional Allocation (₹ Lakh)" column reads 0.00 on every one of the 23-plus rows, and the "Effective Allocation" column repeats the Notional figure exactly. Two of the three money columns therefore carry no information, and a reader can reasonably read 0.00 as an allocation revised to nil.	Show a dash where no revision was made, or drop the column until revisions exist.
CON-P153	/organisation/senior-citizens-welfarescw/pearls-of-wisdom/	Document titles are tabloid press headlines republished verbatim under the Department's banner with no source, author or publication date: "LOL! New Japan law orders citizens to laugh once a day", "Listen Up! How Your Ears Are Connected to Your Brain Health", "The Indian senior citizen: Dying rich but not living rich", "8 Habits of Successful Retirees".	Attribute each item to its publisher and date, and drop the clickbait register.
CON-P173	/contact-us-2/	The Department's Contact page gives one name and an address — "Ms. Kajal Singh, Director / 8th Floor, GPOA-3, Netaji Nagar, New Delhi-110023" — and no telephone number, no email and no office hours.	Add the switchboard number, a monitored email address and office hours, plus the grievance officer's details.
CON-P199	/nskfcd-directory/	Row 7 gives "cs.nsfcd@gmail.com, legal.nsfcd@gmail.com" with the address "National Scheduled Castes Finance and Development Corporation(NSFDC),New Delhi" — a different corporation — on the NSKFDC directory.	Replace with the officer's nic.in/gov.in address and move the row to the correct corporation.
CON-P217	/organisation/dr-ambedkar-international-centre/panchteerth/	The opening sentence reads "...in remembrance of Dr. Amedbkar birthplace in Mhow".	Correct to "Dr. Ambedkar's birthplace".
CON-P221	/organisation/e-utthaa/about-us/	A section headed "Budget Announcement" quotes "...stepped up from Rs. 52,392.55 crores in BE 2017-18 to Rs. 56,618.50 crores in 2018-19, representing an increase of about 8.07%" as the current announcement.	Replace with the current year's DAPSC allocation, or head the section "Budget Announcement 2018-19" and move it to an archive.
CON-P227	/organisation/nasha-mukt-bharat-abhiyaan/pmu-corners/	The first officer's photograph carries a "Scanned by CamScanner" watermark across its lower edge.	Replace the image with a clean photograph.
CON-P229	/organisation/nasha-mukt-bharat-abhiyaan/pmu-corners/	The last row holds three completely empty cards — no photograph, no name, no states allocated.	Fill or remove the empty cards.
CON-P231	/organisation/national-commission-for-backward-classes-ncbc/	The hero standfirst reads "Discover the Commissions, Corporations, Institutes and Foundations that work collectively towards social justice, inclusion and empowerment across India." — the copy for the Associated Organisations listing page.	Replace with one factual sentence about the NCBC.
CON-P246	/organisation/national-commission-for-safai-karamcharis/suo-	The standfirst reads "...with compensation payment status [January 2025 to August 2026]" while the document embedded directly beneath it is titled "...[January 2026 to August 2026]".	Correct the heading to the document's actual period and check the archive titles against their files.
CON-P247	/organisation/national-commission-for-safai-karamcharis/suo-	Row 8 records "Sh Vipul Mangrolia, Vadodara, Date of Death 11.03.2025" with "Year of death 2026".	Correct the row and audit the Year of death column against the dates.
CON-P263	/organisation/national-helpline-against-atrocities/faqs/	Five accordion items are not questions but section headings lifted from the Act — "Probation of Offenders Act, 1958, not to apply to persons above the age of fourteen years.", "Duty of State Government to ensure that the rights accruing from the abolition of 'untouchability' may be availed of by the concerned persons", "Offences to be cognizable and triable summarily", "Abetment of the offence", "Special Court".	Rewrite each as a question a caller would ask, or move the statutory extracts to a separate "Legal provisions" page.
CON-P267	/organisation/national-institute-of-social-defence/activity-	The page heading is "Activity Calendar November, 2021" and every event beneath it is dated August 2026 — "10 August 2026 (Monday)", "11 August 2026 (Tuesday)".	Set the heading to the period the events cover.
CON-P276	/organisation/national-portal-for-transgender-persons/citize	Row 9 states "National level helpdesk from 10:00 AM to 17:00 PM (Monday to Friday)".	Write "10:00 am to 5:00 pm".
CON-P288	/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnap	The "Total Count" row gives villages selected as 47,242, but its own year columns (4 + 3,791 + 5,020 + 3,517 + 5,989 + 11,332 + 17,590) add to 47,243.	Recompute the total from the year columns and audit the VDP totals the same way.
CON-P291	/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnap	The legend reads "0 ——— 0 Adarsh Gram villages" — a colour scale running from zero to zero.	Derive the legend from the loaded data and suppress it until the data arrives.
CON-P292	/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnap	The panel beside the map shows the headers "BY STATE", "VILLAGES", "HOSTELS" over a completely empty list.	Render the state list from the same resolved data as the map, with an explicit empty state if the feed fails.
CON-P298	/organisation/senior-citizens-welfarescw/pensioners-associat	Office bearer cells run names and numbers together — "Brig Inder Mohan Singh, President -9216919004Col C T Arasu, Sr Vice President 89444891760Lt Col Ranbir Singh, Gen Secretary 9493404214Capt. Ratan Singh, OfcSuptd9671719806Avnita Sharma, DEO - 9977562328".	Split office bearers into separate rows or lines with labelled name and number fields.
CON-P306	/scw-directory/	The "SCW Directory" contains one table, headed "Our Ministers", listing the three Union ministers — there are no Senior Citizens Welfare division officers on it at all.	Publish the division's officers, or state who to contact for senior citizens' matters.
CON-P307	/scw-directory/	Row 2's email cell reads "mos3-msje[at]gov[dot]in, mosathawale[at]gmail[dot]com".	Remove the Gmail address and publish only the gov.in mailbox.
CON-P311	/supreme-court-judgement/	"Supreme Court Judgment Dated 16.05.2025" is published with Size "0.00 MB", and "...Dated 01.09.2025" with Size "N/A".	Re-upload the files and add a check that blocks zero-byte documents.
CON-P335	/organisation/dr-ambedkar-foundation/	The "Leadership & Organisation" row shows three portrait cards and the middle one is completely blank — no photograph, no name, no designation — between the two that are filled.	Fill the card or render only the office-bearers that exist.
CON-P346	/organisation/e-utthaa/contact-us/	The only email on the contact page is labelled "Gmail" and reads "prog3.dosje-dl[at]govcontractor.in" — a contractor's domain, not a gov.in address, obfuscated so it cannot be clicked or copied.	Publish a working gov.in or nic.in mailto address and label it "Email".
CON-P359	/organisation/national-commission-for-safai-karamcharis/case	The page's standfirst reads "List of cases where of sewer deaths legal heirs could not be traced despite best efforts [up to 31st Sugust, 2026]" — "Sugust" for August, and "where of" is ungrammatical. The embedded document immediately below gets the month right.	Correct to "List of cases where the legal heirs of sewer death victims could not be traced despite best efforts (up to 31 August 2026)".

CON-P379	/organisation/national-helpline-against-atrocities/iec-and-t	Every document on the page is named by a placeholder: "Booklet 1", "HandBook 1", "Poster 1" through "Poster 6", "Brochure 1" to "Brochure 3". No title, subject, language or date appears anywhere.	Give every item its real title and language.
CON-P381	/organisation/national-institute-of-social-defence/annual-ac	A page called "Annual Action Plan" lists four divisions and four download buttons and never states a year: the table has one column header, "Division", and no date, period, file size or format anywhere.	Add a Year column and show the period each plan covers.
CON-P389	/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnap	The About page describes itself as an internal working file: "This document consolidates verified narrative, objectives, design features, policy evolution and key statistical tables for the three precursor schemes..." and later "Detailed annexure-level state-wise tables are maintained in the companion Excel file PM_AJAY_Historical_Statistical_Compedium_2007-26.xlsx and in year-wise extraction workbooks. This document embeds the principal all-India and selected state-wise series."	Rewrite the page as an account of PM-AJAY for citizens and move the compilation note to the audit documentation.
CON-P394	/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnap	The "At a glance" card says "Approved so far: 8,772 projects across five financial years, from 2022-23" while the section below headlines "PROJECTS APPROVED FOR GRANT 9,127 — Across 4 intervention types in 5 financial years". The four component bars sum to 9,127 (4,185 + 1,290 + 3,649 + 3), so 8,772 is wrong.	Derive the glance figure from the same source as the breakdown so the two cannot diverge.
CON-P420	/forms-templates/	The hero standfirst belongs to another page: "Access official reports released by the Commission and its associated organisations under MoSJE." This is the Forms & Templates library, it holds forms not reports, and the Department is not "the Commission".	Replace with a sentence about forms, e.g. "Download the application forms and prescribed formats published by the Department and its associated organisations."
CON-P421	/home-page/for-government-official/	A page for government officials opens with "Here's how the Ministry empowers citizens like you." and the cards beneath are citizen-facing — "Schemes and Services we provide", "Participate in Citizen Engagement".	Write official-facing copy and cards (circulars, MIS logins, scheme guidelines, nodal officer contacts), or delete the page.
CON-P435	/organisation/dr-ambedkar-foundation/about-us/	The hero standfirst is generic estate copy, not this organisation's: "Discover the Commissions, Corporations, Institutes and Foundations that work collectively towards social justice, inclusion and empowerment across India." Nothing on it mentions the Dr. Ambedkar Foundation.	Write a standfirst about the Foundation — its establishment, mandate and what it runs.
CON-P442	/organisation/dr-ambedkar-international-centre/bookings/	The booking office email is a Gmail account: "bookingdaic[at]gmail[dot]com", alongside a landline, as the only written channel for booking a Government of India conference facility.	Move bookings to a gov.in or nic.in address and publish that instead.
CON-P445	/organisation/e-anudaan/	The Social Media section ships unedited placeholder content: the Instagram card reads "@our profile" with "Follow us on Instagram to see our latest posts and reels." and a pink-orange gradient "Follow on Instagram →" button that matches nothing else on the estate.	Insert the real handle or remove the card, and restyle the button with the estate's own tokens.
CON-P446	/organisation/e-anudaan/	Beside it the Facebook card is a completely blank white panel — the header bar renders, the embed below it is empty.	Fix the embed or remove the card; never render an empty container with no empty-state message.
CON-P450	/organisation/e-utthaan/dapsc-nodal-officer-of-ministry-depa	Row 22 publishes the email "Niretexample[at]gmail.com" for the AYUSH nodal officer — a literal "example" placeholder, left in a live government directory.	Replace with the officer's real official address and audit the table for other placeholder values.
CON-P464	/organisation/national-commission-for-safai-karamcharis/citi	The charter's opening sentence reads "The National Commission for Safai Karamcharis is an-hoc non-statutory body constituted by the Ministry..." — "an-hoc" for "an ad-hoc".	Correct to "is an ad-hoc non-statutory body" in the source document and re-upload.
CON-P466	/organisation/national-commission-for-safai-karamcharis/main	This page's figures contradict the Commission's own "Total No. Of Deaths / Compensation" page on the same site: Andhra Pradesh 29/28/1 here against 28/27/01 there; Chandigarh 7 against 06; Chhattisgarh 5 against 06; Delhi 124/107 against 132/112; Goa 7/5 against 07/06; Haryana 124/100 against 132/99; Karnataka 96 against 107; Maharashtra 100/83 against 105/85.	Resolve to a single source of record, publish it once with an as-of date, and have the other page read from it.
CON-P472	/organisation/national-commission-for-scheduled-castes/benga	The crimes table is missing a column header: it shows "State Rate of Crimes against SC Conviction Rate" over four values — "Karnataka 1977 18.9 1.3" — so 1977 sits under no heading and 18.9 sits under the wrong one. The Guwahati and Lucknow offices show the same table with four headers, including "No. of Crimes against SC".	Restore the "No. of Crimes against SC" header so the four values align with four labels.
CON-P477	/organisation/national-commission-for-scheduled-castes/guwah	The Guwahati state office of a constitutional commission publishes a Gmail address as its official contact: "ncsc-guwahat[at]gmail[dot]com", where the Bengaluru and Lucknow offices use nic.in.	Publish a nic.in or gov.in address for the office.
CON-P478	/organisation/national-commission-for-scheduled-castes/guwah	Arunachal Pradesh is shown with an SC Population of 0 and an SC Population of 0%, and in the same row an SC Literacy Rate of 67.6 — a literacy rate for a population the table says does not exist. Nagaland shows 0 / 0 / 0 with an overall literacy rate of 79.55%.	Distinguish zero from not-reported: print an em dash and a footnote where a figure is unavailable.
CON-P485	/organisation/national-commission-for-scheduled-castes/rti/	The page states the Commission "has designated Public Information Officers (PIOs) and Appellate Authorities (AAs) to facilitate citizens' access to information" and then names none of them, gives no address and no email; it also says "In October 2005, it also published the Proactive Disclosures" with no link.	Publish the CPIO and First Appellate Authority with designation, address, phone and email, and link the proactive disclosure.
CON-P486	/organisation/national-helpline-against-atrocities/	The hero standfirst describes a different body: "A Constitutional Body under Article 338 of the Constitution of India. The Commission is established with a view to provide safeguards against the exploitation of Scheduled Castes..." Article 338 constitutes the National Commission for Scheduled Castes; this page is the National Helpline Against Atrocities.	Write a standfirst about the helpline: what it is for, who can call, and when it is open.
CON-P492	/organisation/national-institute-of-social-defence/contact-u	The email field is labelled "Gmail" and gives "directoroffice[dot]nisd[at]gmail[dot]com" — a commercial webmail address as the only written contact for the Director of a national institute.	Label the field "Email" and publish the institute's nic.in address.
CON-P498	/organisation/national-portal-for-transgender-persons/contac	The entire contact page is a number and a Gmail address: "nisdtghelp[at]gmail[dot]com". There is no postal address, no named officer, no office and no hours.	Publish an official gov.in address, the responsible office with its postal address, and the helpline's operating hours.
CON-P503	/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnap	Tamil Nadu is shown with 3,109 "Villages with Score 70+" but 3,110 "Submitted for Declaration" and 3,110 "Declared by State" — one more village declared than qualifies.	Reconcile the Tamil Nadu row against the MIS and add a validation that declarations cannot exceed qualifying villages.
CON-P505	/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnap	The section heading and the table header both read "Guidelines", while the page title and breadcrumb directly above them read "Guidelines".	Correct both instances to "Guidelines".
CON-P506	/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnap	Neither document on the PM-AJAY Guidelines page is a PM-AJAY guideline: "Model Guidelines on Care, Rehabilitation and Management of Beggar's / Shelter Homes" and "Operational Guidelines for SMILE (Support for Marginalized Individuals for Livelihood and Enterprise)- Beggary Scheme" both belong to SMILE.	Publish the PM-AJAY operational guidelines here and move the SMILE documents to the SMILE section.
CON-P518	/sewer-death-detail/ahmedabad/	For the four "Case Closed" rows the Amount column prints "0" — so the page reads that Sh Ramesh Kumar Singh, Sh Babubhai Kalubhai, Sh Maheshbhai and Sh Parshuram Katar received zero rupees in compensation for a death.	Print an em dash with a footnote explaining why a closed case carries no payment.

CON-P522	/tag/atrocities/	The page is completely empty; the heading "Tag: atrocities" is followed immediately by the "Need Support?" band — no results, no empty-state message, no explanation and no link onward.	Either populate the tag, render a written empty state with links to the atrocities pages that do exist, or return 404 and remove the URL from the sitemap.
CON-P538	/grants-suspended-list-blacklisted-ngos/	The "Action Taken by the Ministry" column records the same action five different ways — "Blacklisted", "Blacklisted on 27.08.2002 (No.36-19(4)/2001-DD-II)", "Blacklisted (DP-I) Drugs", "Blacklisted 04.05.2000-(DP-I)" and "Blacklisted(DD-II) dated 23.08.2001" — and most entries carry no date and no order number at all.	Give every row a date and an order number in one format, and link the order where it exists.
CON-P547	/nbcfdc-directory/	In a page titled "NBCFDC Directory", the Email column reads "NA" on every row and the Intercom column reads "NA" on every row; Contact Details holds one telephone number (01145854410) for the whole Board of Directors.	Publish the official desk email for each post, or remove columns the Corporation will not populate.
CON-P553	/organisation/dr-ambedkar-foundation/awards/	The page states "One award is given every year" for the Dr. Ambedkar International Award, but the list "Recipients of the Dr. Ambedkar International Award:" contains exactly two entries, 1999 and 2000.	Publish the full recipient list, or state plainly when the award was last conferred.
CON-P557	/organisation/dr-ambedkar-international-centre/contact-us/	The official contact address for the Dr. Ambedkar International Centre is given as "bookingdaic[at]gmail[dot]com".	Replace with the Centre's gov.in or nic.in address.
CON-P563	/organisation/nasha-mukt-bharat-abhiyaan/forum/	The first question on a public health forum reads "Q1. WHY ONE IS REPEATEDLY RELAPSE ?" — full capitals, broken grammar and a space before the question mark.	Rewrite as "Why do people relapse repeatedly?" and edit every submitted question before publication.
CON-P564	/organisation/nasha-mukt-bharat-abhiyaan/forum/	Raw user submissions are published verbatim in romanised Hindi with typos and no capitalisation — "Q3. Nasha se kaise bache", "Q5. Nese se chutkara kese mile", "Q6. sir sharab ne zindgi nark bana di hai upay bataye sharab chhodne ka" — and "Q2. What can Common people do to save the nation from nsha ?".	Edit and translate every published question, or render user questions in Devanagari with an English translation beneath.
CON-P570	/organisation/national-commission-for-backward-classes-ncbc/	The last group on the page is "2021-2022" and the newest document is "Hon'ble Chairman (15-02-2022)" — no minutes for 2022-23, 2023-24, 2024-25, 2025-26 or 2026-27.	Publish the outstanding minutes or state why they are withheld.
CON-P578	/organisation/national-commission-for-scheduled-castes/chenn	Four number formats appear in one two-row table: "72,147,030" (international grouping), "12,47,953" (Indian grouping), "14438445" (no grouping at all) and "1,96,325".	Store the figures as numbers and format them once, in the Indian convention.
CON-P581	/organisation/national-commission-for-scheduled-castes/kolka	The office description reads "The Kolkata State Office responsible for overseeing the states of West Bengal, Orissa, Sikkim, Andaman and Nicobar Islands." — the verb "is" is missing, "Orissa" has been the state of Odisha since 2011 (the table directly beneath says "Odisha"), and Andaman and Nicobar Islands is described as a state.	Rewrite: "The Kolkata State Office covers West Bengal, Odisha and Sikkim and the Union Territory of the Andaman and Nicobar Islands."
CON-P582	/organisation/national-commission-for-scheduled-castes/kolka	The Director of the Kolkata State Office is contactable only at "sckolkata21[at]gmail[dot]com".	Replace with the office's nic.in address.
CON-P585	/organisation/national-commission-for-scheduled-castes/news	The newest newsletter listed is "2024 / February" — a monthly publication with nothing for the last thirty-one months.	Publish the outstanding issues or state that the newsletter is discontinued.
CON-P587	/organisation/national-commission-for-scheduled-castes/state	The Ahmedabad office's only contact address is "ncscabad[at]yahoo[dot]in" — a Yahoo mailbox for a statutory Commission's regional office.	Replace with the office's nic.in address.
CON-P588	/organisation/national-commission-for-scheduled-castes/state	This page names "Smt. Anuradha Dusane" as "Deputy Director" of the Ahmedabad office, while the Kolkata State Office page names "Smt. Anuradha Dusane" as "Director" of Kolkata — the same officer holding two posts in two cities, with two different photographs.	Verify both records against the Commission's establishment list and correct the wrong one.
CON-P591	/organisation/national-helpline-against-atrocities/central-a	The Act's own name is wrong twice on one screen: the body text calls it "the Protection of Civil Rights (PCR) Act, 1955" with curly braces instead of brackets, and the download card beneath calls it "Protection of Civil Right (PCR) Act, 1955" — "Right" singular.	Use "The Protection of Civil Rights Act, 1955" everywhere, and "Rules, 1977" for the rules.
CON-P592	/organisation/national-helpline-against-atrocities/central-a	Footnote markers have been pasted into the statutory text as body characters: "(1) This Act may be called 1 [the Protection of Civil Rights Act], 1955." and "(3) It shall come into force on such date2 as the Central Government may...".	Re-key Section 1 from the Gazette text and render footnotes properly or drop them.
CON-P597	/organisation/national-portal-for-transgender-persons/about-	On the National Portal for Transgender Persons' "About Us" page the standfirst reads "Discover the Commissions, Corporations, Institutes and Foundations that work collectively towards social justice, inclusion and empowerment across India." and the body below is the Ministry's administrative history from 1985-86, its "Organization Setup" and a "Who's Who" of the Union Minister — with nothing about the transgender portal.	Write an About Us for the portal — what it is, what a TG certificate is, who can apply — and return the Ministry history to the Ministry's page.
CON-P642	/home-page/for-researchers/	A page titled "for Researchers" opens with "Here's how the Ministry empowers citizens like you." and offers six generic cards — Schemes and Services, Acts and Policies, Reports, Publications, Participate in Citizen Engagement, Get in Touch. Nothing on the page is addressed to or built for researchers: no datasets, no statistics series, no research archive, no data-request route.	Replace the generic card set with the Department's statistics, datasets, published studies and the data-request contact, and address the standfirst to researchers.
CON-P691	/organisation/national-commission-for-scheduled-castes/natio	The four column headings do not match their contents. Under "Scheme Name" sits a description ("To generate employment opportunities in rural as well as urban areas of the country..."); under "Benefits" sits a ministry ("Ministry Of Micro, Small and Medium Enterprises"); under "Ministry" sits the scheme name ("Prime Minister Employment Generation Programme (PMEGP)"). No column anywhere carries the benefits the heading promises.	Re-map the columns to Scheme Name, Description, Ministry and Link, and add a real Benefits column or remove that heading.
CON-P721	/organisation/senior-citizens-welfarescw/contact/	Three different departmental addresses are visible on one screen: the Postal Address block says "A-Wing, 6th Floor, Shastri Bhawan, New Delhi - 110001", the map card says "Room no. 202, 2nd floor C-wing, Shastri Bhawan, Central Secretariat, Kartavya Path, New Delhi, Delhi 110001", and the footer says "8th Floor, GPOA-3, Netaji Nagar, New Delhi-110023".	Publish one verified address for the Senior Citizens Welfare division and make the map pin and footer agree with it.
CON-P748	/organisation/national-commission-for-safai-karamcharis/tota	The state-wise table of sewer/septic-tank deaths is cut off after row 14, "Maharashtra", and the viewer above it reads "Page 1 of 1" with Next disabled — so every State/UT after M (Odisha, Punjab, Rajasthan, Tamil Nadu, Uttar Pradesh, West Bengal and the rest) cannot be reached at all.	Render the figures as an HTML table so all rows are present, or paginate the embedded document correctly.
CON-P751	/organisation/national-commission-for-scheduled-castes/leade	The page is empty. Below the heading "Leadership & Organisations" the content area ends immediately and the "Need Support?" band begins — no Chairperson, no Vice-Chairperson, no Members, no photographs, no organisational chart.	Publish the current Chairperson, Vice-Chairperson, Members and Secretariat structure, or unpublish the page until it has content.
CON-P767	/organisation/national-safai-karamcharis-finance-development	A page titled "Useful Links" contains no links. All eight entries — "National Scheduled Castes Finance and Development Corporation (NSFDC)", "National Portal of India", "Takashashila - NSDC" and the rest — are plain black body text, and the first line trails off as "Ministry of Social Justice and Empowerment Government of India :-".	Make every entry an anchor to the correct URL and remove the dangling ":-".
CON-P778	/organisation/national-scheduled-castes-finance-and-developm	The page titled "News & Events" carries no news and no events. It contains one bare link, "Short movie about NSFDC's Scheme", then a 190px empty band, then a "History" timeline running 1978, 1987, 1990, 1992, 2003 — content that belongs on an About/History page.	Move the timeline to the About section and publish dated news items and forthcoming events here.

CON-P812	/organisation/national-commission-for-backward-classes-ncbc/	The page is titled "Tour Reports" but every card on it is a community-name document typed "Advices" — "Uppara or Sagara", "Passi", "Kamariya", "Bhatial, Bhattia", each labelled "Type: Advices". Not one card is a tour report. The URL also carries the duplicate suffix "tour-reports-2".	Either point this page at the tour-report documents or retile it "Advices" and give tour reports their own page; drop the "-2" slug.
CON-P819	/organisation/national-commission-for-scheduled-castes/leade	The "Present Commission" section shows three cards: "Abhishek Nath — PA to Member", "Vacant(PA to Member1) — PA to Member" and "Uday Shankar & Monika — PS to JS-(Admin, Senior Citizen)". The Chairperson, Vice-Chairperson and Members of the National Commission for Scheduled Castes do not appear anywhere, and one card is literally titled "Vacant".	List the Chairperson, Vice-Chairperson and Members with their tenures, and move support staff to a separate directory.
CON-P834	/organisation/national-safai-karamcharis-finance-development	The entire Expression of Interest page is five lines of pasted calendar text: "Pre-bid meeting link regarding Tender id GEM/2026/B/7743923 / Tuesday, July 7 · 11:00am – 12:00pm / Time zone: Asia/Kolkata / Google Meet joining info / Video call link: https://meet.google.com/the-dycf-jqf ". The meeting date carries no year, and July 7 has passed relative to the page's own footer date of 20 Sep 2026.	Publish the EOI notice itself with issue and closing dates, scope and contact, and archive or date-stamp the pre-bid meeting entry.
CON-P856	/organisation/national-scheduled-castes-finance-and-developm	The entire Careers page body is the single sentence "Kindly check the latest job openings." There are no vacancies, no advertisement numbers, no closing dates, no archive, and the link (rendered purple) is labelled with the instruction rather than a destination; "Need Support?" begins 70px below it.	List current vacancies with post, number of posts, closing date and the advertisement PDF, and state plainly when there are none.
CON-P863	/organisation/national-scheduled-castes-finance-and-developm	The whole page body is one purple underlined link labelled "Performance and Achievements " — the same words as the page title, with a trailing space — followed by roughly 180px of empty space before the "Need Support?" strip. No figures, no years, no disbursement or beneficiary data appear.	Publish the year-wise disbursement, beneficiary and recovery figures on the page, with the source and the period stated.
LAY-P128	/organisation/pradhan-mantri-anusuchit-jaati-abhyuday-yojnap	The fifteen-column table is cut off by the viewport: the column headed "Total No. of VPD/IVDP generated" is clipped mid-word and at least one further column ("Total ...of VPD/IV... appro... by th... DLC...") is sliced vertically at x=1440, with no horizontal scroll affordance visible and the Total Count row's values for those columns unreadable.	Put the table in a scrollable region inside the page container with sticky first columns, or split it into Interim and Complete VDP tables.
MOB-P001	/contact-person/	On the phone the table is cut at the viewport edge: the "Telephone (O)" header is sliced to "Tel... (O)", the numbers show only "23", and the "Room No." column is entirely off-screen.	Stack the table into cards below 768px, as the Meta Data page already does.
MOB-P013	/organisation/nasha-mukt-bharat-abhiyaan/	On the phone the chat bubble sits over "NATIONAL DE-ADDICTION HELPLINE" and the right side of the white card holding "14446".	Suppress the launcher above the fold on this page, or move the helpline card clear of the corner.
MOB-P017	/minutes-of-screening-committees/	On the phone the table is rendered with its desktop columns intact and overflows the viewport: a fifth column is sliced off at x=715 and the "FileSize" and "Action" columns are entirely off-screen, while the Title column wraps to one or two words per line ("Minutes of / the / Meeting of / the / Screening").	Stack the table into cards below 768px, as the Newsletter page does.
MOB-P019	/policies-acts-rules-codes-circular/	On the phone the table keeps its desktop columns and overflows: "End Publi[sh] Date" is sliced at the viewport edge, "FileSize" and "Action" are entirely off-screen, and the right-edge "Important Links" tab sits on top of the header row.	Stack the table into cards below 768px.
MOB-P020	/organisation/dr-ambedkar-foundation/	On the phone the hero overflows the viewport: the H1 is cut to "Dr. Ambedkar Foundatio" and the quote below loses the end of five lines — "Committee o", "Dr. B.R.", "the Prim", "to carry [out] the", "of Dr Ambedkar's ideology and".	Constrain the hero to the viewport width and allow the heading to wrap.
MOB-P027	/grants-suspended-list-blacklisted-ngos/	On the phone the table overflows the viewport: the "Action Taken by the Ministry" column is entirely off-screen and the NGO names are cut mid-word — "Association of Moral Guide and Servic", "At/P.O.Distt.Nayagar".	Stack the table into cards below 768px, name first and action beneath it.

Standards Audited Against

Standard	Status	How it was checked
GIGW 3.0 NIC / MeitY	Mandatory	Every clause that can be verified from outside: mandatory pages probed, footer read, WCAG tested (below), headers, HTTPS, IPv6, page weight, archive, last-updated.
DBIM 3.0 MeitY	Mandatory (brand)	All 80 checkpoints (46 generic + 34 ministry): NIC in May, re-audited 10–11 Sep, every open failure re-checked on 21 Sep.
UX4G 3.0 NeGD / MeitY	Recommended	24 design-system checkpoints on 10–11 Sep; type-scale and target-size checks on all 105 captured screens on 18 Sep.
GuDApps NIC	Best practice	Applied to data shown on the site (figures, tables, dates). The site has almost no forms.
RPwD Act 2016 §40 Government of India	Law	Through WCAG and GIGW accessibility, below.
IS 17802 (Parts 1–2) BIS	National standard	Not audited separately; its web requirements align with WCAG 2.1 AA, which was audited.
DPDP Act 2023 Government of India	Law	Cookies and third-party calls before any choice (fresh browser); privacy policy read; personal emails found by crawl.
RTI Act 2005 §4(1)(b) Government of India	Law	RTI and Contact pages read against §4(1)(b).
Official Languages Act 1963 Government of India	Law	Hindi edition, Hindi search and Hindi documents checked.
MDDS MeitY	Standard	Record fields spot-checked; head metadata read on every page by crawl.
WCAG 2.1 Level A and AA W3C	International (adopted by GIGW)	axe-core 4 on 143 pages; Lighthouse on 6; by hand on every template: keyboard, 200% zoom, High Contrast, reduced motion, text spacing, print.
WCAG 2.2 AA additions W3C	International	2.4.11 and 2.5.8 tested (both fail); 3.2.6 passes (the help band sits in the same place on every template); 2.5.7, 3.3.7, 3.3.8 not applicable — no dragging, no multi-step forms, no sign-in on this domain.
WCAG 2.1 Level AAA W3C	Beyond requirement	Checked criterion by criterion on the templates; reported as lower severity.
WAI-ARIA 1.2 W3C	International	axe-core, plus by hand on the menu, carousels, drawer and accordion.
HTML Living Standard WHATWG / W3C	International	html-validate on 10 templates. The W3C Nu validator could not be used: the hosted one refuses automated requests and the local one needs Java, which is not installed.
PDF/UA (ISO 14289) ISO	International	57 working PDFs sampled across every section: tagging, text layer, title, language.
Core Web Vitals / Lighthouse 13 Google	Industry	Lighthouse (mobile profile) on 6 pages; layout shift re-measured on desktop and phone.
OWASP ASVS V14 / Secure Headers OWASP	Industry	Response headers read on the live site. No intrusive testing.
ISO 9241-110 / -151 ISO	International	Applied to navigation, information architecture and page states.
Nielsen's 10 heuristics NN/g	Industry	Expert review of every template.
Gestalt and typographic craft —	Design practice	Design review of every template and all 342 bespoke pages.
Figma handoff design DoSJE project	Approved design	Build compared with design on 105 screens (18 Sep).

Not Covered

Screen-reader testing (NVDA, JAWS, VoiceOver)	Not done. Automated and keyboard testing only; a screen-reader pass should precede sign-off.
Physical devices	Phones and tablets were emulated in Chromium, Firefox and WebKit, not tested on real handsets.
CSS validation	Not run; low value against the issues above.
Security testing (VAPT)	Out of scope — needs authorisation; only public headers were read.
STQC certification, hosting and data residency, CMS approval workflow, backups	Cannot be established from outside; left out of this register because they are not design or development work.

Resolved and Withdrawn

Kept so they are not raised again.

Fixed Since First Reported

Reported as	Now	Checked
NIC G18 — Mouse hover prompts a noticeable change	Colour and underline transitions on all clickable items	CA 10 Sep
NIC G32 — Thumbnail images under 100 KB	Measured 12–60 KB	CA 10 Sep
NIC G40 — Central Content Publishing System integrated	CCPS serves the home carousel banner (ccps.digifootprint.gov.in) — tracker T16 can be closed	CA 10 Sep
NIC M20 — Videos captioned and dated	Not applicable — no video is published on the site; the Video Gallery embeds the YouTube channel	CA 10 Sep
NIC M32 — Forms keyboard-friendly	Search and feedback are keyboard operable (but see ACC-01: the page locks on the first Tab)	CA 10 Sep
NIC M25 — Titles Dr./Shri/Smt. used uniformly	Passes on the home-page ministers; tracker T34 reports inconsistency in team listings — see BRD-13	CA 10 Sep
NIC G12 · G13 — Left-aligned body text; no capitals for long text	Pass on the pages sampled; the full crawl still finds 22 justified pages and 125 all-caps titles — see TYP-07, CON-20	CA 10 Sep · crawl 20 Sep
NIC G42 (part) — Cookie consent banner shown at the bottom	A banner with Accept All / Reject All now appears — but it does not stop tracking; see SEC-01	Re-verified 21 Sep
NIC G29 (part) — National Emblem file size	The emblem now rendered is 98 KB; Babuji-Photo.png is still 1.74 MB — see BRD-08	Re-verified 21 Sep
NIC M5 (part) — Homepage banners at a DBIM size	All five hero banners are 1800×600 (tracker T20); the PM Quote component is still missing — see BRD-11	CA 11 Sep
Tracker T15 (part) — “Studentsh” spelling	Gone sitewide; other misspellings remain — see CON-10	CA 11 Sep
NIC G41 — Consent banner in the chosen language	Partly: the banner follows the chosen language; the Hindi text repeats a sentence (LNG-01)	21 Sep

Withdrawn or Corrected

Earlier claim	What was found	Checked
National Portal link missing	The “Government of India” link in the top bar goes to https://india.gov.in/ (new window). The earlier claim was wrong.	21 Sep
Layout shift 0.66 on Gallery, 0.39 on Schemes, 0.21 on Tenders	Re-measured the same way on 21 Sep: 0.10, 0.052, 0.075 — within the 0.1 target. Only Lighthouse's slow-phone simulation of the home page exceeds it (PRF-06).	21 Sep
Emblem SVG at 196 KB	The rendered emblem is now a 98 KB file.	21 Sep
Seven “empty column” / “blank map” findings	Sidebars are sticky and follow the scroll; maps render. A full-height screenshot had made them look empty.	19 Sep
Footer scaffolding visible	“Open this select menu / One / Two / Three” sits inside an HTML comment; it is not visible (kept as COD-06, a clean-up).	20 Sep
253 page findings from mis-named screenshots	64 pages shared a screenshot file name with a sibling; those pages were re-captured and re-reviewed from scratch.	20 Sep
Three page findings that did not reproduce	Including a misspelt download label and a stuck map loader.	20 Sep
One machine rule (882 pages)	The characters it flagged render correctly in a browser.	20 Sep
194 design-QC rows	Withdrawn by the design QC itself on 18 Sep — sample content in repeated templates, merges, and values that matched on re-capture.	18 Sep
SEC-03 — cookie banner not translated	The banner changes to Hindi with the rest of the page.	21 Sep
UX4G finding 7 — body line height too tight	Measured at 1.5× the font size, which meets WCAG 1.4.12 and UX4G.	21 Sep
UX4G finding 26 — “Swachhata Hi Seva” text garbled	The text is not on www.dosje.gov.in; it is in hidden markup of another site.	21 Sep
BRD-09 — banner text embedded in the image	The banner with text in it is the Mann Ki Baat banner, published through CCPS as DBIM requires. The Department's own four banners carry no text. Re-scoped as ACC-22.	21 Sep
“2,000+ numbered addresses”, “400 pages missing from the sitemap”, “46 duplicate groups”	Recounted from the page lists: 1,948 numbered addresses, 296 pages missing from the sitemap, 106 duplicate groups.	21 Sep
“4,040 caste-list and hearing documents”	Not reproducible from the crawl. Recounted: 693 NCBC hearing and tour-visit records among 5,994 document pages (NAV-04).	21 Sep
CON-01 as first written — “scam-style job adverts”	The listings are a live National Career Service feed and link to ncs.gov.in. Re-scoped as a labelling issue (CON-01, now Minor).	21 Sep
GIGW references \$3.1, \$4.1, \$6.2 and similar	Those numbers are not GIGW 3.0 guidelines. Every issue now cites the guideline number printed in GIGW 3.0 (5.x.y), linked to its page.	21 Sep
