Persons Engaged in Begging

De-notified, Nomadic and Semi-Nomadic Tribes

A Explore User Personas

ON THE SITE TODAY

One group at a time. Kept as it is.

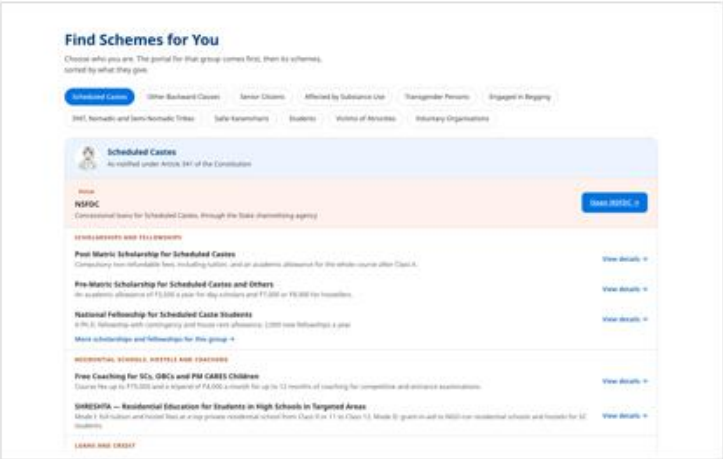

B Two Questions

RECOMMENDED

Who you are, then what you need. Ends with the schemes and a link to see them all.

C One Tap

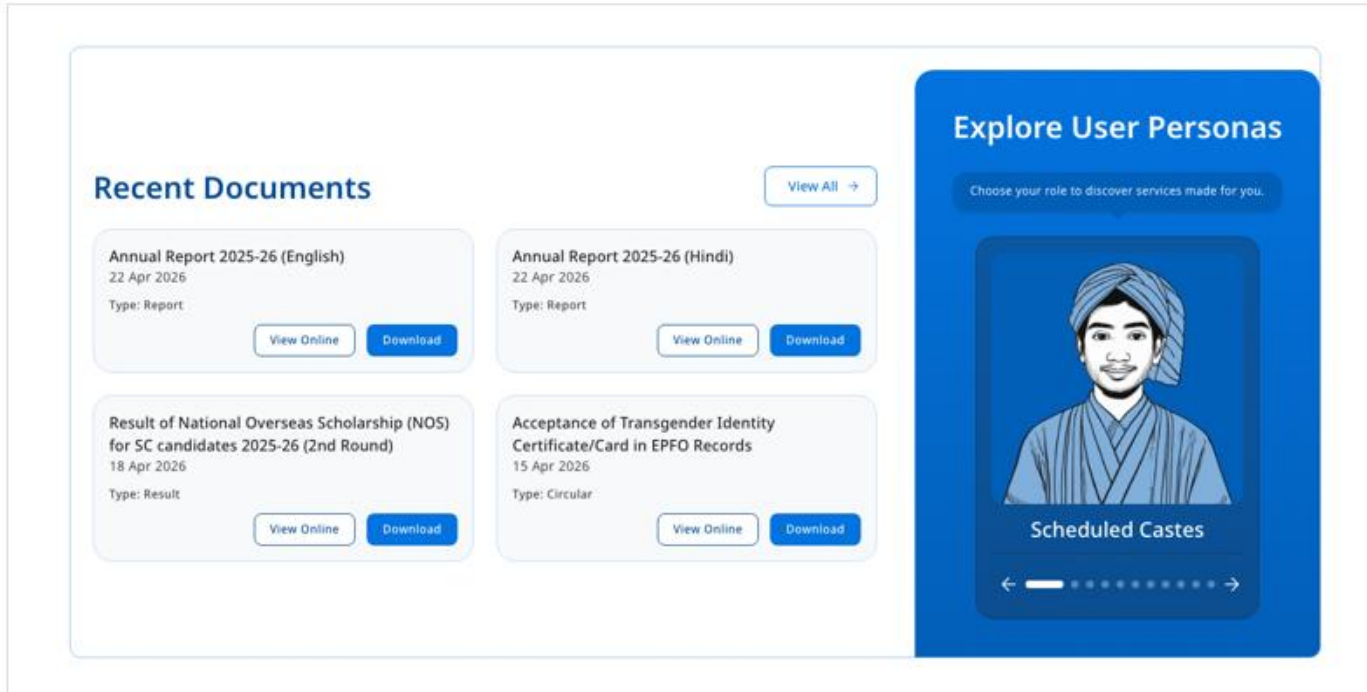

COMPANION TO B

Pick your group. First the portal for that group, then its schemes.

Explore User Personas

ON THE SITE TODAY

The panel as it is on the site today.

WHAT IT IS

The panel already on the home page. It shows one group at a time, and you move between them with the arrows.

HOW IT WORKS

- Tap the arrows to move between the groups
- Tap a group to open the Schemes page for that group

WHY IT HELPS

- Already on the site, so nothing new to build
- The pictures work in any language

A scheme naming your group as its target group is not a decision on your application — the sanctioning authority decides that.

WHAT IT IS

Two short questions on the home page: who you are, and what kind of support you need.

HOW IT WORKS

- Question 2 can be skipped, which shows everything for the group
- The answer shows the first three schemes, each with a link to its own page
- One more link opens the Schemes page, already filtered to the same two answers

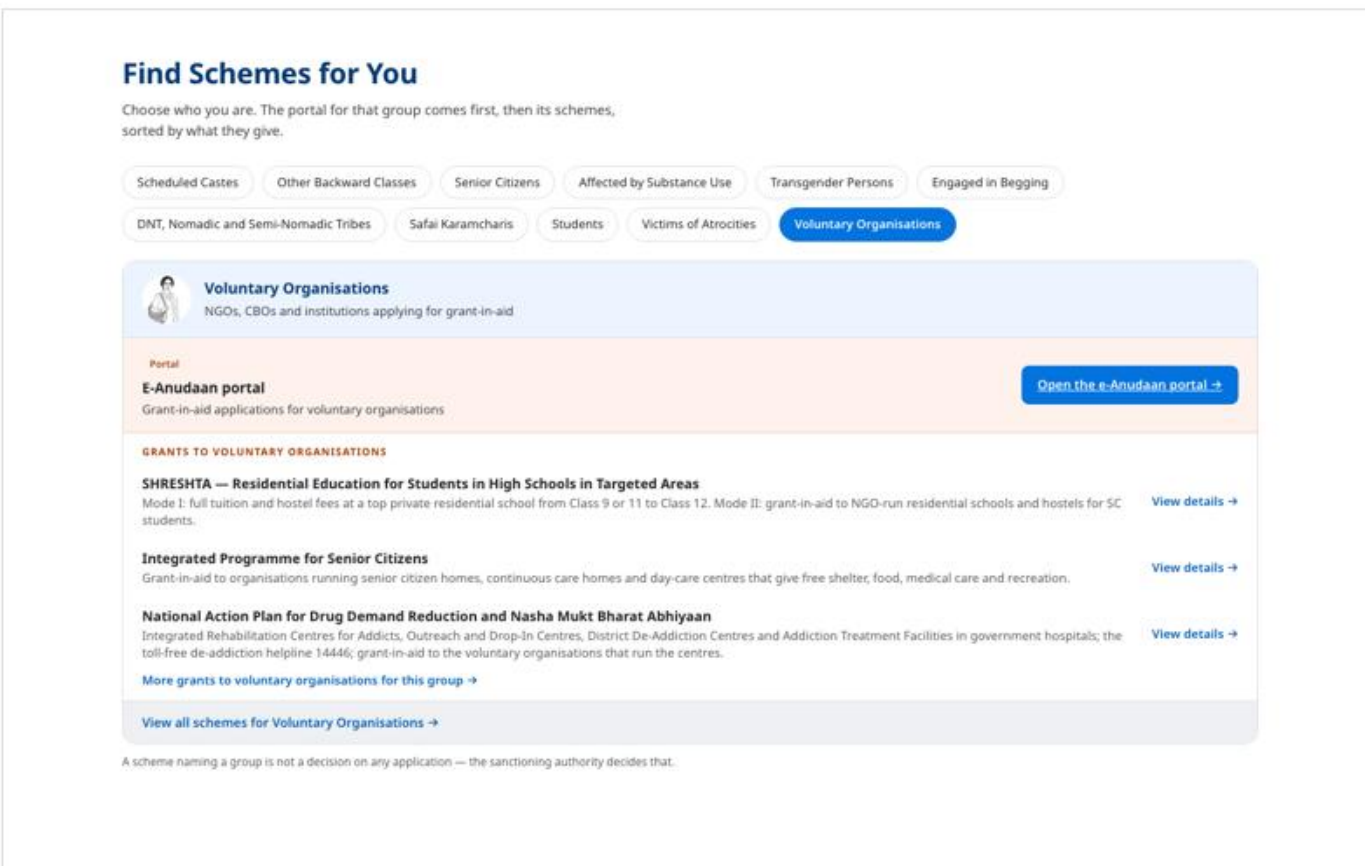

WHY IT HELPS

- Both questions change what you see; nothing is asked for its own sake
- A visitor gets an answer without leaving the home page

□ Recorded: Scheduled Castes, then Scholarships. Then Senior Citizens with the second question skipped.

One Tap

TO BE BUILT

WHAT IT IS

A row of the groups. Pick yours and the schemes appear. No questions asked.

HOW IT WORKS

- The first band is the portal or helpline the Department runs for that group
- Below it, the schemes for the group, sorted by what they give
- Each scheme links to its page, and one link opens the full list

WHY IT HELPS

- One tap and nothing to answer
- The portal a group already uses comes first

□ Recorded: Scheduled Castes, Senior Citizens, Transgender Persons, Voluntary Organisations. One tap each.

Two Options

Where a person lands from the home page, and where officers and voluntary organisations work. Both use the same two filters.

A Pictures of the Groups, with Cards

WHAT IT IS

Filters down the left, a table on the right. Tick who it is for and what kind of support you need.

HOW IT WORKS

- The two filters work together
- A filter that would leave nothing is greyed out, with no number beside it
- Ten rows a page; each scheme links to its page

WHY IT HELPS

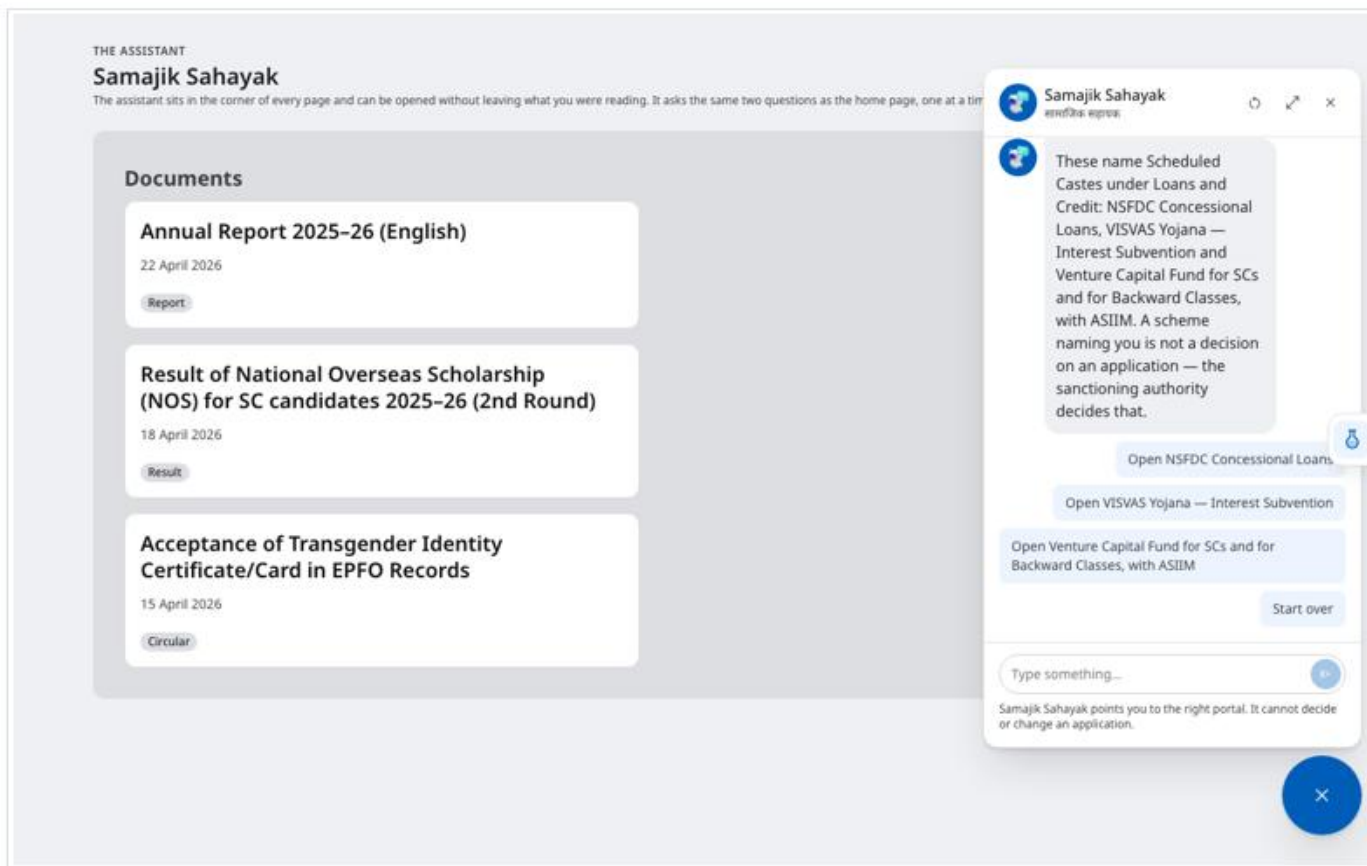

- Two schemes can be read side by side
- The table has room to say who each scheme is for

□ Recorded: Other Backward Classes with Scholarships, then Loans added, then one filter removed.

Samajik Sahayak

ON THE SITE TODAY

RECOMMENDED

□ Recorded: the assistant opened from an ordinary page. Scheduled Castes, then Loans and Credit.

WHAT IT IS

The chat button in the corner of every page asks the same two questions, one at a time.

HOW IT WORKS

- Pick your group, then the kind of support
- The reply names the schemes and offers to open each one
- It reads the same list as the home page, so the answers always match

WHY IT HELPS

- Reachable from every page, even one that leads nowhere else
- One question per screen suits a phone

FIRST

Before Anything Is Built

Whichever options are chosen, three things come first.

1 Confirm the two lists

The eleven groups and the eight kinds of support, checked by the divisions that own them, including whether every group should be named on a public page.

2 Tag every scheme on both lists

Each scheme record says who it is for, what it gives and where to apply, with a source on every row. The divisions check their rows.

3 Estimate the re-tagging

The website's catalogue tags each scheme once, on one list. Tagging every scheme on two lists is the development work every option needs.

The design team supplies the lists and the tagged records. The divisions check them. The development team estimates the re-tagging.

WHICHEVER OPTIONS ARE APPROVED

Three Rules

It names the group. It never decides the case.

No screen and no message says a person is eligible. The office that sanctions the scheme decides every application.

It asks two things. It stores nothing.

No sign-in, no Aadhaar, no phone number, no income. The answers are picked from a fixed list, never typed.

It shows no numbers.

No count of schemes on any screen. The only figures are the helpline numbers the Department publishes and the amounts its Annual Report states.

These hold for all six options and are not traded away for speed.

IN SUMMARY

What the Design Team Recommends

The home page	Option B, with A kept	It answers the question a visitor arrives with
The Schemes page	Option B — filters with a table	It is where people compare
The assistant	Yes — the same two questions	It reaches the person who is already lost on a page

The three parts are decided separately. Whichever is chosen, the two lists and the tagging come first.
